

JUNG QUALITY SEEDS

The Products of Jung's Seeds are Unexcelled

DELUXE VEGETABLES FOR 1949

GIANT TENDERGREEN BEAN

GREEN POD BUSH BEAN

Giant Tendergreen

Immense Yields, Giant Tender Pods. Absolutely Stringless. A new green podded bush bean, very productive. Absolutely stringless and bears heavy crops of the long handsome pods that are more tender and brittle than any other variety. The pods are 5 to 6 in. long, round and thick, very meaty, stringless, and of finest flavor. Bushes are unusually strong and vigorous. This variety easily ranks as the most desirable green podded bush bean. Pkt. 10c; 1/2 pt. 30c; pt. 45c; qt. 85c.

BEST OF ALL

"BABY" OR CANNING BEET

Best of All

Unexcelled for Home or Market Gardens. Deep Red Throughout. No Light Zones.

A new Beet that will please the most critical planter. Ready to use in 50 or 55 days. Beets are deep red in color with no white rings or zones, globe-shaped and very tender and sweet. A splendid variety for pickling, bunching or canning as they are always smooth and uniform. We consider this one of the finest Beets for either the home or market gardens. Pkt. 8c; oz. 18c; 1/4 lb. 50c; lb. \$1.75.

SPECIAL OFFER No. 49

One pkt. of each of these Five Superb Vegetables for 50c

JUNG'S HONEY CREAM

EXTRA EARLY SWEET CORN

Jung's Honey Cream

Dwarf in Growth, Requires Little Space, Deliciously Sweet and Tender.

This superb sweet corn is the result of over 15 years of intense selection under the personal supervision of J. W. Jung, the demand always exceeds the supply of seed we have been able to grow. It is, by far, the most tender and delicious of all Sweet Corns, plant it once and you will want it every year as for quality it stands at the head of the list. It is very early, the stalks are dwarf and may be planted much closer than the larger varieties. Many stalks produce 2 and 3 ears which are well filled with snowy white kernels. As the seed is small in size much less is required than with other varieties. Pkt. 12c; 1/2 pt. 30c; pt. 55c; qt. \$1.00.

EARLY SUREHEAD LETTUCE

EARLY SUREHEAD LETTUCE

A specially selected strain of lettuce that is ready to use early and sure to form heads. Outer leaves are medium green while the center or heart blanches a rich creamy yellow. By planting this variety you can grow head lettuce as easily as radishes. Sow the seed early and as soon as well started thin out plants to stand 4 to 5 in. apart in the rows. Pkt. 8c; 1/2 oz. 15c; oz. 25c.

WISCONSIN "55" TOMATO

WISCONSIN "55" TOMATO

This superb new tomato was developed by Dr. John C. Walker and Dr. James Kuntz of the University of Wisconsin, their aim was to produce a tomato superior to anything thus far available. It ripens as early as John Baer and has all the good qualities of Stokesdale and Rutgers. Compared to these it has larger fruit, no shoulder cracks, no blossom end rot, ripens evenly, is uniform in size, has a strong skin and solid walls so makes an excellent shipper. It is also resistant to defoliation diseases, early blight and leaf spot, thus far it has out-yielded other varieties by 30%, you will find this to be the top ranking tomato. Certified Wis. grown seed: Pkt. 15c; 1/4 oz. 30c; 1/2 oz. 50c; oz. \$1.00; 1/4 lb. \$2.50.

JUNG'S SEED ANNUAL FOR 1949

J. W. JUNG SEED COMPANY

Quality Seed Growers

RANDOLPH

WISCONSIN

KEYSTONIAN BUSH BEAN

Mrs. John G. Dresen, Wis.—I always can tell the difference when I use your seeds. To me there are no other seeds that can compare with JUNG'S. They are the best.

TENDERCORE CARROT

CAVALIER RADISH

BUTTERCUP

JUNG'S GARDEN LEADERS

The ten excellent vegetables offered below are varieties we highly recommend. You should have them in your garden as they will please and delight you in every way.

EARLY WONDER BEET

Early Wonder Beets

This splendid variety is extremely early, of perfect globe shape and of finest quality. It is a fine selection of blood red beet, extremely smooth and of symmetrical growth, fine rich color and desirable shape. In quality and color it is peerless, very fine grained, tender and sweet, never woody or stringy. The tops are small, making it a good forcing variety. Pkt. 8c; ½ oz. 12c; oz. 20c; ¼ lb. 60c.

GOLDEN BANTAM

CUCUMBER

Straight Eight

Unexcelled for Shipping, Slicing or Pickling

This fine new cucumber received the All American Gold Medal as one of the most outstanding vegetables of the year. It is one of the finest shipping cucumbers as the fruit is deep green, free from objectionable light striping and is very uniform in size, usually about 8 in. long, 1½ in. in diameter, well rounded but not tapered ends. A fine cucumber for either home or market garden as it yields heavily and can be used for shipping, pickling or slicing. Pkt. 10c; oz. 20c; ¼ lb. 60c; lb. \$2.00.

LETTUCE

Jung's All Cream

This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative fine quality. The leaves grow upright, the upper part of the outer leaves turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. It grows quickly, is ready for use early and remains for weeks. It is the cream of all sorts and should be grown in every garden. Pkt. 8c; ½ oz. 15c; oz. 25c; ¼ lb. 85c.

WISCONSIN BALLHEAD

Disease Resistant Cabbage

"WISCONSIN BALLHEAD"

This variety has proved to be very resistant to the cabbage disease known as "yellows" which destroys the crop in many sections. A splendid variety for shipping as heads are solid as a rock, also an unusually good keeper. If you grow cabbage for shipping or want something that will keep through the winter, plant this variety. Pkt. 8c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.25.

STRAIGHT EIGHT

JUNG'S ALL CREAM

JOHN BAER

SUPERB GREEN POD BUSH BEAN

Keystonian

Long Straight Pods. Immense Yields. Tender and Stringless. A remarkably fine bush bean that has the hardness, quality and productiveness so that it will soon replace many other varieties. Grows sturdy upright bush and bears an abundant crop of long straight pods. Pods are 6 to 6½ in. long, round, stringless and free from all fibre and remain in edible condition for a very long time. An excellent variety for either canning, freezing, shipping or the home garden. Pkt. 10; ½ pt. 30c; pt. 45c; qt. 85c.

CARROT

Tendercore

Handsome Appearance. Superb Quality

A superb new Carrot combining the fine qualities of its parents Nantes and Chantenay. They grow 5 to 6 in. long, about 2 in. in diameter at the shoulder and taper slightly to a blunt point. A highly attractive carrot and of excellent quality with practically no core; intense orange-red flesh, very crisp, tender and of superb flavor. Pkt. 10c; ½ oz. 20c; oz. 35c; ¼ lb. \$1.00; lb. \$3.25.

Extra Early Radish

"CAVALIER"

Superb Quality. Rapid Grower. Striking Appearance.

A superb new extra early Radish which has been rigidly selected and will meet the most exacting demands of any gardener. Roots are bright scarlet, olive globe shaped and run very uniform in size and color. Flesh is crisp, firm and mild in flavor, slow to become pithy. Tops are small, making it an ideal variety for bunching. Pkt. 8c; oz. 15c; ¼ lb. 40c; lb. \$1.25.

Making A Garden

We have prepared a booklet of valuable information on growing Vegetables and Flowers. You may have a copy free with your order. Ask for it.

The Quality Squash

"BUTTERCUP"

Superb Quality. Excellent Keeper. Heavy Yields.

A splendid winter squash developed by Prof. Yaeger of the No. Dak. Exp. Station. The squashes weigh 3 to 5 lbs., are dark green in color, mature early, and are excellent keepers. Flesh is very thick, deep orange in color, very sweet, and entirely free from fibre of any kind. The Highest Quality Winter Squash. Pkt. 10c; oz. 20c; ¼ lb. 65c.

TOMATO

Jung's Private Stock "John Baer"

This is a widely grown and very popular early Tomato. First fruits ripen early and it continues to bear for a long time. Plants are vigorous growers and bear the large, smooth red fruits in great quantities. It has always been a great favorite with our customers. Market gardeners, with whom earliness is a great factor will find that our northern grown seed will produce a crop that will ripen earlier, produce a larger crop and more solid fruit than seed grown further south. Plant JUNG'S JOHN BAER once and you will not be without it again. Price of seed of our own growing: Pkt. 8c; ½ oz. 35c; oz. 60c; ¼ lb. \$1.50; lb. \$5.25, postpaid.

SUPER SELECT JOHN BAER—For gardeners who want something extra special we offer seed of this fine tomato that was saved from a few extra choice plants. This seed is only from the earliest or crown-set fruits. Sure to please. Pkt. 15c; ½ oz. 65c; oz. \$1.00; ¼ lb. \$3.00.

1907 For Better Gardens and Finer Flowers, 1949 Plant "JUNG'S Seeds, Plants and Shrubs"

That time of year has arrived when our thoughts turn to gardens and growing things, and we commence to plan for this coming season. The resulting crop will depend very much on what kind of seed is sown

Without good seeds the most fertile soil and best care will not produce a profitable crop. It pays to sow the very best seed you can obtain, for their cost is very small compared to the resulting crop.

Jung's Seeds enjoy an enviable reputation for "quality", for forty-one years we have been growing and selling seeds to an ever increasing number of customers in all parts of the United States, as well as foreign countries. The fact that these planters order from Jung's year after year is the best evidence that our Seeds, Bulbs, Plants and Shrubs are giving satisfaction.

We probably grow on our own farms a larger proportion of the seeds we sell than any other seed house in the United States. The selection of foundation seed, care in growing, harvesting and cleaning is under the supervision of experienced men whose first consideration is always to produce seeds, bulbs and plants of the highest quality.

You can send your orders to us with every assurance that your order will be filled with Seeds, Bulbs and Plants of as good quality as human effort and nature can produce.

Our thanks are hereby expressed to our thousands of customers for the orders you have sent us the past season and also the many testimonials of the fine results you have had from using our products. Your kind words spur us on to ever increasing efforts to produce still better Seeds and Plants wherever this is possible.

J. W. JUNG SEED CO.

INSTRUCTIONS ON ORDERING

With each catalog we enclose an order sheet and self-addressed envelope. Be sure to write your name and address on order sheet. After writing down the list of articles wanted place same together with remittance in the envelope. Remittance may be made by Money Order, Bank Draft or Check, amounts of 50c or less may be sent in clean postage stamps. You will be surprised how easy it is to make out your order and how soon the seeds will reach you after the order is sent in.

Please Use Order Sheet On Last Page

PREPAID DELIVERY CHARGES AS FOLLOWS

Except where noted we pay the postage on all seeds offered by the packet, ounce, quarter-pound, pound, half-pint, pint, and quart; also on all bulbs and plants offered in quantities up to 200. On plants in lots of 200 or more purchaser pays charges. On seeds offered on wholesale page, also farm seeds in quantities of over 3 pounds we do not pay charges.

WE GUARANTEE SAFE DELIVERY

If any parcel of seeds, plants or bulbs reaches you in bad condition advise us at once and we will refill the order free of charge or refund your money. Also if any goods you receive from us are not satisfactory in every way they may be returned and your money will be refunded.

OUR RESPONSIBILITY

You are absolutely safe in sending your order to us. Any seeds that are not satisfactory upon arrival may be returned and your money will be promptly refunded.

DISCLAIMER

"The J. W. Jung Seed Co. gives no warranty, express or implied, as to productiveness of any seeds, bulbs or plants it sells and will not be in any way responsible for the crop. Our liability, in all instances, is limited to the purchase price of the seed."

C. O. D. ORDERS

We do not advise shipping orders c.o.d. as there is an extra charge of 25c on each shipment and also a delay of a few days. However, if wanted we will ship C.O.D. if one fourth of the amount of order is enclosed when goods are ordered.

ORDERS PROMPTLY FILLED

Under normal conditions we will fill orders for seeds within 48 to 72 hours after they are received. If your order includes potatoes, bulbs, plants, etc., which cannot be safely sent in cold weather, these items will be sent when safe to ship or at proper time for planting.

ERRORS OR MISTAKES

We are only human and will make errors; however, when a mistake does occur we are glad to have our customers write us so that it may be corrected. Always keep a copy of your order to check over the goods when you receive them; often people will write us that they ordered some items which they did not receive but upon looking up their orders we find that the items claimed to be short were not ordered.

Order Early

Transportation, including parcel post, express and freight, are overburdened and service is not as prompt as formerly. For this reason order early, you may not get the seeds and plants you want and not get them in time if you delay ordering until spring. Play safe by ordering early.

Gardening Instructions FREE

We are not satisfied to only sell you good seeds, we also want to see you have the finest garden in your neighborhood as this is the best "ad" we can have. At considerable expense we have gotten up complete cultural instructions for both Vegetables and Flowers which we send free when requested with every order. You will get much valuable information from these instructions.

This startling

CONTRAST

NORMAL GROWTH | FED WITH HYPONEX-AND-WATER

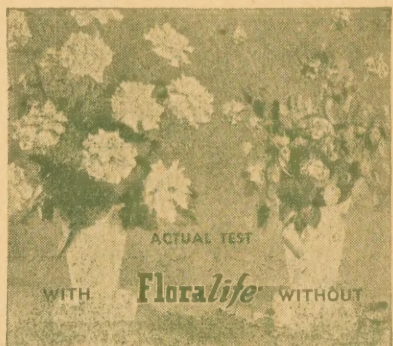

Grow stronger plants, larger and more flowers indoors or out. Modern science aids Nature for astonishing results in soil, sand or barren earth

This is a highly concentrated and well balanced fertilizer for pot or house plants, roses, ferns, and also for outdoor flowers and shrubs. It increases the foliage and improves the color and size of blossoms. Odorless and harmless. HYPONEX is sure to bring forth healthy plants and lots of flowers. 3 oz. can makes 18 gal. 25c; 1 lb. can makes 96 gal. \$1.00; 2 for \$1.85.

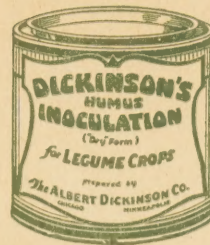

FLORALIFE

This preparation more than doubles the life of florist or home grown bouquet flowers, it makes buds open wide and expands size of blossoms. It retards wilting, maintains fragrance and there is no need to change water or clip ends of stems. Pkt. (enough for 2 qts. water) 10c; 3 pkts. 25c; 30 qt. size pkg. \$1.00.

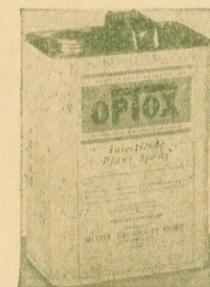

Dickinson's Humus Inoculation

Will Increase Your Crops of
Beans, Peas & Sweet Peas

This is a compound which when applied to the seed before planting promotes stronger healthier growth, hastens maturity, increases the crop, improves the quality and also enriches the soil. It is for legume plants such as Beans, Garden Peas and Sweet Peas. In the case of Sweet Peas larger and finer flowers will be had and in Garden Peas and Beans your crop will be much heavier and of finer quality and you can pick more pods from each plant. It is easy to apply as it is put up in powder form and will stick to the seeds, no water is necessary and it can be used a little at a time. Garden size Pkt. (enough for 10 lbs. of seed) 15c; 2 for 25c. Bu. size for Beans or Peas 50c.

OPTOX

PLANT SPRAY

On our Seed Farms and Nurseries we have tried out many different Plant Sprays but thus far have had the best results with Optox, especially for cucumber bugs.

This spray is deadly to insects but absolutely harmless to humans, birds and animals. Will not "burn" delicate leaves on tender flowers. While this spray has always been good it is even stronger now as new ingredients have been added, it contains no DDT. Optox costs a little more than some others but you will find it to be the cheapest when results are compared.

Easy to use as all that is necessary is to add water. Full instructions with every bottle or can.

DU PONT GARDEN DUST

We can highly recommend this preparation as it may be used either as a spray or dust. It will not only protect your plants from insects of all kinds but will also prevent diseases such as blight, rust and wilts. Especially good on potatoes and tomatoes as it will keep the vines green and healthy, also for flowers such as roses, phlox and others that are subject to blight rust or mildew. This combination formula is all that is needed, not necessary to use several different sprays or dusts. Full instructions on every can. 1 lb. can \$1.20, postpaid.

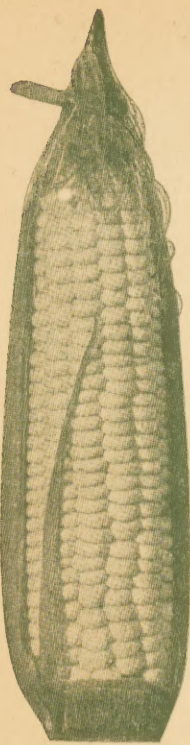

COLOSSAL GLAD

JUNG'S COLLOSSAL GLADIOLI

These are mammoth sized bulbs, 2 1/2 in. and up in diameter, and are for those people who want something extra special. The bulbs will grow plants 4 to 5 ft. tall and the flowers will be truly giant in size, many of the bulbs will grow 2 and 3 spikes of flowers. Only the very choicest varieties are used and whether you order 3 or a dozen bulbs no two will be alike. Only a limited quantity is available. Order early. 3 for 40c; 6 for 75c; doz. \$1.35, postpaid.

NO "LETUP" IN QUALITY

While very many things which you purchase now are not the quality they were in previous years this is not true with anything you purchase from us. The same high standards upon which we built up our business are still in effect and you can order Seeds, Plants, Shrubs and Bulbs from Jung's with the full assurance of "Top Quality" in every way.

WIS. "800"

ALLGOLD WAX BEANS

FREE SEEDS

The fine Flowers and Vegetables listed below are special selections, things that you will be proud to have in your garden and which you will delight in showing to your friends. These are offered as a premium, you may select one pkt. for each 50¢ worth of seeds and plants ordered but not more than 6 pkts. to a customer.

ALLGOLD WAX BUSH BEAN—Grows very vigorous bushes which produce a heavy crop of pods which are 5 to 6 in. long, stringless, crisp and tender and of superb flavor.

WIS. "800" SWEET CORN—An extra early hybrid sweet corn developed at the Univ. of Wis. Produces ears 6 to 7 in. long which are well filled with luscious tender deep golden kernels.

OAK LEAF LETTUCE—A distinct Lettuce of excellent quality and one that does not become bitter in hot weather. Leaves are different from any other variety.

GARDEN PINKS—Sow these out in the garden early in the spring and they will bloom from early summer until fall. You will be delighted with the beauty and profusion of these grand "pinks".

BACHELOR BUTTON—The size, profusion and beauty of this new strain will be a grand surprise to you. A new selection that is a great improvement over the old strains.

SUPERB POPPIES—A grand mixture of single and double poppies that will make a bright spot in any garden. Very easy to grow and sure to bloom.

PRIZE GLADIOLI

SUPERB IRIS

PEONIES

SNOWFLAKE FIELD BEANS

Snowflake or 1200 to 1 Field Beans

Ripens Early. Immense Yields. Handsome Appearance. Unequaled for Soups or Baking.

We again sent out many hundreds of packets of this wonderful bean the past season and are delighted to hear of the excellent results our customers are having with it. This is decidedly one of the best Pea Beans to grow either for market or home use both on account of its great yield and handsome appearance. Its cooking and baking qualities are unsurpassed. Vines are very healthy, dwarf or bushy in growth and bear an immense number of pods which are well filled with the pearly white beans. Get at least a pint of these wonderful beans and grow enough for your winter use. Pkt. 7c; 1/2 pt. 25c; pt. 35c; qt. 65c. Not prepaid: Pk. \$2.00; Bu. \$6.75.

OAK LEAF LETTUCE

BACHELOR BUTTON

GARDEN PINKS

SUPERB POPPIES

EARLY SCARLET

NEW EXTRA EARLY TOMATO

"Early Scarlet"

One of the First to Ripen. Strong, Vigorous Plants. Heavy Yields. Smooth and Solid. Bright Red Color.

A new extra early tomato developed at the University of Wisconsin by Prof. Combs. We grew a crop of this tomato on our farms this past season and were truly amazed at its earliness, yield and quality. It grows a very vigorous medium sized plant, well supplied with healthy foliage that protects the fruits from the sun.

The plants are the most resistant to disease of any extra early variety we have ever grown and set a tremendous crop of fruits, in fact one of the heaviest yields on our farms. Fruits are of medium size, very smooth and solid, globe shaped, ripen up evenly to the stem and free from cracks. We consider this variety "tops" for an extra early tomato, whether you grow tomatoes only for home use or market you will make no mistake in planting this grand new variety. Certified Wis. Grown Seed: Pkt. 25c; 1/4 oz. \$1.25; 1/2 oz. \$2.00; oz. \$3.75.

RED GIANT STRAWBERRIES

RED GIANT STRAWBERRY

Giant Sized Berries. Heavy Yields. Vigorous Plants. Handsome in Appearance. Excellent Quality.

A new strawberry that grows a very vigorous plant and produces berries that are truly immense in size. As the plants root deeply they can withstand more drought than many of the other varieties and rarely fail to produce a heavy crop. Owing to the large size of the berries they are a little later in ripening and will, therefore, prolong the time you may have strawberries from your garden. Not only are the berries of mammoth size but they are also of excellent quality for eating fresh, canning or freezing. They are a deep rich red color, of very attractive appearance and always bring top prices on the market. Select Plants: 25 for 95c; 50 for \$1.75; 100 for \$3.45, postpaid.

EGG PLANT

Black Beauty Egg Plant

The earliest and best of all large fruited Egg Plants. It is an extra early variety with fruits of a beautiful jet color. The fruits set freely and develop quickly so that the crop can be gathered before there is any danger from frost. It is of dwarf growth and bears its fruits, which weigh from 1 to 3 pounds each, close to the stem. The calyx is entirely free from spines and thorns. The intensely brilliant coloring is uniform over the whole fruit. The plants usually bear 8 to 10 immense fruits before being killed by frost. Pkt. 8c; 1/2 oz. 25c; oz. 40c.

W. L. Purdy, Nebr.—The Asparagus plants purchased from you were fine, every one grew.

ASPARAGUS

Giant Washington Asparagus

This new Asparagus has taken the country by storm as it is rust-proof and produces bigger stalks and larger crops than any other variety.

This variety is the result of many years work by the U.S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size yet they remain so crisp and tender they may be eaten raw. Pkt. 8c; oz. 20c; 1/4 lb. 65c; lb. \$2.00. Extra Select Roots: 25 for 85c; 50 for \$1.65; 100 for \$3.00.

Mrs. Geo. Schnetzer, Mo.—From seed sown out in the garden your Early Tomato ripened by July 1st. Your Honey Cream is the earliest and sweetest Sweet Corn I have ever grown.

JUNG'S QUALITY GARDEN SEEDS

PENCIL POD WAX

PENCIL POD WAX—We consider this one of the best Wax Beans yet introduced. It is very productive and of most excellent flavor. The pods are long, straight and round like a pencil, fleshy and of a bright yellow color; tender, brittle and absolutely stringless. The plants are of true bush growth, 15 in. high with abundant foliage. The magnificent pods are from 5 to 7 inches long. Pkt. 8c; ½ pt. 30c; pt. 45c; qt. 85c.

GIANT STRINGLESS GREEN POD

NORTHERN GROWN BUSH BEANS

GIANT STRINGLESS GREEN POD—Here is an absolutely stringless, giant podded bush bean. It combines extreme earliness, unusual hardiness and great productiveness. The handsome pods are 6 to 7 inches long, very brittle and stringless even when fully matured, deep green in color and of the finest quality. One of the best varieties for either market or the home garden. Pkt. 8c; ½ pt. 30c; pt. 45c; qt. 85c.

TOP NOTCH GOLDEN WAX

TOP NOTCH GOLDEN WAX—A great improvement on the old Golden Wax as it produces pods that are larger and also of better quality. It is one of the earliest varieties. Bushes grow 12 to 15 in. tall, very robust and free from disease; a sure cropper even under unfavorable conditions. Pods 4½ to 5 in. long, ½ inch broad, very fleshy, tender and stringless. It combines earliness, hardiness and productiveness. Pkt. 8c; ½ pt. 25c; pt. 45c; qt. 80c.

FAIRFIELD WONDER WAX—Without a Doubt the Finest Wax Bean Ever Introduced. It is with pleasure that we offer our customers this grand new Butter Bean, as we are sure it will please the most critical planters. This variety originated on our Fairfield Farm and is by far the finest wax bush bean we have ever seen. The bushes are unusually vigorous and free from disease. They grow from 15 to 20 inches high, have large foliage and bear an immense load of pods which are from 6 to 9 inches long, ½ inch broad and have absolutely no strings whatever. The color is a rich lemon yellow. If you want the very best Butter Bean of them all try Jung's Fairfield Wonder Wax. Pkt. 10c; ½ pt. 35c; pt. 50c; qt. 95c.

Mrs. Howard Seely, Pa.—Am so well pleased with all seeds from you; all came up and are doing fine. The inoculation works wonders on Sweet Peas and Beans and Peas.

It Pays To Inoculate Your Beans -- See Page 1

FORDHOOK BUSH LIMA NO. 242

EARLY POTATO BUSH LIMA

BUSH LIMA BEANS

FORDHOOK BUSH LIMA No. 242—This new strain has all of the good qualities of the old variety and in addition is much more productive. Each pod contains 3 to 5 closely packed beans of superb quality. Of true bush type, the plants grow 16 to 20 in. tall, very sturdy and bear an abundant crop of the well filled pods. Pkt. 10c; ½ pt. 35c; pt. 50c; qt. 90c.

EARLY POTATO BUSH LIMA—The earliest of all Lima Beans, by planting this variety gardeners in the northern States can enjoy Limas from their own gardens. It is at least two weeks earlier than any of the climbing Limas and can be had ready for use by July 20, from then until frost they will yield enormous crops of pods. Bushes grow about 18 inches high and require no stakes; so productive that a small patch will keep a family supplied throughout the season. Pkt. 8c; ½ pt. 30c; pt. 45c; qt. 75c.

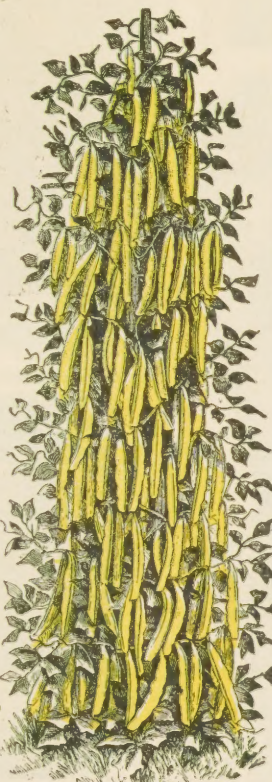

WONDER BUSH LIMA

WONDER BUSH LIMA—A great improvement on Burpee's Bush Lima as it is earlier and more productive; the pods are borne much to the center of the plant. This is a great advantage as the pods are held up from the ground. The bushes grow 18 to 24 inches tall and require no stakes or poles. Pods are truly mammoth in size and are borne in clusters of from 5 to 8 pods and contain from 4 to 6 of the large luscious beans. There is nothing quite so delicious in the vegetable line as nice fresh Lima Beans. Pkt. 10c; ½ pt. 30c; pt. 50c; qt. 85c.

Keith O. Pearce, Wis.—Your Fairfield Wonder Beans have the quality and flavor I like; they are superb.

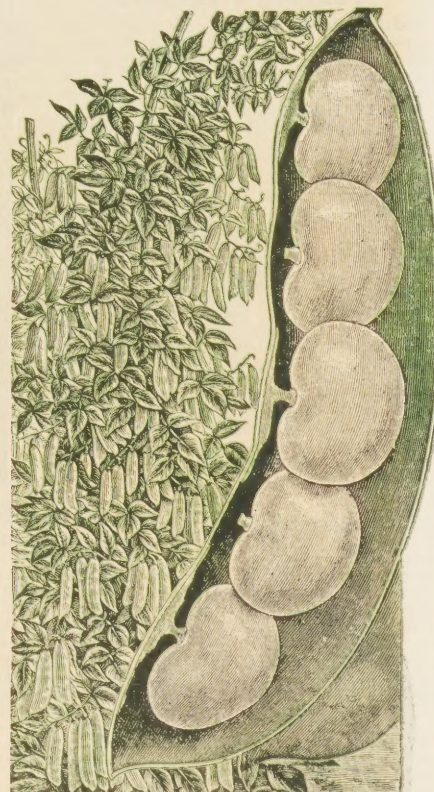

O. W. Henke, Wis.—Have planted your seeds and plants for over 30 years and have always had good results.

KENTUCKY WONDER WAX

IMP. KENTUCKY WONDER

HENDERSON'S LEVIATHAN

POLE BEANS

KENTUCKY WONDER WAX—The merits of the old Kentucky Wonder Pole Bean are well known. This variety has all its superb qualities with the addition of a beautiful transparent yellow pod. It is a rampant grower, one plant filling a pole with vines densely loaded with a solid mass of pods, being from 6 to 8 inches in length, exceedingly tender and very fleshy. The pods are so plump and fleshy that frequently they are of greater thickness than width. Deliciously rich and buttery when cooked. Pkt. 10c; ½ pt. 35c; pt. 50c; qt. 95c.

IMPROVED KENTUCKY WONDER—One of the earliest and best green-podded pole beans. Its wide popularity is well deserved as it is enormously productive, the pods hanging in great clusters from top to bottom of poles. Pods are 9 to 10 inches long, entirely stringless and cook up rich and buttery. A very sure cropper and may be planted with corn. Pkt. 10c; ½ pt. 30c; pt. 45c; qt. 90c.

HENDERSON'S EARLY LEVIATHAN LIMA—This is the very earliest. It will not only give pods earlier than any other strain but it is also much more productive, both early and throughout the season. It is a strong grower, clinging well to the poles and is a sure cropper. The pods hang out from the foliage in large clusters and contain 3 to 5 large beans to a pod. It bears until frost. Pkt. 10c; ½ pt. 35c; pt. 50c; qt. 95c.

BRUSSELS SPROUTS

BRUSSELS SPROUTS

LONG ISLAND IMPROVED—The Sprouts resemble miniature cabbages growing closely on the stalk of the plant. They are more tender and delicious than any cabbage; hard frosts do not injure them and they are left in the garden until desired for cooking. Strip off the outer covering of the sprouts and cook them whole. They are a delicacy not surpassed by the finest cauliflower. Pkt. 8c; ½ oz. 20c; oz. 35c.

CELERY CABBAGE

CELERY CABBAGE

Until recently this new vegetable was unknown but as its good quality became known it is rapidly gaining popular favor. For best results the seed should be sown the latter part of July in rows 2 feet apart and thinned to stand 15 inches apart in the rows, then a most excellent vegetable can be grown. Develops quickly and as the weather gets colder it heads up nicely producing crisp celery-like stalks beautifully blanched. It can be eaten raw, made into salads or cooked as cabbage or greens. Pkt. 8c; ½ oz. 12c; oz. 20c.

ENDIVE

GREEN CURLED—Mostly sown in June or July for fall use; plant in rows about 1 foot apart, thin out to 8 inches apart and when well along bunch by tying the tops together. Green Curled is a hardy variety, the most desirable for home use or market garden. Deep green leaves beautifully cut and curled, easily blanched and becomes crisp, tender and very fine flavored. Pkt. 7c; oz. 15c; ¼ lb. 50c.

MAMMOTH LONG RED

SUGAR BEETS

KLEIN WANZLEBEN—This Beet is the result of years of methodical and preserving selection. It gives better results than any other variety. It is extremely rich in sugar, thousands of analyses showing that the average percentage of sugar obtained from this variety is about 18 and its average yield may be stated to be 15 to 16 tons per acre, but crops of 25 to 40 tons per acre have been obtained off it. Flesh fine grained and very sweet. Pkt. 7c; oz. 12c; ¼ lb. 35c; lb. \$1.10.

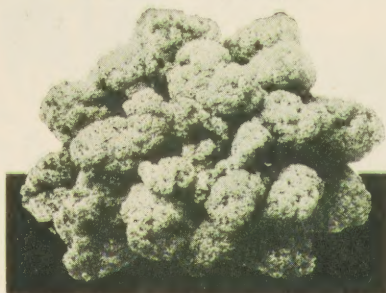

MANGELS

MAMMOTH LONG RED—The heaviest cropper. This mangel is enormously, wonderfully productive. The flesh is red, of very fine texture and quality, containing less water and more sugar than any other variety except it be the Half Long Sugar, making it the most nutritious and milk producing. Sheep and other stock thrive better when fed on it picking out pieces of it in preference to all others. Oz. 10c; 2 oz. 18c; ¼ lb. 35c; lb. \$1.25.

GOLDEN TANKARD—A smooth yellowfleshed Mangel; roots are of large diameter tapering quickly to the bottom which is quite broad with only a small tap-root. It yields an enormous crop on good soil and can be closely grown in rows. No root crop is a better paying investment for farmers to grow than Mangels. Oz. 10c; ¼ lb. 30c; lb. \$1.10.

BORECOLE OR KALE

DWARF CURLED—Useful for furnishing greens for boiling during the early fall, winter and spring months. The leaves are very curly, bright green, tender and delicate in flavor. The plants are hardy and the flavor is improved by freezing. Pkt. 8c; ½ oz. 15c; oz. 25c.

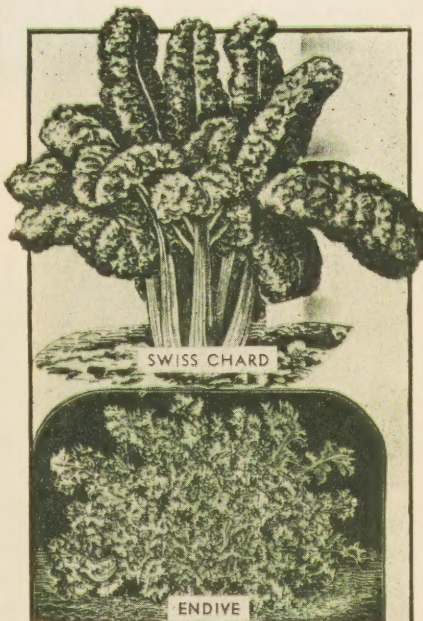

BORECOLE OR KALE

BROCCOLI

ITALIAN GREEN SPROUTING—One of the new vegetables that is rapidly gaining in popularity. It is grown the same as cabbage or cauliflower and is ready to use in about 90 days after sowing. When the main head is cut numerous sprouts develop along the main stalk which later form into smaller heads thus producing throughout the season. The heads should be cut before the flowers open and may be cooked like cauliflower or asparagus. The heads should have 3 to 5 inches of the branch or stem attached as this is fully as good as the head itself. Pkt. 8c; ½ oz. 15c; oz. 25c.

SWISS CHARD

LUCULLUS—Plants grow 2 feet high and consist when fully developed of about a dozen creamy white, attractive curled leaves. The leaves are carried on broad thick stalks about 12 inches long. The leaves may be cooked in the same manner as Spinach. Pkt. 7c; oz. 15c; ¼ lb. 45c.

SWISS CHARD

ENDIVE

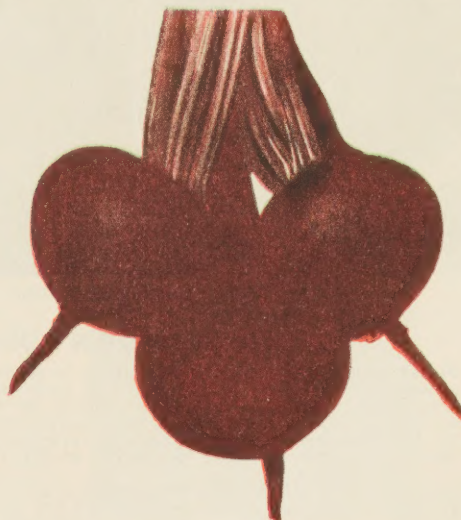

KLEIN WANZLEBEN SUGAR BEET

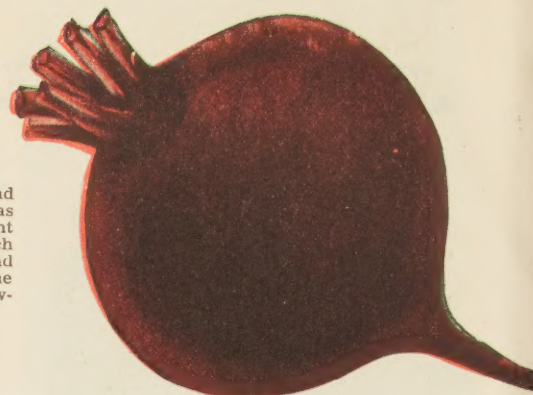

GARDEN BEETS

Select Detroit Dark Red

This Beet is regarded as the standard of excellence and you will find Jung's Select Strain to be as fine a Beet as it is possible to grow. Many years of time have been spent in breeding and selecting this strain. The color is rich dark red, globe-shaped and free from side roots and always smooth and uniform. Whether you grow for the home garden or market you will make no mistake in sowing this Beet. Pkt. 8c; oz. 18c; ¼ lb. 45c; lb. \$1.50.

FIREBALL

DETROIT DARK RED

FIREBALL GARDEN BEET—This early globe-shaped beet of excellent quality is especially esteemed on account of its dark red color, which extends entirely through the beet and without the light colored ring seen in some varieties. The medium sized beets are smooth and handsome and are now being largely used for canning as well as for the home garden or market. It retains its good quality even after it gets large. Matures in about 50 days. Pkt. 8c; oz. 15c; ¼ lb. 40c; lb. \$1.30.

Mrs. Raymond Johnson, Mich.—I grew my whole garden from your seeds last year and had the best garden in Sanilac County.

Mrs. D. A. Leslie, Wis.—Your Coreless Carrots are the best I ever grew.

CORELESS OR EARLY MARKET

JUNG'S SELECT CARROTS

CORELESS OR EARLY MARKET—A handsome halflong variety, the shape of which is well shown in the illustration. They average 6 in. in length by 1½ in. in diameter and are ready for use quite early. The skin is very smooth and clean and of rich orange color. The flesh is of fine texture, free from all stringiness while the core is very small, having no pithy or woody fibre. Our sales of this grand Carrot are increasing every year. Pkt. 10c; ½ oz. 15c; oz. 25c; ¼ lb. 75c; lb. \$2.25.

DANVERS HALF LONG

SELECT DANVERS HALF LONG—A magnificent carrot for general culture; indeed by many considered the best of all. It is very thick through, about 5 inches long, stump rooted, often attaining a weight of 5 pounds. Flesh is a rich orange in color, very tender and sweet. We recommend this variety for both home and market gardens, especially for hard or stiff soils where longer varieties will not thrive. Pkt. 8c; ½ oz. 12c; oz. 18c; ¼ lb. 45c; lb. \$1.50.

JUNG'S FIRST OF ALL—A remarkable handsome Carrot that is ready to use before any other variety. Roots grow 3 to 4 inches long and present a fine appearance when bunched for market. Flesh is deep orange colored, tender and sweet, fine grained and never coarse and woody. Does well in almost any kind of soil. Pkt. 8c; ½ oz. 12c; oz. 20c; ¼ lb. 60c; lb. \$1.75.

Edward Bender, Ind.—Your Danvers Half Long were the best carrots we ever raised.

JUNG'S FIRST OF ALL

RED CORED CHANTENAY—A very desirable Carrot in every way, it is a great improvement over the well known Chantenay, especially in color, texture and quality of flesh. They grow very smooth, 5½ to 6 inches long, 2¼ inches thick at the crown and being stump rooted they are easy to dig. Flesh is reddish orange colored, no light core, fine grained, sweet and tender and has a very delicate flavor. Its fine quality beautiful appearance and heavy yield make this one of the best carrots for either home or market garden. Pkt. 8c; ½ oz. 12c; oz. 18c; ¼ lb. 45c; lb. \$1.60.

Field or Stock Carrot

LARGE WHITE BELGIAN—This is the largest yielding stock carrot grown. Nearly half its length is above the ground, making them very easy to harvest. Carrots are often 18 inches long and 4 to 5 inches in diameter. Yields of 15 tons per acre are nothing unusual. Excellent for either cows or horses. Pkt. 7c; oz. 12c; ¼ lb. 40c; lb. \$1.25.

CHANTENAY

True Yellow Ground Cherry

These plants are low and produce their luscious fruits in great abundance. Excellent for pies and make delicious preserves as the fruit has a strawberry flavor. Of easy culture and will succeed in most any garden. Pkt. 7c.

Cress or Pepper Grass

An annual, making a good salad. Leaves are finely cut and feathery, like a good parsley. It is dwarf and compact in growth, crisp and refreshing. Pkt. 7c; oz. 20c.

GROUND CHERRY

EARLY JERSEY WAKEFIELD

RESISTANT GOLDEN ACRE

JUNG'S SELECT CABBAGE

EXTRA EARLY GOLDEN ACRE—A wonderfully fine, extra early, round headed cabbage being ready for cutting ahead of Jersey Wakefield. The heads are of good size, very round, solid and every one just alike. Plants grow very compact and may be set close together. Plant this cabbage for market and it will prove to be your "golden acre" as your crop will be ready to cut while prices are high. We offer an extra select stock of this finest extra early cabbage. Pkt. 10c; ½ oz. 18c; oz. 30c; ¼ lb. \$1.10.

EARLY JERSEY WAKEFIELD—The standard pointed-headed cabbage throughout the United States. The heads are uniformly hard and solid and are pyramidal in form, generally pointed at the end with few outside leaves. Having but few outside leaves it may be planted close together so that more heads can be grown to the acre than with other sorts. It is exceedingly tender, fine grained and as a cropper no early cabbage can approach it. Size is ideal for marketing. Pkt. 8c; ½ oz. 15c; oz. 25c.

ALLHEAD EARLY—This is the earliest of all large cabbage and considerably larger than any other early summer cabbage. The deep flat heads are remarkably solid and the most uniform in color, shape and size of any variety. Good quality and tenderness are marked features. It is suitable for growth in spring and early summer or for use as a winter sort. The heads grow so compact that fully 1000 more than is usual, with large cabbage can be grown to the acre. Pkt. 7c; ½ oz. 18c; oz. 30c.

DANISH BALL HEAD

Select Danish Ballhead or Hollander

A Grand Hard Headed Cabbage

This type of winter cabbage has become very popular of late years on account of its **UNEQUALED KEEPING QUALITIES** as well as for the great **SOLIDITY** and **WEIGHT** of the heads. It is strong and vigorous in growth and produces large, round compact heads exceedingly hard and solid, weighing when trimmed fully one-fourth more than any other cabbage of equal size. For boiling, slaw, sauer kraut, etc., it is unequalled, being crisp, tender and sweet. It seems to grow well withstanding hot, dry weather and does not rot from the effects of wet seasons. Pkt. 10c; ½ oz. 18c; oz. 30c; ¼ lb. \$1.00; lb. \$3.00.

SELECT FLAT DUTCH—It makes a large, round, firm head, uniform in shape and color which seldom rots or bursts. Sureness in heading and regularity in growth has made this one of the most popular standard sorts for winter keeping. The quality, either for slicing or kraut or for general table use is superb. It is a very fine strain of late cabbage and can be profitably grown anywhere in this country; it is a splendid sort for giving unbounded satisfaction. Pkt. 7c; ½ oz. 15c; oz. 25c; ¼ lb. 85c.

SUPER SNOWBALL

Super Snowball Cauliflower

The Leading Early Cauliflower. Very Early. Sure to Head.

Growers wishing a Cauliflower that is early and sure to produce large, white, solid heads will find this variety to be all that can be desired. It is very early, plants make a compact growth with ample foliage, the inner leaves curve over the head and serve as a protection to the snowy-white heads. We offer select seed which is very scarce this year. Pkt. 15c; ¼ oz. 90c; ½ oz. \$1.40; oz. \$2.50.

PERFECTION SAVOY

RED DRUMHEAD

RED DRUMHEAD—This is the well known Standard Cabbage. Heads are of large size, slightly rounded and from 7 to 8 inches in diameter. A valuable variety for pickling; very sweet, tender and of excellent quality. Pkt. 8c; ½ oz. 18c; oz. 30c.

PERFECTION SAVOY—This is the hardest heading and best all-round SAVOY. Plants are of strong growth, having only a moderate amount of outer foliage growing closely around the solid heads. It is very sweet and crisp and always tender. The heads are beautifully blanching and of the finest flavor. Pkt. 8c; ½ oz. 18c; oz. 40c.

SELECT FLAT DUTCH

CAULIFLOWER

No effort is spared in the growing and breeding of our Cauliflower seed. Regardless of what price you pay you cannot get seed that is more uniform in growth or surer to produce large, white solid heads. Give our seed a trial — you will not be disappointed.

PEDIGREE EARLY SNOWBALL—For earliness and reliability to produce a head of good size and rich white curly appearance it is unexcelled. It forms snow white heads, 6 to 10 inches in diameter, of good quality. While originally recommended and used as an early variety, it has not only supplanted all other sorts for spring planting but it has largely driven out the large sorts for all use, being more certain to head when conditions are ordinarily favorable. The heads are so solid, compact and deep they will outweigh those of any other strain. There is a great difference in the strain of this variety but our stock is the very best. Pkt. 12c; ¼ oz. 75c; ½ oz. \$1.25; oz. \$2.25.

DRY WEATHER—Especially adapted to resist drought. Reaches perfection when ordinary sorts fail. Preeminently the best early variety for market gardeners in sections which are not especially adapted for cauliflower. Plants are of vigorous growth, producing heads of snowy whiteness and fine quality. It has heavy foliage and is not liable to rot in hot weather. It is in all respects a first class cauliflower but is particularly adapted to dry situations and to resisting the effect of drought. It also does well in wet or moist situations, producing heads equal to the best. Pkt. 15c; ¼ oz. 85c; ½ oz. \$1.40; oz. \$2.50.

GOLDEN PLUME

UTAH

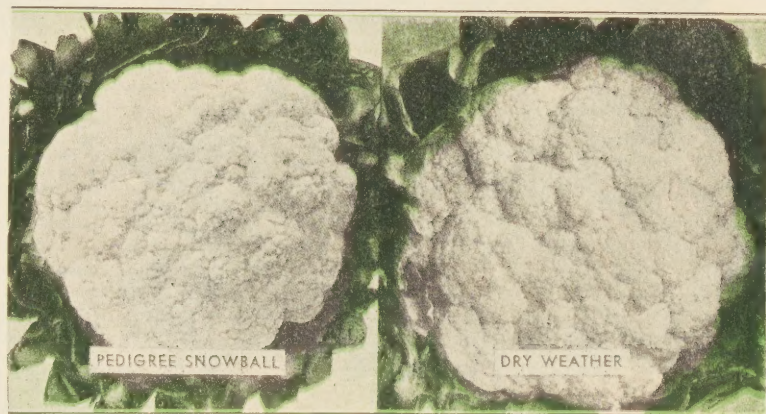

GOLDEN SELF-BLANCHING

CELERY

GOLDEN SELF-BLANCHING—The best of all self-blanching varieties. It is without doubt the most popular celery grown. The ribs are perfectly solid, crisp, brittle and of a delicious flavor which is not surpassed by any other variety while it has the decided merit of being self-blanching to a remarkable degree. It is extensively grown for market and private use, not only on account of its easy culture but for its superior quality. The hearts are large and hard and blanch to a beautiful golden yellow. When grown in moist soil the stalks are numerous and large in size. Pkt. 10c; ½ oz. 30c; oz. 50c.

UTAH No. 99—A very desirable selection of the new green type celery and contains more vitamins than the golden varieties. Plants are compact, stalks broad and thick, exceptionally solid and crisp; of nutty flavor and fine quality, free from strings and fibre. Pkt. 10c; ½ oz. 30c; oz. 50c; ¼ lb. \$1.90.

GOLDEN PLUME—This is a fine new celery that we can recommend without reserve. It is fully a week earlier than Golden Self-Blanching, is similar in color and flavor but is superior to it as this variety blanches more easily, is more blight-resistant. It has been especially selected for large, solid hearts. Specimen stalks have been grown 2 feet tall and 4¼ inches thick. Has been blanching in the remarkably short period of 5 days. Select Seeds: Pkt. 10c; ½ oz. 30c; oz. 50c; ¼ lb. \$1.95.

PEDIGREE SNOWBALL

DRY WEATHER

DISEASE RESISTANT CABBAGE

The select strains of cabbage offered below are especially suited for sections infested with cabbage "yellows" where the regular strains will rot. You will find these varieties of superior quality.

RESISTANT GOLDEN ACRE—An extra fine extra-early Cabbage that has all the good qualities of Golden Acre and in addition is resistant to "yellows" and for this reason can be successfully grown in sections where this disease will destroy other varieties. Plants grow very compact and can be set close together. The heads grow to good size, are round, very solid and uniform in size and shape. Extra Select Seed: Pkt. 10c; ½ oz. 25c; oz. 45c; ¼ lb. \$1.35.

EXTRA EARLY JERSEY QUEEN—A selection of the popular parent and in addition is resistant to "yellows", grows a compact plant and is sure to head. You will find this to be the best "resistant" pointed variety. Pkt. 10c; ½ oz. 20c; oz. 35c.

MARION MARKET—One of the most popular and widely grown "yellows" resistant, early, round headed cabbage. May be classed as a very select Copenhagen Market as it is early and sure to produce large, round, solid heads. Pkt. 8c; ½ oz. 15c; oz. 25c; ¼ lb. 95c.

MARION MARKET

JERSEY QUEEN

The cabbage seed we are offering was grown from selected stock and the heads were all carefully inspected before being set out. Our packets of Cabbage each contain enough seed to produce 500 Plants.

Free Premiums--See Page 2

FAIRFIELD GIANT

JUNG'S SELECT CUCUMBERS

FAIRFIELD GIANT or LONGFELLOW—The vines are unusually vigorous in growth and produce an enormous crop of handsome fruits. They are of a deep green color and grow from 12 to 18 inches long being one of the hand-somest cucumbers grown. When the fruits are from 6 to 8 inches in length, or just the right size for slicing, they are practically solid, there being hardly a trace of seed to be found. The pure white flesh is very firm, sweet and crisp and of the finest flavor. The fruits are very long and slim, which to-gether with their deep green color will make them bring the top prices on all markets. Pkt. 10c; oz. 25c; ¼ lb. 75c; lb. \$2.50.

NEW COLORADO—An excellent new cucumber which for dark green color, uniformity of size and handsome appearance should be placed at the head of the cucumber list. The vines are strong rampant growers and bear bounti-fully. Fruits are 10 to 12 in. long, straight and symmetrical and retain their deep green color for a long time. Will prove to be a money maker for either the home or market grower. Pkt. 10c; oz. 20c; ¼ lb. 60c; lb. \$2.00.

CHICAGO PICKLING

FIGHT CUCUMBER BUGS WITH OPTOX

—See Page 1

Mrs. W. B. Ginger, Va.—Your Cucumbers can't be beat; never saw any others near so good.

IMP. LONG GREEN

DILL

This herb is used in large quantities in the making of Dill Pickles also for flavoring vinegar. Pkt. 7c; oz. 20c.

EARLIEST OF ALL

Improved Long Green

Deep Green Color. Fine for Pickling or Slicing.

This is one of the best and most popular standard varieties and you will find our stock to be a very fine strain. The cucum-bers are a rich dark green, grow 12 to 16 inches in length and are of the high-est table quality. Flesh is very firm and crisp. The young fruits are largely used for pickling and full sized cucumbers are especially fine for slicing and making sweet pickles when the fruits are ripe. Pkt. 8c; oz. 20c; ¼ lb. 60c; lb. \$1.90.

AMERICAN CLIMBING—A fine cucum-ber for small gardens as you can grow them on a trellis or fence; also an ex-cel-lent variety to grow like other vari-eties. Comes into bearing quickly and is very prolific; as many as 40 fruits have been grown on a single vine. Full grown fruits will measure 12 to 16 in. long. Flesh is pure white, tender and of de-licate flavor. When young the fruits make very attractive pickles. Pkt. 7c; oz. 18c; ¼ lb. 60c.

AMERICAN CLIMBING

EVERBEARING

EVERBEARING—This is a very early variety and extremely prolific. If the fruits are kept gathered, vines will continue in bearing through-out the season. The fruits are of a rich, dark green color, averaging 4 to 5 inches in length. Owing to its productiveness it is a fine vari-ety to plant for producing small pickles. Pkt. 7c; oz. 20c; ¼ lb. 50c.

WHITE WONDER—A wonderful good slicing cucumber. In color it is a beautiful pure snow white. Grows to good size, usually 8 to 10 inches long, and is very uniform. Its smooth clear surface makes this an ideal pickle. The firm, crisp flesh with its pleasing flavor is just right for slicing or in salads. A package of seeds yields Cucumbers in abundance for pickling and slicing. Pkt. 8c; oz. 20c; ¼ lb. 60c.

COLORADO

LUSCIOUS TENDER SWEET CORN

Our stocks of Sweet Corn are mostly of our own growing and are of extra fancy quality and high germination. You will find that for earliness and sweetness our northern grown seed is way ahead of western grown seed. If you want to be the first on the market with Sweet Corn of quality, plant some of this seed.

Our Sweet Corn is grown on our seed farms where Stew-art's Disease or wilt is unknown.

JUNG'S EXTRA EARLY FORTUNE—This variety originally came from Canada and at our Fairfield Farm trials it was the earliest of all. There is no product of the garden so eagerly waited for as the first sweet corn of the season. Early Fort-une is the real tender, juicy sweet corn for use before the summer has really commenced. On account of its extreme earliness, Early Fortune is especially adapted for planting in northern latitudes and in high altitudes where other vari-eties fail entirely. The stalks do not grow very large but have two and often three unusually large ears. Ears are about 7 inches long and well filled with sweet and tender grains. Pkt. 7c; ½ pt. 22c; pt. 38c; qt. 70c.

EARLY WHITE DELICIOUS—Large Ears, Early Maturity, Superb Quality. One of the largest eared, sweetest flavored early varieties. Grows a strong, vigorous stalk, many produc-ing two ears. Ears are 7 to 9 in. long and contain 12 to 14 rows of pearly white grains which are remarkably sweet and tender. Pkt. 7c; ½ pt. 22c; pt. 38c; qt. 70c.

GOLDEN or BANTAM EVERGREEN—This variety of golden or yellow Sweet Corn combines the size of the Evergreen ear with the color and quality of the Golden Bantam. In crossing these two excellent varieties none of the good qualities have been lost, rather it surpasses them in sweetness and tenderness. The ears are 7 to 9 inches long, well filled with deep kernels of rich yellow corn. It comes just right in season to follow the first early sorts. The larger ear and prolonged season make it the favorite both in the home garden and for fancy market trade. All lovers of Sweet Corn must at least give Bantam Evergreen a trial. Pkt. 8c; ½ pt. 25c; pt. 40c; qt. 75c.

WHITE EVERGREEN—The Leading Late Variety of Sweet Corn. The most valuable Sweet Corn ever produced. White Evergreen is much superior to Stowell's. It retains all the most desirable features with the added merits of pure whiteness in color, a more tender grain and distinctly sweeter flavor. The ears average very large and are well filled to the tips with the long sweet grains of pure whiteness and most delicious flavor. The stalks are very strong growers from 6 to 7 feet high and sometimes bear three fine ears to a stalk. The ears contain 16 or more rows of deep grains which are protected by a thick heavy husk. Pkt. 7c; ½ pt. 20c; pt. 35c; qt. 65c.

GOLDEN GEM

Extra Early, Luscious Quality, Heavy Yielder. Profitable for Early Markets.

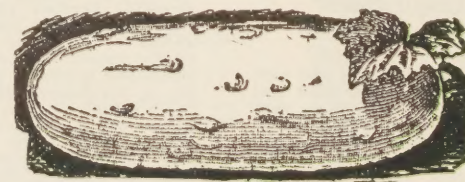

A wonderful new sweet corn that will appeal to all lovers of truly delicious corn. It has the luscious sweet flavor of Golden Bantam and is fully a week earlier. Although extremely early the ears are of good size, 6 to 7 in. long, and contain 8 rows of delicious tender kernels. The stalks grow only 2½ to 3 ft. tall and often bear two ears. As the stalks are dwarf it can be planted quite close and a great many ears grown on a small piece of ground. Pkt. 10c; ½ pt. 25c; pt. 40c; qt. 75c.

JUNG'S ALL SEASON BLEND SWEET CORN

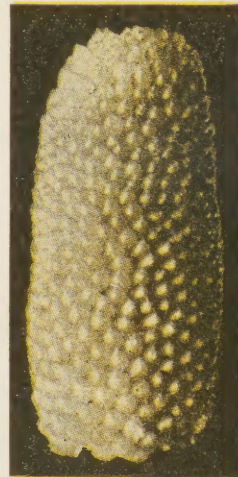

This is a blend of sweet luscious goldenkerneled vari-eties that are ready to pick at different times and will give you tender high quality ears for 3 to 4 weeks from one planting. Only select seed of the highest quality is used in making this blend and you will have to make but one planting instead of 3 to 4 if only one variety were used. Pkt. 8c; ½ pt. 25c; pt. 38c; qt. 70c.

MINHYBRID 250 POP CORN

Just like other hybrid corn this fine pop corn has unusual qualities such as strong stalks, heavy roots, uniform ears and yields heavily. It surpasses all other varieties in yield, quality and popping expansion. A quart of this corn will make 20 qts. after it is popped and for flavor, tenderness and freedom of unpopped kernels it is unexcelled. Nothing better to be had. Pkt. 10c; ½ pt. 35c; pt. 60c; qt. \$1.00; 5 qts. \$4.60, postpaid.

WHITE WONDER

MINHYBRID POP CORN

BEST OF ALL

Leek

LARGE AMERICAN—Mostly highly esteemed for flavoring soups, stews, etc. The plant are of vigorous growth and have extra long stems which blanch to a snowy whiteness. Cultivate the same as for onions. Pkt. 10c; ½ oz. 20c; oz. 35c.

Phoebe Harrold, Pa.—Send this All Cream Lettuce right away. It is a wonderful lettuce.

EARLIEST WAYHEAD

JUNG'S ALL CREAM

ALL HEART

CRISP TENDER LETTUCE

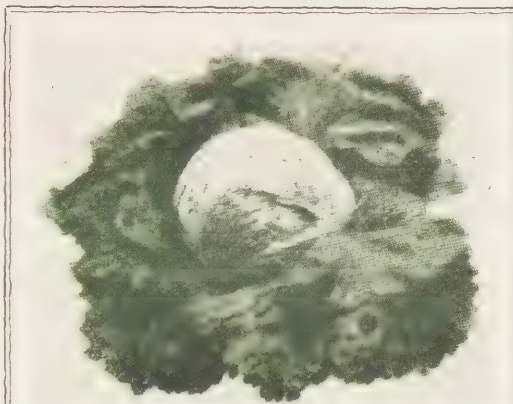

ICEBERG

BEST OF ALL OR TENDERLEAF—A fitting companion to our famous "All Cream" Lettuce which it resembles very much except that it does not have the pink or brown edges on the leaves. It can be relied upon whether sown early in the spring or during the summer as it is unsurpassed as a heat resister. The leaves are of a handsome green, beautifully crumpled and are crisp, tender and sweet at all times. Pkt. 7c; oz. 18c; ¼ lb. 50c.

EARLIEST WAYHEAD—This is our quickest growing and most attractive extreme-early Lettuce producing handsome solid heads fully one week earlier than Black Seeded Tennis Ball. Its quality is unsurpassed; the heads are very solid, have weighed 6 oz. when trimmed. The interior of the head is blanched to a beautiful creamy color while the leaves are tender, juicy and sweet flavored. The quality of this variety is unequaled among the early sorts. Pkt. 7c; oz. 20c; ¼ lb. 60c.

ICEBERG—The usual solidity of the heads is assured by the large white main ribs of the leaves, each of which curving strongly into the center acts like a truss making it impossible for the leaves to open outward and expose the center which is thoroughly blanched. It is quick growing and always crisp and tender whether grown in early spring or in the hot days of summer. The heads are of good size. Pkt. 7c; oz. 25c; ¼ lb. 65c.

CHICKEN OR RABBIT LETTUCE—Makes the best green feed for chickens or rabbits and you can grow immense quantities on a small piece of ground. When cut it immediately starts a new growth or the leaves can be pulled off the stalks and new ones will grow in a short time. Does not make a head but grows stalks 2 to 3 feet high which are loaded with leaves. Pkt. 7c; oz. 15c; ¼ lb. 50c; lb. \$1.90.

Great Lakes Head Lettuce

Crisp and Tender. Sure to Head.
High Quality.

A remarkably fine new Head Lettuce that will stand up and produce nice solid heads even during hot weather. The heads are of good size, attractive deep green in color, with crisp tender leaves, interior of heads bleach to a creamy white color. Remains in fine condition long after the heads are formed at it is slow to run to seed. Why pay high prices for head lettuce when you can grow even better ones in your own garden? Plant thin as the plants need room to head. Pkt. 10c; ½ oz. 30c; oz. 50c; ¼ lb. \$1.45.

JUNG'S ALL CREAM—This remarkable Lettuce does not head but makes a large loose bunch of leaves of superlative quality. The leaves grow upright, the upper part of the outer turning outward very gracefully and are handsomely wrinkled. The inside leaves are almost white and wonderfully crisp and tender. It grows quickly, is ready for use early and remains for weeks. It is the cream of all sorts and should be grown in every garden. Pkt. 8c; oz. 25c; ¼ lb. 65c; lb. \$2.10.

CABBAGE LETTUCE—Allheart—This magnificent lettuce stands hot weather better than any of the rich butter varieties. Plants make firm heads nearly as large and almost as solid as a cabbage. The heads are light green outside while the inner blanched portion is creamy yellow and of a delicious rich buttery flavor. Pkt. 7c; oz. 20c; ¼ lb. 60c.

SELECT GRAND RAPIDS

SELECT GRAND RAPIDS—A well known forcing variety. It makes large bunches of light green leaves with fringed edges. Its upright habit of growth permits close planting. It will make a quick growth under adverse conditions and is not subject to rot. Quality excellent. Pkt. 8c; oz. 20c; ¼ lb. 60c; lb. \$2.00.

FIGHT MELON BUGS WITH OPTOX

See Page 1

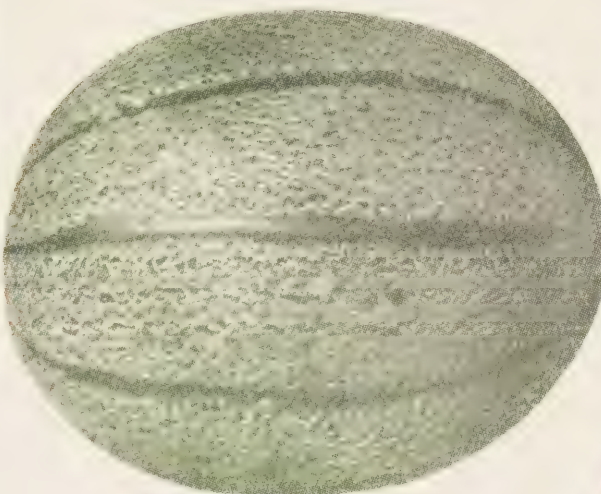

EARLIEST RIPE

EARLIEST RIPE—A new extra early Musk Melon which is especially suitable for sections where seasons are short. Melons are slightly oval, 5x6 in., distinctly ribbed, well netted and run remarkably uniform in size and shape. The thick flesh is deep orange salmon in color, very fine grained, and of very high quality. This fine new melon combines earliness, superb quality and fine appearance. Seed scarce, order early. Pkt. 10c; oz. 25c; ¼ lb. 80c; lb. \$2.50.

SELECT MUSK MELONS

Special Extra Early Knight

Positively the earliest green-fleshed musk melon ever grown. Of medium size weighing from 2½ to 4 pounds. The skin is green ribbed and netted, the flesh deep and thick and light green in color, inclining to yellow towards the center. In flavor it is exceedingly fine. A heavy cropper and absolutely the earliest of all musk melons. We recommend it particularly to all whose profit depends upon being first in market and their uniform size and shape combined with their delicious flavor, sell rapidly at high prices. Pkt. 8c; oz. 15c; ¼ lb. 50c; lb. \$1.75.

EXTRA EARLY KNIGHT

JUNG'S BIG PROFIT—An excellent grower, the foliage is of such firm texture that vines resist the attacks of insects and blight. The melons are slightly oval and of uniformly large size, very fine in appearance as they are distinctly ribbed and well covered with a coarse gray netting. Flesh is a rich orange salmon color, very thick, fine grained and of delicious quality. The seed cavity is so small that there is little tendency towards cracking open at the stem end. Extra select seed: Pkt. 8c; oz. 25c; ¼ lb. 60c; lb. \$2.00.

Giant Early Wonder

Mammoth Size. Superb Quality. Beautiful Appearance.
An Excellent Melon for the Home or Market Garden.

A new Musk Melon combining extra large size, fine appearance and superb quality. Although of the largest size it ripens early (85 to 90 days). Melons are slightly oval in shape, 8 to 10 in. long and 6 to 7 in. in diameter, round heavily netted, a sure indication of quality. Flesh is very thick, deep orange in color, fine grained and very sweet and delicious. Extra Select Seed: Pkt. 10c; oz. 25c; ¼ lb. 60c; lb. \$2.00.

GIANT EARLY WONDER

BANANA MUSK MELON

A remarkably fine melon that looks and tastes like a banana. The fruits grow 14 to 18 in. long, flesh is deep orange colored, solid and sweet, and spicy in flavor. Try a few of these melons in your garden this year, any which you don't eat can be sold at a good price. Pkt. 8c; oz. 20c; ¼ lb. 50c.

JUNG'S BIG PROFIT

JUNG'S SELECT WATERMELONS

EXTRA EARLY NORTHERN SWEET—A new extra early watermelon introduced by the Minn. Exp. Station. It has been ripened as far north as Winnipeg, Canada, has been grown to maturity in 75 days. Not only is it the earliest variety but is also of very good quality; flesh is bright red, crisp, sweet and sugary. Melons weigh 10 to 12 lbs., rind dark green with a lighter stripe. Pkt. 8c; oz. 15c; ¼ lb. 45c; lb. \$1.65; 5 lbs. \$8.00.

DIXIE QUEEN

Large in Size, Superb in Quality, Handsome in Appearance.

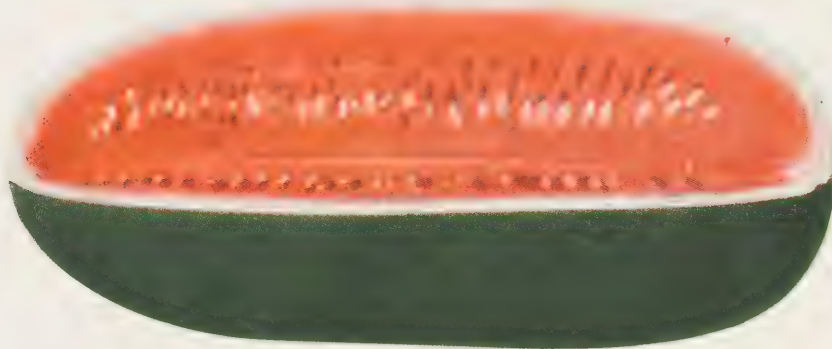

A superb new Watermelon that will delight the most critical grower, has been one of the most popular shipping melons for the past few years. The fruits are almost round in shape, of good size (30 to 40 lbs.), rind is tough which makes it a good shipper. Flesh is richly colored, very sweet and juicy and melons seem to be all heart as the seeds are small. You will find this excellent melon uniformly good in size, shape and quality either for market or the home garden. Pkt. 8c; oz. 18c; ¼ lb. 50c; lb. \$1.75; 5 lbs. \$8.50.

NORTHERN SWEET

DIXIE QUEEN

HALBERT HONEY

EARLY KANSAS—One of the newer early melons that is rapidly gaining in popularity as it has earliness, good size and high quality. Melons are deep emerald green with paler green stripes, nearly round and often grow to a weight of 25 to 30 lbs. Flesh is rich red and of the highest quality, a superb melon in every way. Pkt. 7c; oz. 15c; ¼ lb. 45c; lb. \$1.60; 5 lbs. \$7.50.

HALBERT HONEY—The very finest melon in cultivation for home use or near-by markets. A melon that has no equal in beauty, quality and productiveness. The melons are smooth and regular in outline, 14 to 18 in. long, 6 to 8 in. in diameter. Color of the rind is a clear, glossy deep green. The flesh is a beautiful crimson, extending to within ½ in. of the rind which is so tender that it will not stand shipping a long distance unless carefully handled. The first melons ripen early and the vines continue to develop fine fruit throughout the season. The sweet flesh melts away in your mouth like honey. Pkt. 8c; oz. 18c; ¼ lb. 45c; lb. \$1.60; 5 lbs. \$7.50.

GOLDEN HONEY SWEET

A Delicious Yellow-Fleshed Water Melon. Ripens Very Early. A highly desirable yellow fleshed watermelon. The flesh is golden-yellow in color, firm, crisp and of luscious sweetness. The melons are oblong in shape, light green with mottled stripes of deep green, rind is thin but hard so will keep for a considerable time. It not only possesses high quality but is also one of the first to ripen. We highly recommend this fine new melon. Pkt. 8c; oz. 18c; ¼ lb. 50c.

Wilt Resistant Water Melon

In many sections of our country ordinary strains of Water Melons often fail due to fusarium wilt. This destructive plant disease may be present in the soil for many years and so far as is known cannot be successfully controlled. To combat this disease State Colleges have developed strains that are resistant to this ailment.

BLACKLEE — (Wilt Resistant)—A vigorous grower and highly resistant to Fusarium wilt and bears a heavy crop of melons often weighing 40 lbs. Rind is dark green, thin but tough; flesh deep red in color, fine grained, very sweet, firm and of excellent quality. Black seeded. Pkt. 8c; oz. 20c; ¼ lb. 60c; lb. \$1.95; 5 lbs. \$9.00, postpaid.

Edw. H. Pruschen, Conn.—Have planted Jung's Seeds for 11 years and had very good success. I recommend them to everyone who wishes to grow a good garden.

KOHL RABI

EARLY PURPLE VIENNA—This vegetable is grown for its turnip-shaped bulb which grows above the ground. Excellent for soups or cooking in the same manner as turnips. Grows to a large size and of juicy quality. Very early and of fine shape and delicate flavor. Pkt. 8c; ½ oz. 18c; oz. 30c.

WHITE VIENNA—This variety is very early with distinct small tops. The bulbs are of medium size and very light green or almost white in color and are of the finest quality if used when about 2 in. in diameter. Pkt. 8c; ½ oz. 18c; oz. 30c.

KING WINTER MELON

By planting this variety you can have watermelon for your Christmas dinner as they are remarkable keepers. The melons are round, have a thin hard rind and are very solid; they are from 8 to 12 in. in diameter and sell well at all seasons. Flesh is bright red and very sweet. Pkt. 7c; oz. 15c; ¼ lb. 45c.

KING WINTER MELON

BLACKLEE (Black Seeded)

GOLDEN HONEY SWEET

CLIMBING WATERMELON

Extra Early Water Melon

BABY DELIGHT or CLIMBING—Persons having small gardens may have water melons of their own growing as this melon will climb up a trellis or fence but may also be grown like other varieties. The vines are very vigorous in growth, the heavy foliage nearly concealing the fruit. The first melons ripen very early and the healthy vines keep on bearing heavily until the end of the season. The rich carmine red flesh is always solid and of exceptionally sweet flavor. Pkt. 8c; oz. 20c; ¼ lb. 60c.

Early Virginia Peanuts

This splendid variety is very desirable because it is so early and prolific. It grows perfectly erect and seed planted early in May will ripen a crop in September and for this reason can be grown in the north. Let the boys and girls try them, it will give them lots of fun and provide peanuts for the winter. Full culture instructions on every package. Pkt. 7c; pt. 35c; qt. 65c.

FANCY GOURDS

Fancy Mixed Gourds

An interesting and valuable vine, grows very rapidly and quickly covers old walls, fences or outbuildings and trellises. They bear an abundance of the curious shaped fruits and we have included a very choice selection in the seed we offer. Pkt. 7c; ¼ oz. 15c.

CITRON

COLORADO PRESERVING—A large fruited variety producing the handsome fruits in abundance. The flesh is white, very solid and is used for pickles and preserves. Pkt. 5c; oz. 10c; ¼ lb. 25c.

CITRON

GIANT SWEET SPANISH

Giant Sweet Spanish (Utah Strain)

Giant in Size. Heavy Yielder. Sweet Mild Flavor. Why buy the large sweet onions at fruit stores when you can grow them in your own garden? This new variety was developed especially for this country and anyone having reasonably good garden soil can grow these fine large onions, seed sown early in the spring will produce magnificent large globe shaped onions often weighing a pound or more. It has a beautiful straw colored skin, flesh pure white, tender and of mild sweet flavor. A good keeper for such a large onion. We offer our special select strain of seed which was grown from only carefully selected bulbs. Pkt. 10c; 1/2 oz. 25c; oz. 40c; 1/4 lb. \$1.40; lb. \$4.75; 5 lbs. \$22.00.

VICTOR ONION SETS

VICTOR ONION SETS

The finest thing ever offered in Onion Sets and will no doubt displace all other sets. The common sets when grown during the summer often run to seed; these sets instead of running to seed will mature a large and handsome bulb of yellow or golden color, very solid and excellent keeper. Those who have used the sets before are now planting them entirely. We guarantee them to give satisfaction or will refund your money. Pkt. 20c; qt. 40c; 4 qts. \$1.10, postpaid.

Golden Globe

The ideal onion set for people who wish to grow large onions that will keep throughout the winter. These sets will produce beautiful deep yellow, globe-shaped onions that are remarkably good keepers; planted on rich soil and given sufficient room onions weighing 1 pound can be grown. In our trials the past summer not one set threw any seed stalks. Our stock of these new onions sets is limited; order early. Pkt. 25c; qt. 45c; 4 qts. \$1.20.

THREE TRUE GLOBE ONIONS

The Southport Globe Onions have increased wonderfully in public favor during the past few years and they well deserve their popularity. In almost all markets they invariably bring top prices. They are not only of handsome appearance, remarkable solidity and good keepers, but also fully equal in yield to the best strains of any variety.

Select Southport Yellow Globe

This is one of the most satisfactory and popular varieties raised for family use or market. It is an enormous yielder, hardy and reliable, making under normal conditions often up to 1,000 bushels per acre. The onions are models of perfection, growing uniformly deep and extra large, averaging 9 or 10 inches in circumference. The color of the skin is an attractive golden yellow, the flesh snow white, firm and juicy. The small necks enable the onion to ripen down evenly insuring good keeping qualities. Pkt. 8c; 1/2 oz. 18c; oz. 30c; 1/4 lb. 90c; lb. \$3.25; 5 lbs. \$14.75.

Select Southport Red Globe

A handsome onion of immense size, averaging from 9 to 10 inches in circumference, solid, heavy and of perfect globe shape. The skin is a glossy deep purplish red color; the flesh is close grained, sparkling white, cooking tender and mild. It is hardy, a splendid keeper and a big yielder, averaging under good culture from 800 to 1000 bushels per acre. Our strain of this seed is unsurpassed, the bulbs being selected for largest size, thus insuring thorough and regular ripening and curing. You will make no mistake in giving this onion a trial. Pkt. 8c; 1/2 oz. 18c; oz. 30c; 1/4 lb. 90c; lb. \$3.50.

Select Southport White Globe

The most beautiful onion grown, being of symmetrical globe shape with a smooth satin-like skin forming a perfect silver ball. It grows to a large size, averaging 7 to 9 inches in circumference, and is solid and heavy; the flesh is purest white, close grained, mild and of delicate flavor. Owing to its larger size it is later in ripening than the White Portugal or Silverskin. As soon as ripe the bulbs should be stored in a cool, dark or dry cellar. It is a heavy cropper and for the family garden as well as for market it is a valuable onion. Pkt. 10c; 1/2 oz. 20c; oz. 35c; 1/4 lb. \$1.25; lb. \$4.25.

Jung's Select Onion Seed

We make a specialty of HIGH GRADE ONION SEED. It is better to plant no Onions at all than to sow seed of poor quality. Our Onion Seed is all grown from carefully selected true-to-type bulbs. Such seed may cost a little more but will be far the cheapest when you compare the resulting crop.

Mrs. Willard Mason, Mich.—Always have wonderful luck with your seeds, everyone admires my garden for it is very productive.

Silverskin or White Portugal

A leading white, flat onion. The bulbs attain a good size, ripen evenly, and the color is a beautiful silvery white when cured. Its shape is flat but symmetrical. It is largely grown for pickling, being sown three or four times as thick as usual and is also extensively sown for sets. Pkt. 10c; 1/2 oz. 20c; oz. 35c; 1/4 lb. \$1.20; lb. \$4.00.

SELECT PEPPERS

WORLD BEATER—The very best extra large Pepper, being a cross of Chinese Giant and Ruby King, having the longer form and earliness of the latter with the size of the former. Fruits are of immense size, 4 to 5 in. long by 3 1/2 to 4 in. in diameter; flesh is very thick and so mild and sweet that they sell readily on all markets. Exceedingly productive and a good shipper. Pkt. 7c; 1/2 oz. 25c; oz. 45c; 1/4 lb. \$1.50.

OSHKOSH—The Best Yellow Pepper—A very distinct and desirable large fruited Pepper. The fruits are bright canary yellow at maturity but during growth they are a deep glossy green making an attractive sort to market as "green peppers." The flavor is mild and exceptionally sweet. Fruits average

4 1/2 in. in length by 3 1/2 in. in diameter, broad at base and taper slightly to a blunt point. Plants grow compact and are very productive. Pkt. 10c; 1/2 oz. 30c; oz. 50c.

EARLY GIANT—By far the largest early Pepper grown. The fruits will average as large as Ruby Giant but are ready to pick much sooner than that variety; the shape is very much like Chinese Giant. Plants grow rather dwarf and compact and are much more productive than most of the large fruited peppers, many plants bearing 12 of the immense peppers at one time. Its ripened fruit average 5 in. long by 3 1/2 in. in diameter, of a deep glossy color turning to a bright crimson when matured. The flesh is thick, sweet and of a pleasant flavor. Probably one of the most profitable varieties to grow for market. Pkt. 8c; 1/2 oz. 25c; oz. 45c; 1/4 lb. \$1.50.

CALIFORNIA WONDER—A magnificent Pepper resembling Chinese Giant in its large size and "blocky" form of fruits, full grown peppers will measure 4 1/2 in. in length and 4 in. in diameter. Flesh is unusually thick, very mild and sweet. A highly profitable variety for market gardens. Pkt. 8c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.75.

Mrs. Wm. Chesak, Nebr.—Had a wonderful garden from your seeds last year, seems like every seed grew.

PIMIENTO

PIMIENTO—This variety grows peppers that are of large size and is largely used for mangoes, salads and stuffing. Flesh is very thick, mild and sweet, color bright red when ripe. Pkt. 8c; 1/2 oz. 30c; oz. 50c.

LONG RED CAYENNE—This is the pepper so popular for seasoning and pickling. The peppers are long and slim, bright red when ripe and have a hot pungent flavor. Pkt. 8c; 1/2 oz. 25c; oz. 45c.

Mrs. Peter Resop, Wis.—Your seeds are the best money can buy.

OSHKOSH

PARSLEY

MOSS CURLED—The leaves are of an extra dark color. It is very productive, and on account of its densely curled character of leaves a large quantity can be gathered in a short time. It is much used for navoring and garnishing. Pkt. 7c; oz. 15c.

TURNIP ROOTED—This variety, the roots of which resemble a small parsnip, is used in flavoring soups, stews, etc. For winter use store the roots same as turnips; as easy to grow as carrots. Pkt. 7c; oz. 15c.

MOSS CURLED PARSLEY

BLUE BANTAM

BLUE BANTAM—A splendid new pea of sturdy, dwarf growth, one of the large podded early dwarf peas. The vines grow 14 to 16 in. tall, are dark green in color and wonderfully productive, bearing a profusion of handsome, dark green pods which measure 4 to 4½ in. long and contain from 8 to 10 very large dark green peas of superb quality. They mature a little earlier than Gradus with pods fully as large; they require no brush or support. You will plant this variety every year after once trying it out. Pkt. 10c; ½ pt. 28c; pt. 42c; qt. 75c.

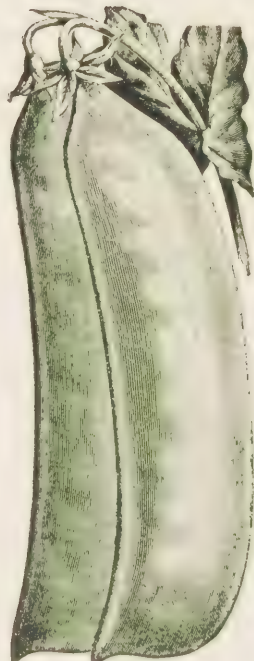

Giant Tendersweet Peas

Immense Pods, Heavy Yielder, Superb Quality

—A new main-crop Pea that is in a class by itself. Vines are strong and thrifty, 24 to 30 in. tall, require no brush and bear the giant sized pods in profusion. Pods are 5 to 5½ in. in length and contain 8 to 12 large, bright green peas that are very tender and of the very highest quality. We are confident you will be more than pleased with the new size, yield and quality of this splendid new Pea. Pkt. 10c; ½ pt. 28c; pt. 45c; qt. 75c.

LITTLE GEM

MAM. MELTING SUGAR

GIANT PODDED EARLY

GIANT PODDED EARLY—An exceptionally early pea, as early as Alaska with pods one-fourth larger. Vines grow medium height very robust and productive. Pods 3½ to 4 in. long and contain 7 to 8 large peas. A very fine extra early Pea that can be sown as early in the spring as the soil can be worked. Pkt. 8c; ½ pt. 25c; pt. 38c; qt. 70c.

Edible Podded Pea

MAMMOTH MELTING SUGAR—This variety is far superior to all others of the edible class of garden peas, not only in size but also in delicious quality. The large pods are sweet, brittle and tender and have none of the tough lining found in so many of the edible kinds. The pods are used the same as snap or string beans and will also make excellent pickles. Full grown pods measure 5 in. long and are so tender and brittle that they snap like glass; they have no strings. Pkt. 10c; ½ pt. 30c; pt. 45c; qt. 85c.

SWEET LUSCIOUS PEAS

EXTRA EARLY LITTLE MARVEL—The vines are of dark even growth averaging 15 inches in height and are heavily set with fine pods, frequently borne in pairs. The pods average about 4 inches in length, are square at the bottom and well filled with six or seven large deep green peas. The pods are ready for the table as early as the American Wonder while the peas are larger and the vines produce a heavier crop. The peas retain their attractive dark green color and superb flavor when served at the table. You will be delighted with the choice flavor of Little Marvel. Pkt. 8c; ½ pt. 25c; pt. 40c; qt. 70c.

Raymond Cockey, Md.—Your Blue Bantam Peas beat all other varieties I have ever tried.

TENDERSWEET

HONEY SWEET

SELECT LITTLE GEM—One of the most popular extra early dwarf peas. The demand for Little Gem increases every year which is a sure indication that it is giving satisfaction. Vines grow 14 to 16 in. tall, require no brush and are literally covered with pods. Pods contain from 6 to 8 peas of fine quality. A great favorite for home and market gardens. You will not be disappointed if you plant our "Gem." Pkt. 7c; ½ pt. 25c; pt. 40c; qt. 70c.

LITTLE MARVEL

SPECIAL OFFER NO. 9

To have a supply of fresh tender peas for a long period of time use the varieties offered here. Giant Podded Early may be sown very early and the others as soon as the soil is warm.

EVERBEARING—A fine second-early or main crop Pea which combines quality and yield and will continue a long time if the pods are kept picked. It has a remarkable habit, sometimes forming as many as six stalks which accounts for its great yields. The pods are of good size, and contain from eight to ten large peas which are of remarkable fine quality. Pkt. 7c; ½ pt. 25c; pt. 38c; qt. 70c.

JUNG'S HONEY SWEET—One of the best main-crop Peas to be had as they are truly of the most delicious flavor actually "sweet as honey." They grow a very healthy stocky vine about 18 in. high and require no support. The pods are produced in great profusion; they are 4 to 4½ in. long and contain from 8 to 10 peas of most luscious flavor. A very heavy bearer never failing to produce a crop of the giant pods. Pkt. 10c; ½ pt. 25c; pt. 40c; qt. 70c.

Harry Plath, Nev.—We tried some of your Honey Sweet Peas last year and they are by far the finest peas we have ever grown.

EVERBEARING PEAS

GROW MORE AND BETTER PEAS
BY USING NOD-O-GEN.
See Page 1.

PUMPKINS

BUSH PUMPKIN—A new type of Pumpkin that grows in a compact bush instead of long vines so delicious pie pumpkins may now be grown where space is limited. The plants form compact bushes and may be planted in hills 4 ft. apart. The fruits set freely, are of good size and of excellent quality for pies. Pkt. 7c; oz. 15c; ¼ lb. 45c.

BUSH PUMPKIN

HUNDREDWEIGHT—You will be greatly surprised at the size to which pumpkins can be grown when you plant this variety. Specimens have been grown weighing over 100 lbs. It is also of remarkably fine quality as the flesh is fine grained, sweet and tender and of excellent quality for pies. Pkt. 10c; oz. 20c; ¼ lb. 60c.

BIG TOM FIELD PUMPKIN—Vines are of strong, vigorous growth and wonderfully productive. Fruits will average 15 to 20 in. in diameter, round or oval in form. It is the hardiest of all pumpkins and is good for pies. Pkt. 7c; oz. 12c; ¼ lb. 30c; lb. \$1.10.

LUXURY PIE—This is the very best Pumpkin that has ever come to our attention. It is enormously productive, medium in size, being about 10 inches in diameter, almost globe-shaped and ripens early. The skin is finely netted and in color a beautiful golden russet which is a sign of finest quality. The flesh is very thick, sweet and sugary and deep golden in color. An excellent keeper for winter use. If you want some delicious pies for Thanksgiving Day plant LUXURY PIE. Pkt. 8c; oz. 20c; ¼ lb. 50c.

HUNDREDWEIGHT

GOLDEN ACRE

SUPERB VEGETABLES

Extra Early Golden Acre Cabbage

A wonderfully fine, extra early, round headed cabbage being ready for cutting ahead of Jersey Wakefield. The heads are of good size, very round, solid and every one just alike. Plants grow very compact and may be set close together. Plant this cabbage for market and it will prove to be your "golden acre" as your crop will be ready to cut while prices are high. We offer an extra select stock of this finest extra early cabbage. Pkt. 10c; 1/2 oz. 18c; oz. 30c; 1/4 lb. \$1.10.

Hybrid Golden Bantam Sweet Corn

Hybrid corns are remarkable for their uniformity of stalk, ears and maturity and this is true of sweet corn as well as field corn. This variety grows a vigorous stalk 5 to 6 ft. tall and many stalks produce two ears. Ears are 6 to 7 in. long and have 10 to 12 rows of tender, luscious golden kernels. An excellent variety for market gardeners as the crop all matures at one time, also well suited for canning or freezing as the kernels are so tender and sweet. Pkt. 10c; 1/2 pt. 28c; pt. 50c; qt. 80c.

T. Grzesik, Ill.—Had very good luck with the Honey Rock Musk Melon, they were very delicious and yielded a good crop.

Pride of Wisconsin Musk Melon

A splendid new Musk Melon combining the fine quality of Honey Rock with the firm flesh and hard rind of Hearts of Gold and will ship well for long distances. The melons are oval in shape, weighing 3 to 4 lbs. The flesh is unusually thick, firm, deep orange colored, fine grained and remarkably sweet and sugary. The rind is very hard, of a pearly gray color and heavily covered with a distinct netting. Extra Select Seed. Pkt. 10c; oz. 25c; 1/4 lb. 60c; lb. \$1.95.

Mrs. Wilbur Kayhart, Wis.—Your Hybrid Sweet Corn is just wonderful, the sweetest corn we ever ate. It is early and all ready at one time so is fine for canning and drying.

M. Munger, Mich.—Your Sugar Lump Tomato proved to be the finest tomato we have ever grown.

HYB. GOLDEN BANTAM

Select Honey Rock Musk Melon

Sweet as Sugar. Solid as a Rock. Heavy Yields. Handsome Appearance. Rapid Seller. Melon growers will find Honey Rock an ideal melon as it combines quality, productiveness, high quality and handsome appearance. It is main-crop variety, maturing in about 85 days; the vines are vigorous growers, free from disease and produce 5 to 7 large melons. Flesh is very thick, deep orange in color and remarkably sweet. You will make no mistake in planting this fine melon. Extra select seed saved only from hand selected melons. Pkt. 10c; oz. 20c; 1/4 lb. 50c; lb. \$1.75.

PRIDE OF WISCONSIN

JUNG'S WAYAHEAD THE EARLIEST OF IMPROVED TOMATOES

First to Produce Ripe Tomatoes. Good Sized Fruit. Smooth and Solid. Bright Red Color. Fine Quality.

As its name indicates it is way ahead when it comes to early ripening of fruit, even ahead of our famous John Baer and Earliana. We know this is a strong claim to make but it is an actual fact and we know that after you give it a trial you will be more than satisfied. The fruits are of good size, bright scarlet color, almost round, very smooth and remarkably handsome in appearance. The flesh is solid and of the finest flavor. Although it is the first to ripen vines continue bearing for a very long time. Every tomato grower knows that the first tomatoes always bring a big price and we are confident that this variety will more than please everyone who plants it.

Our strain of this tomato has all been grown from single plant selections and is highly improved. Pkt. 15c; 2 pkts. 25c; 1/2 oz. 60c; oz. \$1.00.

JUNG'S SUPER SELECT WAYAHEAD TOMATO

Many planters want Super Select or stock seed Tomato even though the price is high. To supply this demand we offer you seed saved only from the most select plants and first or crown-set fruits. Price of this super-select seed: Pkt. 25c; 1/4 oz. \$1.00; 1/2 oz. \$1.75; oz. \$3.25.

Joe J. Tuchscherer, Wis.—For me your Wayahead Tomato is the best, and I have raised Tomatoes for 55 years.

Super Hale's Best Cantaloupe

Many years of extreme care were spent in producing this splendid strain of cantaloupe. No matter what price you pay you cannot get a better melon. It is extremely early, very productive, uniform in size, and the deep orange flesh is of the highest quality. The melons are heavily netted and the flesh very solid, making it one of the very best shippers. You will never regret having planted this fine melon. Extra Select Seed. Pkt. 8c; oz. 15c; 1/4 lb. 40c; lb. \$1.50.

HALE'S BEST

EARLY YELLOW GLOBE

Early Yellow Globe Onion

This variety will mature 10 days to two weeks earlier than Southport Yellow Globe and is especially suited to sections where seasons are short. It is a good yielder and a much better keeper than most other early varieties. Bulbs grow 2 1/2 in. in diameter, globe-shaped, skin is deep yellow, flesh pure white, solid and of excellent quality. Where quick maturing early onions are wanted this variety should be used. Pkt. 8c; 1/2 oz. 18c; oz. 30c; 1/4 lb. 75c; lb. \$2.75; 5 lbs. \$12.50.

Jung's Sugar Lump Tomato

A remarkably fine tomato that ripens very early and bears a heavy crop of smooth deep red fruits from early summer until frost. Fruits are 1 1/2 to 2 inches in diameter, always smooth, deep red and very sweet, unexcelled for canning whole, salads and making tomato juice. Fruits are borne in clusters, often 12 to 15 in a bunch and are so productive that 12 to 15 plants will supply enough fruit for an average family. Select seed of our own growing. Pkt. 10c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.50.

SUGAR LUMP TOMATO

Jung's Earliest Tree Tomato

Enormous Yields. Bright Red. Early and Large. A splendid variety for the home garden. It is the largest fruited dwarf tree Tomato. The plants grow to a height of about 2 ft. and are stiffly erect until they become overloaded with fruit. The fruit is produced in clusters of 3 to 5 and as the growth is close-jointed each plant produces a large number. The tomatoes are of large size, and are smooth and solid. Fruits have a solid meaty center and no hard core and produce but very little seed. We consider the Earliest Tree invaluable for the home garden or shipping purposes. Pkt. 8c; 1/2 oz. 30c; oz. 50c.

Adolf F. Meier, Colo.—This is the 16th year we have ordered from you and it is not necessary to say that we are satisfied.

Jung's Earliest Tree Tomato

CUMBERLAND

BOYSENBERRY

SODUS

TAYLOR

NORTHERN GROWN BERRY PLANTS

New Giant Thornless Boysenberry

This sensational new berry is about the finest berry we know of. Unlike the ordinary variety the vines have no thorns and are even hardier. The berries are of immense size and their sweet delicious flavor is unsurpassed; they are a deep maroon red when ripe and almost seedless. We offer heavy 2-yr. plants as the 1-yr. plants are very fragile and hard to get started. Please bear this in mind when comparing prices. Each 40c; 3 for \$1.10; 12 for \$3.75, postpaid.

"CUMBERLAND" the Giant Black Raspberry

This is offered with assurance as a most desirable variety because of its immense size, fine quality and great productiveness. It is a wonder in size of berries and vigor in growth and is as hardy as any variety grown. Fruit is jet black and of extra fine quality. By far the best results in growing Black Raspberries have been obtained from 2-yr. or transplanted plants. We are now offering 2-yr.-old plants at prices very little more than was formerly charged for inferior 1-yr. plants. Please bear this in mind when comparing prices. Heavy 2-yr. Plants: 6 for \$1.45; 12 for \$2.75; 25 for \$5.45; 100 for \$21.00, postpaid.

"SODUS" the Best Purple Raspberry

Far superior to Columbian as the berries are larger, of better quality and the plants are hardier. Plants are vigorous and bear an usually large crop. Will not spread from roots or shoots. Strong 2-yr. plants: 6 for \$1.40; 12 for \$2.65; 25 for \$5.25; 100 for \$20.50, postpaid.

"TAYLOR" Red Raspberry

A Most Promising New Red Raspberry—An excellent new variety from the New York Exp. Station. Taylor is a thrifty grower and a heavy yielder of large bright red berries. The large conic berries are firm, bright red in color, of excellent quality and attractive appearance. Select plants: 12 for \$1.25; 25 for \$2.45; 100 for \$8.25, postpaid.

"LATHAM" the Giant Red Raspberry

By far the best raspberry to be had and stands unsurpassed for vigor and hardiness, size and handsome appearance of berries. Has made the remarkable yield of 5,430 qts. per acre. Hardy even as far North as Canada. The ability of Latham to yield so heavily together with the large size and fine appearance of the berries make it unquestionably the most profitable variety for either home or market garden. Many plants will bear fruit the first year they are set out. Price of strong disease-free plants: 6 for 75c; 12 for \$1.25; 25 for \$2.45; 100 for \$8.50, postpaid.

"Canada Red"

Pie Plant or Rhubarb

Pie Plants should be in every garden as they are the first plant in the spring to produce material for pies, sauce and canning. This grand variety produces large stalks that are dark red clear to the heart, makes sauces as red as strawberry jam, very sweet so does not require much sugar as ordinary kinds. Strong divisions; Each 50c; 3 for \$1.25; doz. \$4.25.

PIE PLANT

WASHINGTON ASPARAGUS

Giant Washington Asparagus

This new Asparagus has taken the country by storm as it is rust-proof and produces big stalks and large crops. This variety is the result of many years' work by the U.S. Dept. of Agriculture and fortunate indeed is the gardener who will get started with it as it will surely displace all other varieties. The stalks grow to a very large size, yet they remain so crisp and tender that they may be eaten raw. We have some extra heavy 1-yr. roots this year, these will start easier and give even better results than many 2-yr. plants. 25 for 85c; 50 for \$1.65; 100 for \$3.00.

What Our Customers Say:

Jos. L. Miller, Iowa—Your nursery stock is very good; our Asparagus and Berry beds are the envy of the neighborhood.

Our Berry Plants Are Certified

All of our raspberry plants have had double inspection by State Inspectors and are free from Mosaic and all other dangerous plant diseases and insects.

Growing Berries

A great part of growing a profitable crop of berries depends on properly setting out and caring for the crop. Unless the right care is given, the best plants will not produce a satisfactory crop. To assist you in every way we have prepared a set of complete cultural instructions for small fruits and will send same with every order for plants.

Mrs. Lela Osborn, Ill. — The Raspberry plants from Jung's are sure wonderful plants.

INDIAN SUMMER

Wonderful Everbearing Raspberry

"INDIAN SUMMER"

From trials on our own farms we found this new Everbearing Raspberry so much better that we have discontinued all other varieties. It is a heavy yielder both in early summer and fall, the berries are of large size and excellent quality. Bushes are very vigorous and hardy. Extra select plants: 6 for 85c; doz. \$1.50; 25 for \$2.75; 100 for \$9.50, postpaid.

LATHAM

GIANT ROBINSON

WONDERBEARING

Spring or June Bearing Strawberries

CATSKILL—Extra large, plump NEW Strawberry which is self-pollinating and ripens mid-season. Has the MOST DAZZLING red color and RICHLY AROMATIC FLAVOR of any mid-season Strawberry. Fine in texture, firm in quality and a prolific bearer—it makes an ideal dessert berry. Thrives on any good soil and is hardy. 25 for 90c; 50 for \$1.75; 100 for \$3.50.

GIANT ROBINSON—This new June bearing variety originated in the heart of the Michigan fruit belt and is rapidly taking favor over other varieties. The fruit is large, conical-shaped, scarlet-red all the way through. It is very firm and glossy, commands a premium on the markets for its fine appearance. This is without any doubt the most outstanding spring bearing variety and is a berry you should plant. Delicious for table use, a wonderful canner and preserver. 25 for 85c; 50 for \$1.65; 100 for \$3.25.

JUNG'S WONDERBEARING—A strawberry that will delight all growers who want a variety which combines fine quality and great productiveness. These plants are very vigorous growers and seem to succeed almost everywhere; they grow upright and carry the fruit well from the soil; it is medium early in ripening. The berries are of large size, some specimens 2 inches in diameter; of extra fine quality and handsome appearance. 25 for 80c; 50 for \$1.40; 100 for \$2.60.

New Everbearing Strawberry "STREAMLINER"

Heavy Yielder, Superb Quality, Large Berries.

The new everbearing strawberry surpasses all other varieties for yield, quality and size of berries. The strong vigorous plants will produce a good crop of fruit this year when planted on good soil and moisture is normal. They usually start ripening in August and will continue until frost. The berries are very large, rich red in color and remarkably sweet and delicious. By far the best of the everbearing strawberries. 25 for \$1.75; 50 for \$3.40; 100 for \$6.50.

BLUE LEAF ARCTIC WILLOW

Blue Leaf Arctic Willow

Very desirable for a dwarf, dense, compact hedge. Foliage is an unusual blue or gray-green color somewhat like a blue spruce. It is hardy in all parts of the U. S. and thrives in either wet or dry locations, grows rapidly into a beautiful dense hedge up to 4 ft. high and can also be used for mixing with other shrubs. Plant 18 to 24 in. apart. 2-yr. field grown plants. Each 40c; 3 for \$1.10; 12 for \$2.75.

Albert Lierman, Wis.—Bought shrubs from you last year and had fine results in getting them all to grow.

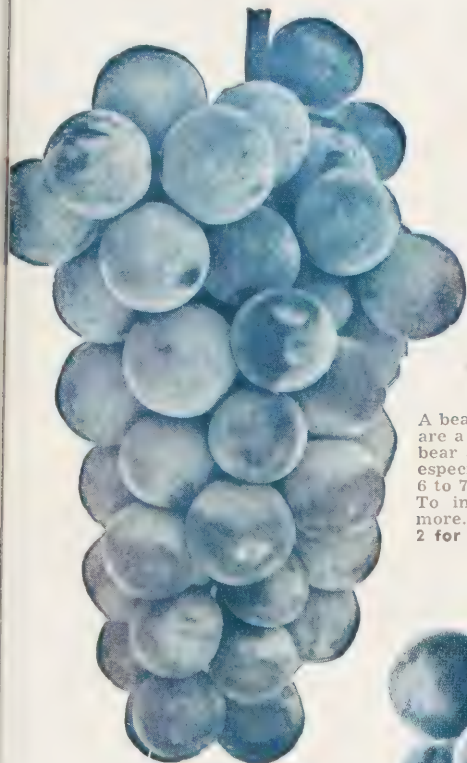

C. DeMars, Minn.—Received the Raspberry plants in good condition. Thanks very much for the swell plants, they are all you claim for them.

GOLDEN ELDER

Golden Elder

A valuable plant for producing contrast if planted with other shrubs as it has bright golden foliage but should have full sun for best effect. Grows rapidly on most any soil and can be pruned to form a neat compact bush. One of our best golden leaved shrubs. Extra strong 2 year plants; Each 45c; 3 for \$1.25.

CONCORD GRAPE

The Great Concord Grape

Concord is the most popular grape. It is the one variety that is supreme for every purpose where Grapes are wanted. It grows on all soils, in all climates, is perfectly hardy and extremely productive. The bunches are large and compact, berries large, bluish black over-spread with bloom. Flavor rich and superb, sweet and juicy. Fruit is produced annually in great abundance. Strong 2-yr. plants. Each 35c; 3 for \$1.00; doz. \$3.00.

Fredonia Grape

Considered the best grape for the northern states as it grows a vigorous hardy vine and ripens almost 2 weeks earlier than Concord. Clusters are good sized and compact, berries are large in size and of very fine quality. Select 2-yr. plants. Each 40c; 3 for \$1.10; doz. \$3.50.

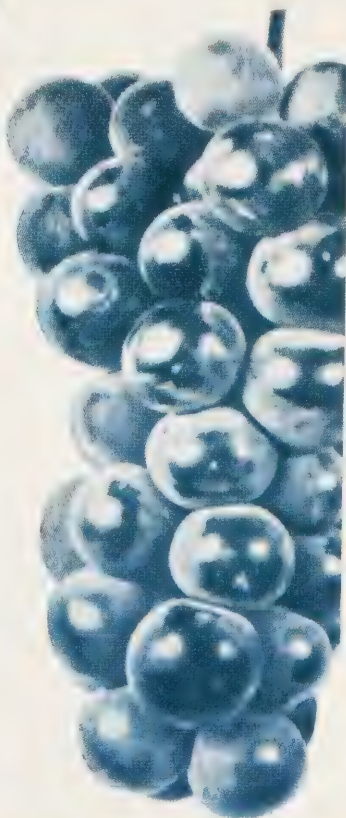

Mrs. J. Soukup, Ill.—Received my shrubs and they are wonderful; never received such fine plants before.

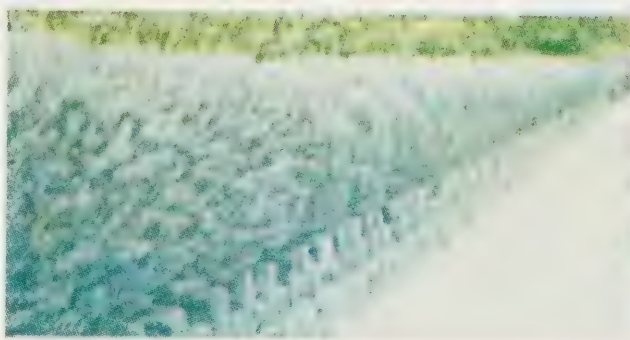

NANKING BUSH CHERRY

Nanking Bush Cherry

A beauty shrub for your yard or garden, bushes are a mass of bluish blossoms in the spring and bear an abundant crop of fruit in the summer; especially fine for pies and jelly. Bushes grow 6 to 7 ft. tall and start bearing the second year. To insure pollination you should plant 2 or more. Strong 3-yr. 24-36-in. plants. Each 95c; 2 for \$1.75; 6 for \$5.00, postpaid.

FREDONIA GRAPE

RUSSIAN OLIVE HEDGE

Russian Olive

We know of no tree or shrub that will endure as much heat, drought or severe cold as the Russian Olive. It may be grown as a tree, mixed with tall shrubs or for a hedge or windbreak; grown in any of these ways its beautiful silver gray foliage makes a wonderful appearance during the entire season. When grown as a tree it will grow 20 to 25 ft. tall, as a shrub or windbreak it will grow 8 to 10 ft. in a very short time. For a hedge or windbreak set 3 to 4 ft. apart. Select field grown 2-yr. plants: Each 40c; 3 for \$1.10; 12 for \$3.75. Strong 3-4 ft. trees: Each 60c; 3 for \$1.45.

RUSSIAN OLIVE TREE

DOUBLE PURPOSE SHRUBS

The three fine shrubs below may be planted singly, mixed with other shrubs and are also unexcelled for a hedge or windbreak. They are very hardy, free from insects and will grow to a height of 8 to 10 ft. in a few years.

PERSIAN LILAC

Spirea Van Houttei or Bridal Wreath

One of the best known and most useful shrubs as it succeeds everywhere. Fine for setting singly or among other shrubs, very largely used in all landscape work. It forms a round and graceful shrub with drooping or arched branches which in June are completely covered with snow white blossoms. Will fit in wherever graceful effect is desired and always gives satisfaction. Extra Strong Plants. Each 45c; 3 for \$1.10; 6 for \$1.85; doz. \$3.25.

HONEYSUCKLE

Fireball Bush Honeysuckle

A very hardy shrub that may be planted as a hedge, mixed with other shrubs or planted alone as a specimen. Grows 8 to 9 ft. tall and will thrive in full sun or partial shade. Flowers during May and a bush in bloom is a mass of bright red color followed by red berries in summer and fall. Select 2-yr. plants. Each 40c; 3 for \$1.10; doz. \$4.00; 50 for \$14.75.

The Graceful Persian Lilac

This is considered one of the best and most satisfactory of all our Lilacs and may well be ranked with the cream of the flowering shrubs. Few shrubs can match the grace and blending quality of its flower heads or the spicy fragrance of the blooms. It is very hardy, sure to bloom and does not spread like the common lilacs. It also makes one of the grandest hedges. Strong 2-yr. field grown plants. Each 35c; 3 for \$1.00; doz. \$3.75; 50 for \$13.25, postpaid.

BRIDAL WREATH

IMPROVE YOUR HOME LIKE THIS BY PLANTING JUNG'S SHRUB COLLECTION

JUNG'S IDEAL SHRUB COLLECTION

25 Strong 2-Year Field Grown Shrubs for \$7.75 Prepaid

- | | |
|--------------------------|--------------------------|
| 2 Bush Honeysuckle | 2 Red Leaved Barberry |
| 1 Forsythia-Ovata | 1 Climbing Rose |
| 1 Golden Elder | 3 Spirea-Van Houttei |
| 2 Hydrangea-Pan. | 2 Spirea-Anthony Waterer |
| Grandiflora | 1 Bush Bittersweet |
| 1 Hansa Rose | 2 Snowberry |
| 2 Persian Lilacs | 1 Yellow Dogwood |
| 2 Philadelphia-Snowdrift | 1 Viburnum |

This collection of shrubs planted around any home will greatly increase its beauty and value very much beyond the cost of the shrubs.

Ray Wittman, N. Y.—All the Ideal Shrubs grew and am delighted with them.

These are all strong well rooted 2 year field grown shrubs. At catalog prices they would cost \$9.50 but as a special offer they will be sent to you all charges prepaid for \$7.75.

H. R. Borchard, N.Y.—The Shrub Collection you sent me all grew.

HARDY FLOWERING SHRUBS

ISLE DE FRANCE

Snowball Hydrangea

These beautiful hardy shrubs attain a height of 4 to 5 ft. with nearly the same diameter. They are very graceful with their large trusses or heads of beautiful formed flowers of dazzling whiteness, rendering it a plant of peerless beauty. It comes into bloom right after Lilacs and remains in flower until August, does fine in partially shaded locations. It has been planted in all parts of the country and proved very hardy. Strong 2-yr. plants. Each 60c; 3 for \$1.75.

Hardy Forsythia Ovata

A very showy and beautiful shrub and one of the first to bloom, the flowers opening before the leaves are fully developed. Grows 4 to 5 ft. tall and a bush in full bloom is a shrub of rare beauty when completely covered with its dazzling scarlet flowers. 2-yr. field grown plants. Each 50c; 3 for \$1.25; doz. \$4.25.

Scarlet Flowering Quince

This new hardy Forsythia will stand severe winters much better than our standard varieties. It is one of the first shrubs to bloom in the spring, the masses of bright yellow flowers appearing before the leaves. Plants grow 5 to 7 ft. tall—excellent for the border. Branches may be cut late in the winter, taken indoors and forced into bloom. 2-yr. field grown plants. Each 50c; 3 for \$1.25.

Beauty Bush

There are few shrubs that can surpass this for beauty and profusion of flowers. It is absolutely hardy, grows to a height of 6 to 8 ft., and makes a wonderful showing when in full bloom. Its trumpet-shaped flowers are produced in such profusion that the branches droop gracefully like a Bridal Wreath. Be sure to plant one or more of these fine shrubs. Strong 2-yr. field grown plants. Each 60c; 3 for \$1.75.

BEAUTY BUSH

All of our Shrubs are 2 and 3-yr. field grown plants and have been transplanted several times which gives them very heavy roots. There is a great difference between these and the 1-yr. rooted cuttings which are sometimes offered at low prices. Order your shrubs early, we will send them out at the proper time.

Send Your Orders Early. Plants will be sent out at proper time for planting.

New Butterfly Bush

ISLE DE FRANCE—This wonderful new butterfly Bush is a rare beauty with its brilliant rosy-purple flowers, also delightfully fragrant. Grows a beautiful bush, 3 to 4 ft. tall, every branch bears a spike of flowers 9 to 12 inches long. Blooms from July until hard frosts. Strong plants that will bloom this year. Each 50c; 3 for \$1.25.

BLUE SPIREA

New Blue Spirea

CARYOPTERIS—A rare new plant of unusual charm and beauty, a real aristocrat for your garden. This hardy plant grows 18 to 24 in. tall and from Aug. until frost will bear an abundance of the beautiful blue flowers. Strong field grown plants that will bloom this year. Each 50c; 3 for \$1.25.

R. C. Arnaud, Mass.—Thanks for the wonderful shrubs you sent me. Every one lived and grew splendidly. They are the best plants I ever had.

CANADA GEM LILAC

New Lilac

CANADA GEM—A grand new lilac that is hardy as an oak and rivals the best French Hybrids for grace and beauty. It comes into bloom after our native varieties are through and remains in flower a long time. The flower heads are of immense size almost like Hydrangeas. We consider this one of the finest hardy shrubs you can have on your lawn. Will not spread like common lilacs. Strong 2-yr. plants. Each 65c; 3 for \$1.75.

Snow Garland Duetzia

A valuable and beautiful shrub which grows 3 to 4 ft. tall and may be used as a single shrub or planted in front of taller shrubs. Flowers are pure white and a bush in full bloom is a mound of glistening whiteness. Each 50c; 3 for \$1.25; doz. \$4.50.

Red Leaved Barberry

A new shrub that is rapidly gaining popularity. It has all the good points of the green leaved Japanese Barberry, being hardy, free from disease and grows in all kinds of soils. Its glowing red leaves give a warm touch to the landscape planting especially when planted singly as specimen shrubs but in all cases should have full sunlight to bring out the best color. Select 2-yr. plants. Each 45c; 3 for \$1.25; doz. \$4.75.

Persian Lilac

One of our most popular and beautiful Lilacs. Bushes make a rapid, graceful growth and are excellent for use either as a shrub or for a hedge. Flower heads, large, beautifully formed, bright lilac color and very fragrant. A very profuse bloomer, very hardy. Strong 2-yr. plants. Each 45c; 3 for \$1.10; doz. \$3.25.

Mrs. A. W. Tatum, Nebr.—The shrubs from you arrived in fine condition. They are wonderful big strong plants.

SNOWBALL HYDRANGEA

FLOWERING QUINCE

FORSYTHIA

DUETZIA

RED BARBERRY

PERSIAN LILAC

HYDRANGEA P. G.

Paniculata Grandiflora Hydrangea

The Most Satisfactory Ornamental Shrub. Very Hardy. Easy to Grow. Sure to Bloom. Very Showy.

If you can have but one shrub let it be one of these Hydrangeas. You will never regret having planted it. These shrubs grow 4 to 6 ft. tall and each branch is tipped with one of the immense flowers. It is very hardy, enduring the severest winters. Easily transplanted and rarely fails to bloom the first year planted. The first flowers appear in July, then open pure white later changing to pink. We offer only 2-yr. field grown plants of the true Flowered type. Each 60c; 3 for \$1.60; doz. \$6.00.

Tamarix

HISPIDA—This is the hardest and best variety. Will grow 8 to 10 ft. tall but can be trimmed to a lower height if desired. Foliage is dense and feathery, silvery blue in color very much like silver spruce. Bright pink flowers are borne over a long period of time. Grows in sun or shade and in wet or dry places. Strong 18-24 in. plants. Each 50c; 3 for \$1.25.

TAMARIX

HOPA CRAB

CHINA ROSE TREE

FRENCH LILAC

RED LEAVED PLUM

BEAUTIFUL FLOWERING TREES

1- The Glorious Hops Crab

Probably the most beautiful of the flowering crabs and is very hardy. It develops into a medium sized graceful tree and is an ornament wherever planted. When in full bloom the trees are covered with the deep rose colored blossoms which remain for quite a few days. The fruit is also used for jelly. **Strong** 3-4 ft. trees. Each 65c; 3 for \$1.75.

3- FRENCH LILAC

The French Lilacs have larger clusters and are even more fragrant than the common varieties. They make strong sturdy bushes and may be grown in tree form by pruning. You will be delighted with the immense trusses of lilac blue flowers of this fine Lilac. **Extra strong plants.** Each 65c; 3 for \$1.85.

Special Offer No. 87

One select 2-3 ft. plant of each of these five fine Shrubs and Trees for only \$3.50.

2- CHINA ROSE TREE

A very hardy, handsome ornamental tree that grows to a height of 6 to 8 ft., and is ideal for planting on a lawn as a specimen or in the rear of a shrub planting. It bears a wealth of double delicate pink flowers very much like roses. Comes into bloom very early even before the leaves appear. **Strong** 2 to 3 ft. trees. Each 85c; 3 for \$2.40.

4- RED LEAVED PLUM

This may be classed as one of the best red leaved shrubs, especially fine for planting among other shrubs as the deep red foliage

Cornus or Dogwood

These are especially valuable for the brilliancy of the bark and berries. The beautiful coloring of the bark is especially attractive during the winter. The berries are a great attraction for birds. They are very hardy, rapid growers and succeed in sun or shade.

RED BRANCHED—The stems and twigs are deep blood red. Grows 6 to 8 ft. tall, with clusters of fine white flowers succeeded by a fall crop of ornamental berries.

YELLOW BRANCHED—Very similar to the above except that the branches are bright yellow. Price of above: **Strong** 2-yr. 18-24 in. plants. Each 40c; 3 for \$1.00. State color wanted.

RED BRANCHED DOGWOOD

GIANT BRIDAL WREATH

FERN LEAVED SPIREA

PHILADELPHUS

Philadelphus Virginalis

This may be classed as one of our most beautiful hardy shrubs; if you can have but one shrub let it be one of these. Grows to a height of 4 to 5 ft., they come into full bloom in June and when in full flower resemble a huge bouquet being completely covered with clusters of large, double, pure white, sweet scented flowers and remain in flower for 3 to 4 weeks. **Extra strong** 2-yr. plants. Each 60c; 3 for \$1.60.

Giant Bridal Wreath

The finest of all Spirea. A splendid hardy, rapid growing shrub, 4 to 6 ft. tall when matured and even greater in diameter. It forms a large dome-shaped bush which in blooming season is covered with long gracefully drooping garlands of snowy white flowers which are delightfully fragrant. A very hardy attractive shrub that is sure to please. Select 2-yr. plants. Each 45c; 3 for \$1.25.

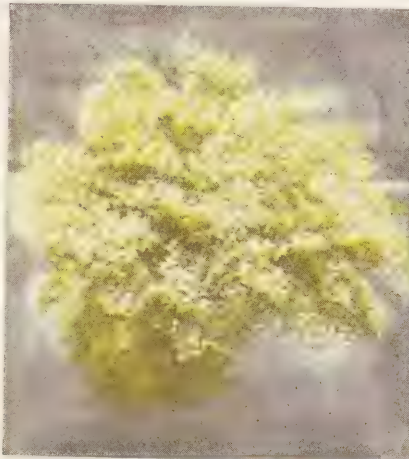

Fern Leaved Spirea

A handsome and vigorous shrub that should be included in every planting. It has foliage like a fern or Mountain Ash and produces large spikes of pure white flowers similar to a Hydrangea during July and August. Very fine for planting with other shrubs as the fern-like foliage shows up splendidly. Each 45c; 3 for \$1.25; doz. \$4.50.

shows up in contrast. If kept cut back new shoots will form on which the foliage is always the brightest, is very hardy and will grow 6 to 8 ft. tall. **Strong** 2-3 ft. plants. Each 75c; 3 for \$2.10.

5- MAY DAY TREE

A flowering tree of superb beauty useful for either the lawn or boulevard as it will grow to a good size, 20-25 ft., and is perfectly hardy. Early in the spring the profusion of fragrant white flowers makes the trees a massive bouquet of loveliness. One of the first trees to leaf out in the spring. Select 2-3 ft. trees. Each 75c.

GOLDEN LEAVED MOCK ORANGE

Golden Leaved Mock Orange

One of the Best Golden Leaved Shrubs. It not only has golden foliage but also produces a wealth of handsome, fragrant orange-like flowers in May and June. Well suited for planting singly, in groups, or for planting among other shrubs as the golden foliage adds life and charm to the planting. Makes a beautiful bush, perfectly hardy, and grows to a height of 4 to 5 ft. Each 60c; 3 for \$1.75.

Philadelphus "Snowdrift"

We rate this as one of our most desirable shrubs as it is very hardy and blooms so profusely that the bushes look like a snowdrift. It grows a very shapely bush, 4 to 5 ft. tall and in June the bushes are completely covered with the white sweet scented flowers, very much like orange blossoms. A very fine shrub for planting singly, mixing with plantings or as a hedge. **Strong** 2-yr. field grown plants. Each 45c; 3 for \$1.25; 12 for \$4.50.

MAY DAY TREE

PHILADELPHUS SNOWDRIFT

White Glory Spirea A Jewel Among Shrubs

The grace and beauty of this fine shrub are hard to show in a picture. The handsome dark green foliage is fine and feathery and makes a beautiful shrub even when not in bloom. Bushes are a mound of snowy whiteness when in full bloom. Grows 3 to 4 ft. tall. **Strong** bushy plants. Each 45c; 3 for \$1.25.

WHITE GLORY SPIRES

Protects Your Plants and Shrubs

This new repellent is guaranteed to be the most effective and efficient spray on the market. Especially prepared for use in gardens where one is bothered by dogs and other animals. It is non-poisonous and guaranteed not to injure dogs, plants or others coming in contact with it. Only a solution having a disagreeable odor offensive to animals with a keen sense of smell. Applied with a small hand sprayer and lasts several weeks. Indispensable around the home and garden. 3 oz. bottle 70c; 3 for \$2.00. Money refunded if not satisfactory.

HARDY WIEGELA

Hardy Wiegela

ROSALIE—This is one of the hardiest and most profuse bloomers; here in our nurseries it has withstood 20 below zero. In June the bushes are completely covered with deep rose pink flowers and often flowers again late in the summer. It grows 6 to 8 ft. tall, will thrive in partial shade or full sun and may be planted singly or with other shrubs. You will never regret planting this grand new Wiegela. **Strong select plants. Each 45c; 3 for \$1.25.**

Free Seeds and Plants
See Page 2

ROSY PLUME SPIREA

Rosy Plume Spirea

A beautiful hardy shrub, grows 4 to 5 ft. tall and blooms very profusely. The tip of each branch bears a plume of rosy pink flowers. The flowers are also fine for cutting. A very useful shrub for planting singly, in groups with other shrubs or also as a hedge. **Strong 2-yr. plants. Each 45c; 3 for \$1.25; 12 for \$4.50.**

Giant Red Berried Viburnum

AMERICANUM—One of our hardy useful and beautiful shrubs, growing to a height of 5 to 6 ft. They have a handsome brilliant green foliage which forms a rich setting for large broad heads of white flowers in June which are later followed by great clusters of crimson berries that remain on the bushes until late winter. **Extra strong 3-yr. plants. Each 45c; 3 for \$1.25; doz. \$4.25.**

VIBURNUM

Hardy Climbers

Boston Ivy

One of our most popular and easily grown hardy climbers as it will cling without support to even smooth walls. It seems to do best on the north or east sides of buildings. The foliage turns a deep maroon red in the fall. **Strong 2-yr. field grown plants. Each 45c; 3 for \$1.25.**

Clematis - Jackmani

One of our most popular and beautiful climbers. Flowers when fully open are 4 to 5 inches in diameter, deep violet purple with rich velvety appearance. When in full bloom the entire plant is a mass of solid color; they remain in flower over a long period. **Strong 2-yr. field grown plants. Each 75c; 3 for \$2.20.**

WISTERIA

SILVER LACE VINE

TRUMPET VINE

Wisteria

HARDY PURPLE—A rapid growing vine unsurpassed for beauty, excellent for pergolas, porches or trellises as it has a tightly clinging habit. It is very hardy and lives to a great age. They are especially ornamental in the early summer when the vines are covered with the large drooping blossoms. **Strong 2-yr. old plants. Each 45c; 3 for \$1.25.**

Silver Lace Vine

This is the newest and most fascinating hardy vine and has proved highly satisfactory wherever it was planted. Perfectly hardy, very fast growing and will cover a lattice, trellis, arbor or porch and provide both shade and beauty with its wealth of fine blossoms. It is provided with fine plentiful foliage and during August and September the vines are a fleecy cloud of bloom for white color. **Select 2-yr. plants. Each 45c; 3 for \$1.25.**

SCARLET BEAUTY HONEYSUCKLE

Trumpet Vine

A vigorous growing, hardy vine, well supplied with heavy fern-like foliage and remains in bloom all summer. The large trumpet-shaped flowers of orange scarlet are borne in clusters at the tips of the branches and bend the branches gently with their weight. **Strong plants. Each 45c; 3 for \$1.25.**

Our Best Hardy Climber

Scarlet Beauty Honeysuckle

Very Hardy. Blooms from June to October. Will Bloom Same Year Planted. No Insects or Disease.

We consider this to be one of our very best hardy climbers, also never bothered by insects or disease. Early in June the large fragrant flowers cover the vines and are then produced until late in the fall. If you wish a hardy and beautiful vine that will not disappoint you let it be Scarlet Beauty. **Select plants that will bloom this year. Each 60c; 3 for \$1.65.**

V. L. Clawson, Wis.—Your seeds and shrubs are very good—can't be beat.

JUNG'S SELECT PEONIES

Peonies are the first large flowers to come into flower in the spring and rival Roses for beauty and popularity. They produce their large beautiful flowers in great masses, are very hardy and are not bothered by insects. For best results they should be planted early in the spring or early fall. The plants we offer are strong divisions and should not be compared with light plants that are often offered at low prices. Planting instructions are sent with all plants.

1—EDULIS SUPERBA—Comes into flower early, often open for Decoration Day. Very large, deep rose-pink flowers that are unusually fine for cutting. Grows sturdy and blooms profusely. **Each 50c; 3 for \$1.25.**

2—FESTIVA MAXIMA—This fine Peony combines enormous size with wondrous beauty. Color pure white with trace of carmine specks on center petals. The most popular white variety, comes into flower very early. **Each 65c; 3 for \$1.75.**

3—KARL ROSENFELD—Large flowers of semi-rose type, almost a perfect globe when fully open; deep velvety red in color and borne on long straight stems. The plant grows strong and tall and each stem bears one of the brilliant flowers. An ideal variety for either landscape planting or cut flowers. **Each 65c; 3 for \$1.80.**

4—MONS. JULES ELIE—An exquisitely beautiful Peony. Giant sized flowers that are flesh pink shading deeper pink towards the center. One of our largest and most beautiful varieties resembling a giant pink chrysanthemum. **Each 65c; 3 for \$1.80.**

5—SARAH BERNHARDT—This can be classed as one of the best pink Peonies. Flowers of enormous size, live glistening shell-pink in color, with a delightful fragrance. Equally fine for landscape or show, a royal beauty in every way. **Each 65c; 3 for \$1.75.**

SPECIAL PEONY OFFER

One strong plant of each of these 5 Superb Peonies for \$2.95.

Giant Mixed Peonies

For people who wish a nice collection of Peonies at a reasonable price our mixture will please. The colors are well balanced and the plants are all strong select divisions. At our low prices you can afford to plant them liberally. **3 for \$1.10; 6 for \$2.00; 12 for \$3.80.**

HYBRID TEA ROSES

To meet a growing demand we are now offering a select list of especially fine hybrid roses. These are all strong 2-yr. field grown plants that will commence to bloom early in the summer and will continue to produce flowers until frost. Detailed instructions on how they should be planted and cared for will be sent with each order.

BRIARCLIFF—A very popular rose, large silvery pink blooms of superb beauty. The long pointed buds expand to mammoth flowers which are very fragrant.

K. A. VICTORIA—One of the best and also most profuse flowering white tea roses. The exquisite blooms are soft pearly white, very double, delightfully fragrant and beautifully formed.

PRES. HOOVER—One of the better two-toned roses being a fine combination of rich red and orange. Beautifully formed blooms

are freely produced and vigorous, upright bushes.

R. MALLERIN—A grand red rose that does not fade. Buds of brilliant red open into 3½ in. flowers which are very double and highly fragrant. A vigorous grower and profuse bloomer.

S. THERESA—One of the best yellow roses. Flowers are very fragrant, color bright yellow with some of the petals edged with carmine. Grows a healthy, vigorous, free-flowering bush.

PRICE OF ABOVE ROSES—Select 2-yr. field grown plants: Each 80c; 3 for \$2.30; 6 for \$4.50.

ROSE OFFER NO. 1

One select 2-yr. plant of each of the above 5 Hybrid Roses for \$3.50.

Rose Dust

Keep your Roses, Hardy Phlox and all other garden plants free from insects, blight, mildew, black spot, etc., by using DuPont Floral Dust. To keep your plants free from insects and disease make the first application early and then spray or dust every 7 to 14 days. May be applied either as a dust or spray, full instructions on every container. 1 lb. can \$1.20; 4 lb. can \$3.65 postpaid.

RED BUD TREE

CERCIS or RED BUD TREE

A beautiful hardy tree that grows to a height of 15 to 20 ft. It blooms early in the spring before the leaves come out when the branches are completely covered with bright rosy-pink flowers. It also makes a very desirable shade tree as the large heart shaped leaves grow very dense. One of our longest lived hardy shade and ornamental trees. Select 3-yr. trees: Each 85c; 3 for \$2.40.

"Oriental Pearl" THE MAMMOTH GLADIOLI

A superb new Gladioli that only a few years ago sold for \$5.00 per bulb. The immense flowers are produced on spikes 4 to 5 ft. tall and a dozen spikes will make a giant sized bouquet. Flowers are 5 to 6 in. across, 5 to 6 open at a time; color is a creamy white with just enough tinge of pink to give it a live pearl appearance. You will be amazed at the huge size and rare beauty of the flowers. Select bulbs: Each 45c; 3 for \$1.25; 6 for \$2.25.

Mrs. A. Foster, Ohio—The Gladioli you sent me last year produced flowers just too beautiful.

Mrs. Albert Baer, Md.—Just to let you know how well pleased we are with the Glads, they were wonderful.

GOLDEN ROSE OF CHINA

Climbing Rose

"RED DOROTHY PERKINS"

A splendid new climbing rose remarkable for its brilliant fiery red flowers and the great masses of blossoms that are produced in clusters of 6 to 8 flowers each. The flowers are very double and much larger in size than the ordinary Rambler Roses. The vines are vigorous growers, leaves glossy and deep green and are practically immune from disease and insect attacks. Select 2-yr. plants: Each 60c; 3 for \$1.70.

RED DOROTHY PERKINS

HARDY RUGOSA ROSES

These roses are very hardy and can be grown in any part of the U. S. They were produced by crossing the hardy Rugosa Rose with some of the best double everblooming varieties. They have perfectly double flowers, bloom at frequent intervals throughout the season and are highly fragrant. They are absolutely hardy and are not susceptible to many diseases and insects that attack other roses.

GROOTENDORST

DWARF RAMBLER ROSE "F. J. GROOTENDORST"—A cross between Rugosa and Baby Rambler that blossoms profusely from early summer until fall. It forms a stocky bush, 2 to 3 ft. tall on which the blossoms are borne in clusters resembling bouquets of red carnations. Flowers are bright red and very fragrant. The finest rose for a hedge or massing with other shrubs as it is both hardy and everblooming. Select plants: Each 75c; 3 for \$2.10; 12 for \$8.00.

BELLE POITEVIN—Grows a strong, vigorous bush and branches freely, every tip laden with large double flowers of a live, clear pink color. Buds are long and have an exquisite perfume. Strong plants: Each 65c; 3 for \$1.80; 12 for \$7.00.

HANSA—One of the finest of the hardy Rugosa Roses, growing a strong healthy bush that bears the large handsome flowers in great profusion. Flowers are large, very full and double and a rich maroon red in color. A bush of these roses is a grand sight when in bud or bloom. Strong plants: Each 50c; 3 for \$1.40; 12 for \$5.25.

HARRISON'S YELLOW—One of the hardiest yellow Roses. When in full bloom the plant is simply a mass of gold. Foliage is fern-like and very attractive. Strong 2-yr. plants: Each 90c.

SIR THOMAS LIPTON—A pure white Rugosa Rose, flowers are very double and borne in profusion throughout the season. A beautiful fragrant rose. Strong 2-yr. plants: Each 65c; 3 for \$1.80; 12 for \$7.00.

PLEASE NOTICE

When comparing prices please bear in mind that we sell only 2-yr. strong field grown Rose Bushes. We do not offer small 1-yr. grafts such as are often offered at low prices.

S. THOS. LIPTON

HANSA

SKYROCKET

Skyrocket Rose

A hardy Rugosa Rose and one of the most profuse bloomers, plants set out in the spring are often completely covered with flowers in 6 to 8 weeks after planting. Flowers are produced in large clusters, especially beautiful when in bud as they are long and pointed later opening into beautiful flowers. By keeping the plants lightly pruned they will flower all summer. Select 2-yr. field grown plants: Each 75c; 3 for \$2.10; 6 for \$4.00.

Hugonis or Golden Rose of China

A wonderful new rose from China that is perfectly hardy and very showy even when not in blossom as the foliage is very fine or fern-like, deep green and very glossy. Very useful for planting with other shrubs or for show plants when planted singly. The bushes grow 4 to 5 ft. tall and when in full bloom are a mound of glistening gold, the branches drooping gracefully with a mass of blossoms. The long densely flowered branches may be cut for table bouquets without detriment to the bushes as the new growth produces the flowers. Strong 2-yr. plants: Each 50c; 3 for \$1.35; doz. \$4.90.

VISTA BONITA SNOW PRINCESS KING LEAR

BIG TOP RUFFLED BEAUTY RED GIANT

JUNG'S SELECT GLADIOLI

It's Easy to Grow Fine "Glad's"

There is no bulb of such easy culture, embracing the great range of color with endless combinations and variety, to equal the Gladioli. Our bulbs are of the finest quality and will give bountiful satisfaction the first season. The bloom is continuous from the end of July until frost. Culture instructions will be sent with each order.

"Prizewinners" (See Cut Above)

The grand new Gladioli listed below are some of the very best of the new introductions and for size, beauty and color are really superb. If you wish something extra fine you will order this collection.

BARCAROLE—Gorgeous large heavily ruffled flowers of rich, clear orange. A superb beauty.

BIG TOP—Immense flowers of light salmon-pink often 5 to 6 in. across and 6 to 7 blossoms open at one time.

BLACK OPAL—Large black-red flowers produced on long spikes. Sure to attract attention.

CHAMONY—Large flowers of a live snappy rose pink color. The most beautiful deep pink.

CHARMAINE—A new shade of clear rich medium rose, 5 to 6 flowers open at one time with as many more buds showing color. Large flowers well placed on sturdy stalks, comes into flower early.

GLAMIS—A rare beauty, deep shrimp pink, heavily ruffled and fluted. A new type sure to please.

KING LEAR—One of the best purple "glads." Large ruffled flowers, very rich and velvety.

LAVENDER RUFFLES—A rare combination of grace, beauty and charm. Clear live lavender-pink rivaling orchids for beauty.

RED GIANT—Immense deep scarlet red flowers produced on long straight spikes. A sure winner.

RUFFLED BEAUTY—Very large, heavily ruffled, soft canary yellow. Vigorous growers, tall straight spike.

SNOW PRINCESS—One of the best whites. Very large ivory-white flowers well placed on long straight spikes.

VISTA BONITA—Huge blooms of a clear deep rose-pink color. You will be delighted with this one.

Price of above select bulbs: 3 for 40c; 12 for \$1.45; 100 for \$7.50. When ordering name varieties wanted.

Special Gladioli Collection No. 1

One select bulb of each of the above 12 grand new Gladioli for \$1.45; 5 of each for \$6.75.

MARGARET BEATON

FIREBRAND

The Wonder "Glad's"

BEACON—Clear light rose scarlet with large orange throat. Strong grower, immerse flowers.

BLUE ADMIRAL—One of the best deep violet-blues. Large flowers borne on strong straight spikes. Highly recommended.

CORONA—Creamy white with wide rose edge on all petals. Very distinctive and beautiful. Tall strong grower.

ETHEL CAVE COLE—A strong husky grower, strong spikes with 6 to 8 flowers open. Large showy flowers. rich pink color, one of the better "pinks."

FIREBRAND—Mammoth flowers that are brilliant red and sure to please with their showiness. Tall straight spikes, profuse bloomer.

MARGARET BEATON—Heavily ruffled snow-white with small scarlet blotch in throat. One of the best "glads" to be had.

MILFORD—A lovely clear light blue. Flowers very

large, well placed on strong sturdy spikes.

OREGON GOLD—The outstanding clear yellow "glad." Tall straight spikes often 4 to 5 ft. tall with as many as 10 beautiful flowers open at a time. A "must have" for all "glad" fans.

PINK RADIANCE—An outstanding rose-pink grows a strong tall spike with many truly beautiful flowers.

PURPLE SUPREME—Very large clear deep purple; you will be delighted with its size and beauty.

ROSA VAN LIMA—One of the better "pinks," a bright snappy color. As many as 8 large flowers on a spike open at a time.

WINSTON—Large white heavily ruffled flowers with just a tinge of cream. A truly superb glad.

Price of above: Each 12c; 3 for 35c; 12 for \$1.25.

SPOTLIGHT

GIANT EXHIBITION GLADIOLI

Here are some of the newest Gladioli originations that will thrill and delight you with their exotic beauty and charm.

ABU HUSSAN—A new deep violet-blue that has size and beauty. Large flowers that are borne on straight, tall, strong stems.

BLUE BEAUTY—Considered one of the best blue gladioli. Large flowers of medium blue shading deeper towards the edges. Tall strong grower, makes a grand spike.

BURMA—Deep rich rosy red with wide open heavily ruffled flowers. Grows a stiff sturdy stem with well placed flowers. A prize winner wherever shown.

CASABLANCA—A truly grand white "glad" that produces a tall straight spike with 6 to 8 flowers open at once. The glistening white flowers are of large size, slightly ruffled and well placed on the stalks.

ELIZABETH QUEEN—Beautiful clear lavender with darker lines in the throat. The large flowers are heavily ruffled and open 7 to 8 flowers at a time, well placed on stiff straight spikes. A lavender in a class by itself.

LEADING LADY—A new "top-notch" gladioli that well deserves its popularity. Large creamy-white flowers with lemon yellow throat. Flowers well placed on tall straight spikes.

PINK SPARKLES—Large ruffled flowers of a clear snappy or sparkling pink. A "glad" you will like.

SPOTLIGHT—One of the finest glads grown as it has size and beauty. Tall, sturdy spikes, often 5 ft. tall bearing the immense blooms which are a rich canary yellow with a bright red blotch in the throat.

STOPLIGHT—This new red "glad" we consider "tops." Large solid bright red flowers are produced on spikes 4 to 5 ft. tall and often 6 to 8 flowers open at the same time. Flowers are heavily ruffled and a bouquet of these is a sight to behold.

RUFFLED PRINCESS—A gorgeous live rose pink so heavily ruffled that half open flowers resemble roses.

Price of above: Each 25c; 3 for 70c; 12 for \$1.80.

GLADIOLI COLLECTION NO. 2

One large select bulb of each of the above 10 Giant Exhibition Gladioli for \$1.60; 5 of each for \$7.25.

OREGON GOLD

WINSTON

Jung's Giant Red Gladioli

There are so many beautiful Gladioli that it is hard to pick a single variety as being the best. However, the red ones seem to be the most popular and if you wish something out of the ordinary order some of these bulbs, they will produce flowers of giant size and beauty in many shades of "red." **Large Select Bulbs: 6 for 55c; 12 for \$1.00.**

JUNG'S RUFFLED GIANT GLADIOLI

JUNG'S RUFFLED GIANT GLADIOLI

Immense Ruffled Flowers. Giant Tall Spikes of Flowers. Gorgeous Colors. Easy to Grow. Sure to Bloom.

These bulbs are put out for people who want the very best of the new giant flowered "glads." Only the newer varieties are used and each package is put up separately so if you order six or a dozen bulbs no two will be alike. If you wish to surprise your friends with gladioli that are giant in size and the most rare and beautiful colors plant some of these bulbs. Many of them will grow 4 to 5 ft. tall and produce flowers 4 to 5 in. across. **Large Select Bulbs: 6 for 50c; 12 for 95c; 50 for \$3.50, postpaid.**

GIANT RAINBOW GLADIOLI

GIANT RAINBOW GLADIOLI

Easy to Grow. Sure to Bloom. Giant Flowers.

We grow these grand flowers by the acre and want all of our customers to share their beauty. You will be delighted with the size, beauty and gorgeous color of the flowers. Many of them will grow 4 to 5 in. across with 6 to 8 flowers open at one time. If cut when first flowers open will last for 10 days. In this mixture you get a grand assortment at a very reasonable price. **6 for 35c; 12 for 60c; 50 for \$2.25.**

Blue & Purple Gladioli

There is always a great demand for gladioli in blue and purple shades. To meet this demand we grew a nice lot of these colors the past year and are able to supply a very fine selection of these popular colors. **Select bulbs: 6 for 55c; doz. \$1.00; Order early as our supply is limited.**

SENSATION

SENSATION

"The Wonder Glad"

Bright soft rose, 6 to 9 massive heavily ruffled flowers on a spike, often grows 5 to 6 ft. tall, truly a wonderful 'glad.' **Each 25c; 3 for 60c.**

Mrs. Roy E. Study, Ind.—The "Glads" from your bulbs were beautiful. Visti Bonita was really a beauty. Took first prize at our Garden Club Flower Show.

EVERBLOOMING WONDER LILY

RED RUSSIAN LILY

BEAUTIFUL HARDY LILIES

New Everblooming Wonder Lily

Easy to Grow. Sure to Bloom. Rivals Easter Lilies for Beauty.

This marvelous new Lily has been a sensation the past season. It is a continual bloomer, sending up new spikes throughout the season. The stalks grow strong and very erect, 2 to 3 ft. tall and carry from 4 to 8 long trumpet-shaped flowers. The flowers are very large, delightfully fragrant and look much like Easter Lilies except that the outside is slightly shaded with rose. You will never regret having planted some of these wonderful new Lilies. The bulbs we offer are extra strong and will bloom this summer. **Each 35c; 3 for \$1.00; doz. \$3.50. May also be grown from seed. Pkt. 10c; 3 pkts. 25c. Growing instructions on each packet.**

Red Russian Lily

You must see this wonderful Lily in bloom to realize how beautiful it is. The first year it will have from 4 to 10 flowers on a stalk, the second year as high as 25 flowers on a plant. The large flowers are orange-red in color and very showy. Grows 2 to 3 ft. tall, blossoms in June. One of the most easily grown lilies and is very hardy. **Each 30c; 3 for 85c; doz. \$3.25.**

Pardalinum Giant Sunset Lily

One of our most hardy and easiest grown Lilies. Very vigorous and robust, growing to a height of 5 to 6 ft., and flowers profusely. The petals are a fiery red shading to a beautiful yellow inside and are dotted with dark brown spots. Does well in either full sun or partial shade. This Lily will add rare brilliance to your garden; its wonderful beauty must be seen to be appreciated. **Large blooming size bulbs: Each 30c; 3 for 85c; doz. \$3.25.**

The Beautiful Regal Lily

A magnificent new Lily that is sure to become popular as it is hardy, easy to grow and produces the most gorgeous blossoms. The flowers are of pure white inside, flushed with golden yellow in the throat and stained pink on the outside. Its perfume is exquisite and sweet, very much like Jasmine. It grows 2 to 3 ft. tall and increases in size and beauty from year to year. Blossoms in July. We offer large, 3-yr. blooming bulbs which should not be confused with small sizes often offered at low prices. **Each 25c; 3 for 65c; doz. \$2.50.**

Do not confuse our Lilies with some that are offered at "bargain" prices which usually are small, inferior stock.

All of the Lilies we send out are strong select bulbs which are sure to bloom this summer.

SUNSET LILY

SPECIAL LILY OFFER

One strong bulb of each of the five fine Lilies on this page for **\$1.20; 3 for \$3.50.**

REGAL LILY

Hardy Yellow Day Lily
THE GEM—A perfectly hardy yellow Lily that needs no protection and will thrive in any good soil and will succeed in either sunny or shady locations. A clump of these fine lilies makes a fine show in any garden or border with their many tall stems of fragrant, wax-like, clear yellow blooms. Grows 2 to 3 ft. tall and produces 6 to 10 flowers on a stalk. **Each 30c; 3 for 75c; doz. \$2.90.**

Mrs. R. V. Schmitton, Tex.—People came from miles around to see my "glads." They grew very tall with 16 flowers on a stalk, many flowers over 4 in. across.

Bottom—GOLDEN MAJESTY
Top—ROSE QUEEN

Mrs. S. C. Lawson,
Mont. —The Iris and
Shrubs from you
were the loveliest we
have ever had.

BLENDED BEAUTY

VIOLET BEAUTY

SNOW KING

THE IRIS "IRISTOCRATS"

Anyone wishing to have a collection of new and beautiful Iris that are outstanding for size and beauty will find it in this grand collection.

BLENDED BEAUTY—A grand new Iris being a wonderful blend of bronze, gold and red. Strong tall grower with often as many as seven giant flowers open at one time. Large flowers and rich colors. Really superb.

ELKHART—Deep chestnut red with mahogany red falls. Flowers are very large, deep yellow and of thick substance. Grows a vigorous plant and is a profuse bloomer. Each 60c; 3 for \$1.50.

GOLDEN MAJESTY—One of the very best yellow Iris. Flowers are very large, deep yellow and of thick substance. Grows a vigorous plant and is a profuse bloomer. Each 60c; 3 for \$1.50.

JEAN CAYEUX—A Dykes Medal Winner and one of the most distinct and beautiful Iris. A marvelous blending of buff and Havana brown.

MIDNITE—Very large deep purple, almost black, color intensified by dark blue beard.

MARQUITA—Immense flowers, brilliant ivory yellow, falls have bright ruby lines from apex to base. A true aristocrat.

MICHELANGELO—A new color in Iris best described as dove-gray. Flowers very large and showy.

LAVENDER RUFFLES—Large heavily ruffled flowers, both falls and standards are a beautiful blend of lavender and orchid.

ROSE QUEEN—Probably our most satisfactory Iris as it is very hardy and also a profuse bloomer. Flowers are very large, light rose-pink in color and of heavy substance. 3 to 4 flowers on stems 24 to 30 inches tall.

Note—Iris do best when planted during Aug. or Sept. Orders for plants may be placed now and plants will be sent in August.

SIERRA BLUE—Giant flowers of clear enamel-like blue. Very stately, grows 4 to 5 ft. tall.

SNOW KING—A superb new white Iris of huge size and beauty of form that makes it stand out in any planting.

VIOLET BEAUTY—Deep violet-blue which does not fade. Large flowers are beautifully ruffled and produced in abundance.

PRICE OF ABOVE IRIS—Except where noted: Each 35c; 3 for \$1.00; 6 for \$1.85.

Special Iris Offer No. 2

One select plant of each of the above
12 "Iristocrats" for \$3.00.

Iris undoubtedly are one of the most popular, hardy perennials and they well deserve their popularity. They are hardy and may be grown under various conditions with little care. They are easy to grow, not bothered by insects and come in a wide variety of colors. You will be highly pleased with our vigorous, healthy plants.

RED RADIANCE

12 Giant Flowered Iris

Wonderful improvements have been made in Iris in recent years. The varieties listed below will give you a truly grand collection of the newer varieties. Only a few years ago many of these sold for \$5.00 to \$10.00 each.

1—BLACK WINGS—Intense deep blue, almost black. Giant flowers, very fragrant, a real beauty.

2—CLARA NOYES—A fine blend of apricot, orange and peach. Something new and beautiful.

3—DORE—A new and beautiful color combination. Standards light yellow, falls pure white.

4—EROS—A new color in Iris, being a solid salmon pink throughout. Large, lovely flowers.

5—FRIEDA MOHR—A deep lilac and pink of giant size flowers. 6 to 7 in. across. The most fragrant of all Iris.

6—GRACE STURTEVANT—Strikingly showy, standard rich maroon, falls deep velvety red. Strong grower, large flowers.

7—GIANT WHITE—An excellent clear snow white. Immense flowers of good substance. Very free bloomer.

8—HEAVENLY BLUE—Gigantic flowers of solid delphinium blue. An iris of beauty and charm.

9—MARCO POLO—A clear two-toned "red," the standards are lustrous red and the falls brilliant crimson.

10—PINK SATIN—A large lovely pink with delightful ruffling. Orange beard gives added charm.

11—RED RADIANCE—A tall grower and one of the better "reds." You will like it.

12—TREASURE ISLAND—One of the very best new deep yellow Iris. Flowers very large, standards beautifully frilled and ruffled. Each 35c; 3 for \$1.00.

PRICE OF ABOVE IRIS—Except where noted: Each 30c; 3 for 75c; 6 for \$1.35.

SPECIAL IRIS OFFER NO. 1

One select plant of each of the above 12 Grand New Iris for only \$2.50.

LAVENDER RUFFLES

CLARA NOYES

PINK SATIN

BLACK MAGIC

OCTOBER BLAZE

AUTUMN or EVERBLOOMING IRIS

These fine Iris bloom not only in the spring but usually flower again in the fall.

BLACK MAGIC—The most profuse fall bloomer. Deep blue violet with a rich velvety lustre.

FROST QUEEN—Free bloomer, large flowers of pure frosty white.

JEAN SIRET—The best ever-blooming yellow. Medium height, plants are a mass of color when in bloom.

OCTOBER BLAZE—One of the most attractive fall bloomers. Large flowers of reddish purple. Price of above Iris: Each 30c; 1 select plant of each for \$1.00.

GRAND NEW IRIS

"The Red Douglas"

A grand new Iris of giant size and rare beauty, a profuse bloomer bearing the large blooms on strong sturdy stems. Standards rich rosy red, falls almost carmine and a bright orange beard adds to the beauty of the flowers. This will prove a beauty spot in any planting. Each 60c; 3 for \$1.50.

Mrs. A. J. Seitz, Wis.—
Never before have I seen
as beautiful Iris as those
we grew from your plants.

RED DOUGLAS

GIANT ORCHID

Giant Orchid Iris

You will be amazed at the size and beauty of this grand Iris. Flower stalks grow 3 ft. tall with as many as 4 to 5 mammoth blooms on a stem. Flowers are a delicate orchid-pink, their beauty is hard to describe and must be seen to be appreciated. Each 75c; 3 for \$2.00.

Top—PRAIRIE SUNSET
Bottom—WABASH

NOTICE

Iris and Peonies can be planted in the fall also. We can fill order from August to November.

GIANT FANCY IRIS

Dwarf Iris

A dwarf strain of Iris growing only 6 to 8 in. tall and are very useful as borders for tall Iris. flower beds; also desirable for rock gardens. They come into bloom very early and spread freely soon forming a solid mass of color. **DR. POTTER**—Deep purple, free flowering. **BETTY PRESBY**—Light yellow, profuse bloomer. Price of above: 6 for 65c; doz. \$1.25; 25 for \$2.25. Plants shipped in July and August

BORDER QUEEN

MRS. JENKINS

FIREBRAND

JUNG'S HARDY PHLOX

These may be classed as one of our best summer flowering perennials. They are very hardy, easy to grow and suitable for a wide variety of soils. All of our plants are strong field grown and not small rooted cuttings.

BORDER QUEEN—The best pure deep pink. Flower heads of mammoth size and a profuse bloomer. The best pink.
DAILY SKETCH—Immense flowers of light salmon pink with carmine eyes. No other hardy phlox produces florets so large.
FIREBRAND—Bright vivid scarlet, large and showy. One of the best.
MRS. JENKINS—A favorite variety as it is pure white and blooms for a long period.

Any of the above: 35c each; 3 for \$1.00; doz. \$3.50. Mixed colors; 3 for 85c; doz. \$3.00.

DWARF IRIS

Dictamus or Gas Plant

A very showy hardy plant that will deserve a place in every flower garden. It grows to a height of about 2½ ft. and is well supplied with attractive fragrant foliage. During June and July the showy spikes of heavily scented flowers are borne in great profusion. Should be planted in heavy soil and a sunny position. We can supply either pink or white, mention color wanted on order. Select field grown plants. Each 45c; 3 for \$1.10.

Moretons Lythrum

Another grand hardy perennial that will delight all flower lovers. Very thrifty and vigorous and produces long spikes of closely set bright rose flowers. Especially fine for bouquets. Plants remain in flower for 6 to 8 weeks. Strong field grown blooming size plants. Each 35c; 3 for \$1.00.

NOTICE!

Owing to the extra expense of filling and packing plants and shrubs we cannot accept orders for these items unless they amount to \$1.00 or more. With every order we include free a booklet of instructions on how to plant and care for Bulbs, Plants, and Shrubs.

F. H. Sullivan, Ill.—Shrubs and seeds ordered from you arrived in good shape. Am very much pleased with them.

Mrs. A. W. Sullivan, Ore.—I can highly recommend all JUNG'S plants and seeds.

LYTHRUM

GAS PLANT

Top—PIUTE
Bottom—BUFFAWN

TRITOMA

Tritoma

PFITZERI RED HOT POKER — Strikingly handsome and showy plants surpassing all others in brilliancy of color which is a rich orange scarlet. They grow 2½ to 3 ft. tall and bloom from August to October. A fine plant for beds or borders and also well suited for cutting or bouquets as they last a week to ten days after cutting. Extra strong plants. 3 for 65c; 6 for \$1.25; doz. \$2.25; 100 for \$13.75.

MONARDA

Monarda

CRIMSON BEAUTY—This hardy and showy perennial deserves wide popularity. The plants grow 2 to 3 ft. tall and succeed in almost any soil but show up best in a sunny location. Well suited for planting among shrubs or in borders. The brilliant showy flowers are produced from June until August. Both flowers and foliage are very fragrant. Select field grown plants. Each 35c; 3 for 95c.

GIANT AMARYLLIS

Mrs. Laura French, Mich.—Received my order of bulbs and am very pleased with them, also your generosity in the extra ones you put in and the quality of them.

SPOTTED LEAF CALLA

C. E. Herring, Miss. — The bulbs and seeds ordered from you produced gorgeous and beautiful flowers.

ANGEL OR MAGIC LILY

RANUNCULUS

SUMMER FLOWERING BULBS

GIANT HYBRID AMARYLLIS

We know of no flowering bulb that will give more satisfaction for indoor flowering than these new giant flowered Amaryllis. The bulbs we offer are a most select strain, large bulbs that often produce two stems with from two to four giant blooms of most perfect form. Colors range from white through various shades of rose, red, and deep crimson, but as they are hybrids we cannot send specified colors; however, most of them are dark rich colors. Will bloom in six to eight weeks after planting. Extra large bulbs: Each 40c; 3 for \$1.10; 12 for \$4.00.

TUBEROUS BEGONIAS

FANCY DOUBLE TUBEROUS BEGONIAS

Unexcelled as a flowering plant for either pots indoors or outdoor planting. Easy to Grow and Sure to Bloom.

The rare charm and beauty of these beautiful flowers is hard to describe as they must be seen to be appreciated. They may be grown as pot plants, in window boxes or on a shady porch or on the shady side of your home. They commence to flower early and continue to bloom until frost. We offer select bulbs of the finest varieties. Instructions on their planting and care will be sent with every order. Extra large bulbs that will bloom profusely. Each 25c; 3 for 70c; 12 for \$2.60.

NEW PINK CALLA

E. J. Burns, Tex.—Have certainly been well pleased with the shrubs and bulbs ordered from you.

SPOTTED LEAF CALLAS

The most satisfactory Callas to grow either in pots or in the garden as they are easy to grow and sure to bloom. Foliage is deep green with creamy white spots. We can supply either yellow or white flowering; always state color wanted. Blooming size bulbs: Each 35c; 3 for \$1.00; doz. \$3.50.

NEW PINK CALLA

A grand Calla with bright pink flowers and makes one of the most exquisite flowering plants you can grow. Will grow and bloom freely like any other callas. Blooms are sweet scented and gems of beauty. Blooming size bulbs: Each 60c; 3 for \$1.50.

ANGEL or MAGIC LILY

A grand summer flowering bulb, producing with great freedom large Amaryllis-like pure white fragrant blossoms. A most wonderful plant as the flowers are so large and handsome. Bulbs send up tall stems, which bear several of the large flowers. Bulbs may be taken up in October and after a few weeks' rest, potted and flowered in the house in winter. We know you will be highly pleased with this fine Lily. Each 30c; 3 for 80c; doz. \$3.00.

Mexican Lily or Tigridia

The rare beauty of these grand flowers is hard to describe. They grow 18 to 20 in. tall and produce their large showy flowers 3 to 4 in. across in a wide range of color from yellow and orange to brilliant crimson. They are easy to grow and sure to bloom. 3 for 35c; 6 for 65c; doz. \$1.25.

GIANT HYBRID RANUNCULUS

The largest and most gorgeous strain ever offered. Produces giant double and semi-double flowers, 2 in. and more across in shades of red, yellow and pink. May be grown in the garden like gladioli. Extra select bulbs, in mixed colors: 6 for 50c; 12 for 90c; 100 for \$5.50.

Top—MRS. GEO. BOUTILLIER Middle—ROSE GLORY
Bottom—CALIFORNIA IDOL

DE LUXE DAHLIAS

It is a source of deep satisfaction to grow truly giant flowered dahlias in your garden. It is not difficult to do this if you plant some of the excellent varieties listed below and follow the simple instructions sent with each order. The dahlias listed below are outstanding kinds, not only are they of giant size and fine colors but they are also vigorous growers and free flowering.

CALIFORNIA IDOL—Probably the largest and finest yellow dahlias. Many flowers 10 in. in diameter and produced on strong heavy stems. Each 60c; 3 for \$1.50.

JANE COWL—One of the best known and widely grown bronze or golden tan varieties. It's large shaggy blooms of copper and gold are very attractive. Each 45c; 3 for \$1.10.

MRS. GEO. L. BOUTILLIER—One of the best carmine red dahlias. A true giant as many flowers are 12 in. in diameter. Easy and vigorous grower, profuse bloomer. Each 50c; 3 for \$1.25.

ROSE GLORY—Rose pink flowers of large size and a very free bloomer. One of the best for landscape effect, flowers 6 to 7 in. across. Each 45c; 3 for \$1.10.

THOMAS EDISON—A grand and striking variety. Giant attractive flowers of deep royal purple, it well deserves its great popularity. Each 60c; 3 for \$1.50.

WHITE WONDER—Pure white flowers 8 to 10 in. across are not uncommon. A beautiful flower with long curled petals. Each 50c; 3 for \$1.25.

SPECIAL DAHLIA OFFER

One select root of each of the above six grand Dahlias for \$2.75.

NOTE—For best results dahlia roots must be properly stored until time to plant. For this reason we do not send out the roots until the proper planting time. You may order them with your seed and we will see that your dahlias are sent out when time to plant.

BEDDING DAHLIAS

Dwarf or Bedding Dahlias

These grand dwarf Dahlias are very desirable for either beds or borders. They will start blooming in 6 to 8 weeks after planting and will then be a mass of flowers until frost; a bed or row of these Dahlias are a grand sight when in flower. They grow 18 to 24 inches tall and branch very freely bearing flowers on each branch, also excellent for bouquets. Flowers will be of all colors and will be single, semi-double and double but all very beautiful. Select bulbs: 3 for 70c; 6 for \$1.35; 12 for \$2.50; 25 for \$5.00.

GIANT FANCY ASTERS

How to Grow Asters

and all other Vegetables and Flowers is written in detail in our booklet on Vegetables and Flowers. A copy is sent free with every order of 25c or more, if requested.

CENTAUREA OR BACHELOR BUTTON

Mrs. Joe Hohn, Kans.—Your shrubs did so well for us and the seeds produced fine plants, in fact the Asters were the most I have ever raised.

TOP ANNUAL PAINTED DAISIES
ANNUAL CANTERBURY BELLS

Annual Daisies

FANCY MIXED—Plants of very neat branching habit, grow about 12 to 15 inches high and are exceedingly profuse in flowering. A bed in full bloom is a magnificent sight. New colors in all shades from pure white to deep orange. Many are beautifully rayed or zoned, certainly a great acquisition and a magnificent new garden favorite. Pkt. 7c.

Bachelor's Button or Centaurea

JUNG'S FANCY MIXED—This is perhaps one of the most popular and indispensable annuals. Grows to a height of 2 ft. and produces its large, long stemmed flowers for a very long time. May be sown early in the spring, in a few weeks they come into flower continuing until hard frosts. We offer a very select strain containing many beautiful colors. Pkt. 7c; 1/2 oz. 15c.

Carnations

GIANT EVERBLOOMING MIXED—A select strain of Carnations that will bloom the first summer and produce large double flowers of rare beauty. Plants may be taken up in the fall and potted and they will continue to bloom during the winter. Pkt. 10c; 3 pkts. 25c.

Annual Painted Daisies

Easily grown annuals that produce some of the best color combinations known in flowers. They are as easily grown as poppies and remain in bloom for a long time. As the flowers are produced on long stems they make splendid bouquets and will last for a long time. Do not sow the seed too thick as the plants require room to give best results; they should be 12 to 15 inches apart each way. Pkt. 7c; 2 pkts. 10c; 1/2 oz. 15c.

Annual Canterbury Bell

ANNUAL FANCY MIXED—You can now have these beautiful flowers in bloom in one season. By starting the seed in March they will bloom from August until October. The plants grow 2 ft. tall, each plant having 6 to 8 spikes of large, cup-shaped blossoms. Our seed contains the following colors: White, rose, pink, dark and light blue. We consider this one of the finest new flowers. Pkt. 8c; 2 pkts. 15c.

"Fire Flame" CELOSIA

An easily grown and highly attractive annual that may be grown in the flower garden or in pots. Plants grow 12 to 15 in. tall and the center stalk and each branch terminates in a fiery red flame. Even more attractive than Geraniums or Salvias and remain in flower for weeks. Pkt. 12c; 2 pkts. 20c.

FIRE FLAME CELOSIA

JUNG'S GLORIOUS FLOWERS

Make Your Flower Garden a Joy All Summer

Asters

JUNG'S GIANT FANCY WILT RESISTANT—This is a well balanced mixture of the very finest Asters of wilt resistant strains. Regardless of what price you pay better seed cannot be had. It contains all colors and many of the flowers will be 4 to 5 in. across and borne on stems 2 to 3 ft. long. Pkt. 10c; 3 pkts. 20c; 1/2 oz. 30c.

ANNUAL DAISIES

Mrs. S. Malmsten, Mich.—Have planted Jung's Seeds for over 20 years and have always been well pleased. Never had better Asters than those from you; also had many compliments on my Gladioli.

Carnation Pinks

FANCY MIXED—The rare beauty of these fine annuals rival Carnations and come into flower in 6 to 8 weeks after sowing. Plants grow 12 to 15 in. tall and bloom profusely for a long period of time. Well suited for beds, borders and bouquets. Pkt. 10; 1/2 oz. 25c.

CARNATIONS

G. Fletcher, New Cambria, Mo.—We were very much pleased with all of the seeds we had from you. The Carnations were lovely.

CALIFORNIA POPPY

Centaurea

JUBILEE GEM—A new type of the popular "corn-flower" or bachelor button. Grows only 8 to 10 in. tall and the deep blue flowers fairly cover the bushes. Unexcelled for borders as they commence to flower very early and continue in bloom for weeks. Pkt. 7c; 1/2 oz. 15c.

JUBILEE GEM

H. Clyde Hoover, Ohio—For nearly thirty years JUNG'S seeds have been coming to our home so you know we are satisfied.

Everlasting Flowers

GIANT MIXED—These everlasting flowers should be in every flower garden and for this reason we have placed them in this list. The plants grow about 2 feet high and produce the beautiful flowers like a half-open rose in great profusion. They make a very pretty bed and if picked will last all winter; excellent for Christmas and New Year decorations. Our seed includes all colors. Easy to grow. Pkt. 8c; 2 pkts. 15c.

EVERLASTING FLOWERS

California Poppy

GIANT HYBRID MIXED—You will be highly delighted with the profusion, size and wonderful new colors of these flowers. Unlike the old variety these form upright bushes with fine cut foliage and bloom from June to October. Colors include orange, rose, crimson, lavender, and many other new shades. Very easy to grow. Pkt. 8c; 2 pkts. 15c.

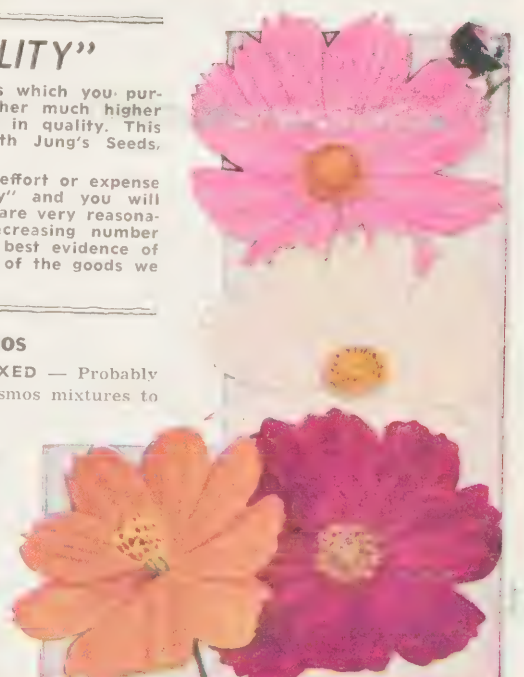

"QUALITY"

A great many items which you purchase today are either much higher in price or inferior in quality. This is not the case with Jung's Seeds, Plants and Shrubs.

We have spared no effort or expense to maintain "quality" and you will find that our prices are very reasonable. Our steadily increasing number of customers is the best evidence of the superior quality of the goods we send out.

Cosmos

JUNG'S SUPERB MIXED—Probably one of the finest Cosmos mixtures to be had. Made up of such grand varieties like Sensation, Early Flowering, Golden Flare, etc. Will supply you with grand flowers from early summer until frost. Many of the flowers will be 4 to 5 inches across and are borne on long stems; grand for bouquets. Pkt. 8c; 1/2 oz. 15c.

JUNG'S SUPERB COSMOS

FOUR O'CLOCK

Four O'clock

FINEST MIXED — No flower makes a prettier border than the old-fashioned Four O'clock. Plant grows to a height of two feet and blooms in early morning and evening and rivals the choicest garden flowers in color. It is one of the most brilliant and showy plants that can be grown with little or no trouble. **Pkt. 8c; 1/4 oz. 15c.**

"Quality First"

You can rely upon the Quality of Jung's Flower Seeds. They are grown from select stocks and all mixtures are made up of a well balanced selection of colors. We know you will be delighted with the gorgeous flowers you can grow by planting Jung's Select Flower Seeds.

GIANT FANCY MARIGOLDS

Giant Fancy Marigolds

By planting this seed you can have all the beautiful new Marigolds at small expense. This mixture contains seeds of the carnation and chrysanthemum types, also the Crown of Gold. You will be delighted with the giant size of the flowers and wide range of colors. Will bloom from early summer until frost. **Pkt. 8c; 2 pkts 15c; 1/8 oz. 20c.**

CARNATION CENTAUREA

GAILLARDIA

DOUBLE PORTULACA

Carnation Centaurea

GIANT FLOWERED MIXED The beautiful flowers produce long stemmed, handsomely fringed blossoms 3 to 4 in. across and are delightfully fragrant. They rival carnations for beauty, in fact you will like them better as the colors are very dainty. Easy to grow and especially fine for cutting as they last a long time in water. **Pkt. 8c; 2 pkts. 15c.**

Annual Gaillardia

FINEST MIXED One of the most showy annuals and greatly admired for their fine form and rich blending of colors in orange, brown, bronze, maroon and crimson. Many of the flowers are 4 in. across and being produced on long stems are excellent for bouquets. They blossom from July until frost. Easy to grow. **Pkt. 7c.**

Double Portulaca

GIANT DOUBLE MIXED — A very choice strain of the popular bedding annuals that will delight you with their profusion of double flowers and will produce a high percentage of double flowers in a wide range of colors. Unsurpassed for beauty and brilliance. **Pkt. 12c; 3 pkts. 35c.**

CALENDULA

DWARF MARIGOLD

Calendula

FANCY MIXED — One of our best and showiest free flowering hardy annuals. Of the easiest culture, producing a fine show in beds as they continue in flower from early summer until killed by frost. Also makes a fine plant for pot culture, blooming freely in winter. The immense double flowers are produced on long stems and last for a long time when cut for bouquets. **Pkt. 7c; 1/8 oz. 15c.**

Dwarf Marigolds

LITTLE MIDGETS MIXED — There are few, if any, of the low growing annuals that produce a profusion of flowers for a longer period of time. They form dense attractive bushes 1 ft. high and are a solid mass of color in yellow, orange, brown and maroon. Very useful for borders and also for bouquets and baskets. **Pkt. 8c; 1/8 oz. 15c.**

LARKSPUR

New Giant Double Larkspur

EXQUISITE MIXED — A new and improved strain of Larkspur which for size and doubleness of flowers, long stems and wide range of color is unexcelled. Plants will grow 3 to 4 ft. tall and produce long spikes of the beautiful double flowers. Remains in flower for a long time if kept picked. **Pkt. 8c; 1/8 oz. 15c.**

CLEOME OR SPIDER PLANT

Cleome or Spider Plant

ROSE QUEEN — Plants grow to a height of 3 1/2 ft., well branched, each branch tipped by a head of bright rosy-crimson flowers. Very useful for large beds, backgrounds or planting among other shrubs. Remains in full flower from early in summer until killed by hard frosts. Seed should be sown in the open ground as soon as the soil can be worked and plants should be given plenty of room. **Pkt. 8c; 2 pkts. 15c.**

New Snapdragon

RUST-PROOF MIXED In many sections rust destroyed these plants before they flowered. This new strain is very resistant to rust and you may grow these favorites to perfection. It will produce very large flowers in a wonderful range of bright, rich colors. **Pkt. 10c; 3 pkts. 25c.**

HEAVENLY BLUE MORNING GLORY

PEARLY GATES

SCARLET O'HARA

GRAND NEW MORNING GLORIES

HEAVENLY BLUE — A plant of these beautiful Morning Glories in bloom is a truly grand sight. The flowers measure 3 1/2 to 4 inches across and in color are dark sky-blue with a white throat. Very profuse bloomers and remain in flower for a long time. **Pkt. 8c; 2 pkts. 15c; 1/4 oz. 25c.**

PEARLY GATES — A fitting mate for Heavenly Blue except for color. Flowers are of giant size, abundantly produced and a rich satiny white color. Comes into flower early and blooms for a long time. **Pkt. 15c; 2 pkts. 25c.**

SCARLET O'HARA — A remarkably fine showy climber as first flowers open in July and from then until frost they are borne in profusion. Flowers are 3 to 3 1/2 in. across and of a soft velvety scarlet. **Pkt. 12c; 1/4 oz. 35c.**

GIANT FANCY MIXED — A superb mixture of the above varieties and also some of the ruffled strains, truly a superb mixture. **Pkt. 8c; 1/4 oz. 20c.**

Double Hybrid Nasturtiums

DWARF MIXED Now you may have these wonderful sweet scented double Nasturtiums in a wide range of color in true bush form. The plants will grow 12 to 15 in. tall and when in full bloom are a mass of color. The flowers are double, large, well formed and delightfully sweet scented. Colors range from lemon through orange to flaming scarlet. **Pkt. 7c; 1/2 oz. 12c; oz. 20c.**

SNAPDRAGON

PANSIES

Pansies

JUNG'S GIANT FANCY MIXED—This "Fancy" Mixture contains seeds of the largest, richest and handsomest pansies known to the horticultural world. The well formed expanded flowers are uniformly of the largest size and of fine substance; they are borne on long stiff stems well above the heavy deep green foliage. The colors are rich and varied such as white, cream, yellow, deep orange, mahogany, claret, reddish bronze rose; all are distinctly blotched. **Pkt. 25c; 1/8 oz. \$1.25.**

VELVET FLOWER

Mrs. W. T. Uhner, Ohio, I appreciate the wonderful flower seeds you sent, the Scabiosa were beautiful and our Stocks plant had 38 flowers and buds at one time. The Calendula were the nicest I have ever had in my flower garden. Many thanks.

MASTODON SNAPDRAGONS

Scabiosa

BLUE MOON One of our most showy blue garden annuals. Plants grow 18 to 24 in. tall and produce an abundance of bloom for a long period of time. Flowers are of large size, a beautiful blue, and being borne on long stems are ideal for bouquets. **Pkt. 10c; 2 pkts. 15c; 1/8 oz. 25c.**

STOCKS

Velvet Flower

GIANT FLOWERED MIXED Undoubtedly one of the most attractive annuals and for richness of colors they are unsurpassed. Splendid for either beds or bouquets, they are as easy to grow as petunias and should be in every garden. The colors are very rich and velvety, each flower showing tints of gold. Continually in flower from early summer until frost. **Pkt. 8c; 2 pkts. 15c.**

Snapdragon

MASTODON MIXED These wonderful Snapdragons are truly giant in size and must be seen to be appreciated. They produce spikes of flowers 2 ft. long and many of the single flowers will be 1 to 1 1/2 in. across. Our mixture is composed of the very best colors and a bed will supply you with cut flowers all through the summer and fall. **Pkt. 8c; 3 pkts. 20c.**

BLUE MOON SCABIOSA

Superb Double Stocks

JUNG'S FANCY MIXED One of the best known and most popular annuals, of easy culture and suitable for pot plants as well as the garden. The plants grow to a height of 2 ft. and produce long spikes of double flowers, many of them 2 in. across. Colors include white, rose, blue, crimson, and yellow. Our seed is a superb select strain. **Pkt. 8c; 3 pkts. 20c.**

Zinnias

RUFFLED GIANTS A great improvement on former Fantasy types. The long petals are quilled, curled and pointed with no centers of flowers showing. Flowers are remarkably large, 4 to 4 1/2 in. across and are borne on long stems. The seed we offer covers a wider range of rich color than most Zinnias. You will be delighted with these grand new Zinnias. **Pkt. 15c; 2 pkts. 25c.**

GIANT FANCY SCABIOSA

Scabiosa

GIANT FANCY MIXED A hardy and easily grown annual well suited for beds or bouquets. Bushes grow 2 1/2 ft. tall and are in flower from early summer until frost. The flowers are borne on long wiry stems, are of large size and exquisite colors. Our seed is a highly improved strain selected for large flowers and wonderful colors. **Pkt. 8c; 2 pkts. 15c.**

RUFFLED GIANT ZINNIAS

BRILLIANT ROSE

BEAUTIFUL BEDDING PETUNIAS

BRILLIANT BEAUTIES

BRILLIANT BEAUTIES—A very select strain of dwarf compact Petunias especially suited for beds, borders or window boxes. The plants grow very compact, 8 to 12 in. high, and commence to bloom when only a few inches high. They are a solid mass of bloom from early summer until killed by hard frosts. Our mixture is made up of a well balanced selection of live bright colors. If you wish a bed of flowers that will last all summer and survive heat and dry weather plant some of these grand Petunias. **Pkt. 8c; 2 pkts. 15c; 1/8 oz. 35c.**

BRILLIANT ROSE—If you wish a flower bed that is bright and cheery throughout the summer and fall plant some of these brilliant Petunias. Plants grow compact, 8 to 12 in. tall, they commence to bloom when only a few inches tall and are a blaze of color from early summer until hard frosts. Flowers are of good size and a live, rose red color. **Pkt. 10c; 3 pkts. 25c; 1/8 oz. 50c.**

FLAMING VELVET—One of the most showy Bedding Petunias. Plants are a mass of striking color from early summer until late fall. The large flowers are a beautiful shade of deep velvety maroon-red, very rich and showy. **Pkt. 10c; 3 pkts. 25c; 1/8 oz. 60c.**

DEFIANCE MIXED—This strain bears grand substantial flowers of the largest size in profusion. The flowers frequently measure 5 in. across. Most of the flowers are fringed beautifully and have open throats. All are distinctly veined especially in the throat portion and in many the throat is darker than the outer portion of the petals, imparting a rich velvety effect. Some of the colors are rich and gorgeous while others are of lovely delicate shades. **Pkt. 35c; 3 pkts. \$1.00.**

GIANT CUTHBERTSON SWEET PEAS

New Giant Cuthbertson Sweet Peas

This new type of Sweet Peas has created a sensation wherever they were grown this past year. They grow very vigorous vines, produce an abundance of large fragrant blossoms which are highly fragrant, produced on extra long stems and are of beautiful clear colors.

It is the ideal variety for the home flower garden, due to its great vigor it will bloom and prosper in those sections where other varieties fail due to hot weather. As the vines are such strong growers do not plant them too thick, plants should be at least 8 to 12 in. apart in the rows.

COLINE Mammoth flowers of bright scarlet color, does not fade easily in hot sun.

DANNY—Large showy navy blue, a color you will like.

FRANK G. Clear rosy lavender, received 1st prize for the best of this shade.

JANET Huge snowy white flowers borne on long stems, abundant bloom.

KATIE One of the most beautiful colors being a rose cream pink, must be seen to be appreciated.

LIZA Large showy flowers of deep maroon red, unusual but beautiful.

Price of any above Sweet Peas: Pkt. 15c; 1/2 oz. 35c; oz. 60c.

SPECIAL OFFER No. 84—One pkt. of each of the above 6 Giant Cuthbertson Sweet Peas for 60c.

Giant Cuthbertson Mixed Sweet Peas

This is a grand mixture of these grand new Sweet Peas containing all of the above varieties besides many newer shades. A grand surprise awaits you if you plant some of them as for vigor, large flowers, long stems and profuse blooming they are "tops." **Pkt. 12c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.75.**

W. J. Cordy, Mellen, Wis.—Sweet Peas from you last year were the talk of our town.

Mrs. J. Plumb, Sheboygan Falls, Wis.—I've planted your Sweet Peas the past two years and they were superb. My friends and neighbors marvel at my big sweet peas.

JUNG'S SUPER GIANT ZINNIAS

Our sales on the truly Giant Flowered Zinnias are increasing every year. People who saw them in flower in our fields were amazed at the giant size of the flowers and brilliant colors. The plants make a strong growth and form compact bushes 2 to 3 ft. tall; the flowers are borne on stiff stems well above the foliage. For a wealth of flowers plant them in rich soil, give frequent cultivation and lots of water and you will be surprised at the results. Flowers are often 5 to 6 inches across. They will be a glory to behold from early summer until frost.

CANARY BIRD—Graceful flowers of rich canary yellow. Pkt. 10c.

DREAM—Large attractive flowers. Lavendar changing to purple. Pkt. 10c.

EXQUISITE—One of the most pleasing as regards to form and size. Light rose with deep rose center. Pkt. 10c.

METEOR—A rich, deep glowing red and the darkest of all red shades. Flowers very large and produced in abundance. Pkt. 10c.

ORIOLE—Well worthy of the beautiful bird for which it was named. Immense orange and gold bicolor flowers which change color as the flowers grow older. Pkt. 10c.

POLAR BEAR—Decidedly the best pure white Zinnia. For size, color and free blooming it stands supreme. Pkt. 10c.

SPECIAL ZINNIA OFFER

1 Pkt. of each of above 6 Grand Zinnias for 40c.

Jung's Super Giant Mixed Zinnias

This is one of the finest mixtures of Zinnia to be had. It contains seed of all those shown besides many other colors. If you want glorious color around your home from early summer until frost, plant some of these Zinnias. As they are produced on long, stout stems they will make excellent bouquets for livening up any room. Pkt. 8c; 3 pkts. 20c; 1/4 oz. 40c.

Inoculating your Sweet Peas will produce larger and finer flowers. See page 1.

EVERBLOOMING SWEET PEAS

Jung's Giant Everblooming Sweet Peas

This superb Sweet Pea mixture is made up of both early and late Giant Spencers and will remain in flower for many weeks. It has been made with extra care from the finest large flowering Spencers and will produce a well balanced color effect. All dull and undesirable colors have been omitted making this as fine a mixture of Sweet Peas as it is possible to produce. Pkt. 8c; 1/2 oz. 15c; oz. 25c; 1/4 lb. 90c.

Giant Spencer Sweet Peas

These new Sweet Peas are of enormous size, which with their charming colors and waved or fluted appearance entitles them to be put in a class by themselves. Some of the flowers grown on our farm measured 2 1/2 inches across. The plants are vigorous in growth and should stand at least 18 inches apart.

BONNY BRIAR—A sparkling rose pink of immense size. Long stems often bearing four flowers. One of the best.

FLAGSHIP—A rich deep navy blue and the best in its color class. Flowers of large size on long stems are borne in profusion.

FLORA—A magnificent flower of clear deep lavender. Flowers are beautifully waved or ruffled and borne 3 and 4 on long stems.

MAYTIME—One of the most beautiful giant flowered ruffled sweet peas. Color is a rich golden cerise and must be seen to be appreciated.

RUBICUND—The flowers of this grand variety are heavily ruffled and very showy. Flowers are a striking crimson scarlet and fairly glisten in bright sunlight.

SNOW WHITE—The grandest of all white sweet peas, remarkable for its pure whiteness and large size.

WARRIOR—Beautiful flowers of deep maroon red, large in size and true ruffled type. A vigorous grower and profuse bloomer.

PRICE of any above Sweet Peas; Pkt. 8c; 1/2 oz. 20c; oz. 30c.

SPECIAL SWEET PEA OFFER—One large pkt. of each of the 7 fine Giant Spencer Sweet Peas listed above for only 30c.

Mrs. Mitchell, Wis. —
Your Sweet Peas were
the best ever received for
this time of year.

TUBEROSES

Double Flowering Tuberoses

One of the most beautiful and delightfully fragrant summer flowering bulbs, flowers are more conspicuously sweet scented than anything else in the garden. The flowers are double and are produced on stems 2 to 2 1/2 ft. long. They make a grand showing in the garden and are unexcelled for cutting and bouquets. Bulbs planted early in May will bloom in August, may also be started in pots for early blooms. Select bulbs: 3 for 40c; 12 for \$1.50.

Yucca

A tropical looking plant with long narrow leaves which remain green almost the entire year. Grows in close clumps and throw up a flower stalk 4 to 5 feet tall from which hang beautiful creamy-white bell-shaped flowers, often 50 to 100 on a spike. It remains in bloom a long time and may be classed as one of the best hardy ornamental plants. Does well even on poor dry soil. Each 30c; 3 for 80c.

YUCCA

Lily of the Valley

The Lily of the Valley is well known and will thrive and produce the handsome, fragrant flowers during spring and early summer. It does unusually well in shaded places, especially on the north or east side of your house. The flowers are well suited for cutting; a bouquet will sweetly perfume any room. They are perfectly hardy and will bloom in 6 to 8 weeks after planting. 6 for 40c; 12 for 75c; 50 for \$3.00.

Miss Mabel Jacobs, Mo. —
Have planted your
Sweet Peas for several
years; they are wonderful.

LILY OF THE VALLEY

Fancy Pompom Zinnias

SUPERB MIXED — These elegant Zinnias are suitable for beds, edgings or cut flowers. The plants grow very neat, compact and bushy and are loaded with the beautiful perfectly double flowers. The flowers are double as a rose and come in a variety of beautiful colors. This type of Zinnia has been greatly improved and is becoming very popular. Pkt. 8c; 1/4 oz. 35c.

Mrs. Herman Zabel, Wis. — Have used your Zinnia seed 15 years; have them in front of a white V-shaped picket fence and it is a perfect picture when in bloom.

POMPOM ZINNIAS

Christmas Kochia

A great improvement on the old variety, this new seed retains its beautiful color until late in the winter while the old variety turns brown in the winter. The bushes are a mass of dense live green in summer, while after frost they turn to rose, chart red and are highly ornamental after all other shrubs are dead and the effect of the color against the snow is certainly a beautiful sight. The plants grow to 4 feet high and very dense and symmetrical from the start. Pkt. 7c; 2 pkts. 10c; 1/4 oz. 15c.

HARDY FERNS

Hardy Ferns

Hardy native ferns are gaining wide popularity as their value is becoming better known. They are easily grown where other plants and shrubs do not succeed. Our plants are grown here in the North and are sure to be hardy anywhere in the U.S. Full cultural instructions sent with each order. Extra Large Plants; 3 for 65c; 6 for \$1.25; doz. \$2.25, postpaid.

HARDY FERNS

JUNG'S SUPER GIANT ZINNIA

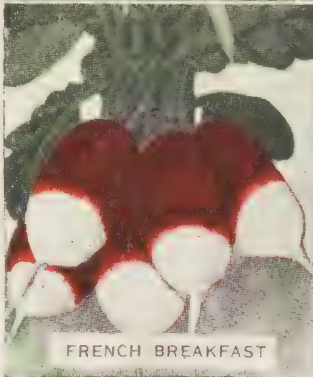

CHRISTMAS KOCHIA

Rainbow Flower Garden

Much time and care was taken in preparing the formula of this gorgeous flower mixture. It is made up of flowers suitable for bedding and bouquets, something that will be in flower from early summer until frosts. A bed or row of these flowers will be a bright spot in your garden all summer and also supply many beautiful bouquets. Only seeds of the highest quality are used in this mixture and the grand flowers it will produce will please and delight you beyond your fondest hopes. A pkt. contains sufficient seed to sow a row 30 to 40 ft. long. Pkt. 10c; 1/4 oz. 20c; oz. 60c.

WOOD'S EARLY FRAME

WINTER RADISH

CHINESE ROSE—This is a large and fine shaped Radish, growing partly above the ground. It is of a half long shape with a blunt point; rose colored skin, flesh pure white, solid as an apple. It has not the strong flavor of the Black Spanish and keeps equally as well. Pkt. 5c; oz. 10c; ¼ lb. 35c; lb. \$1.10.

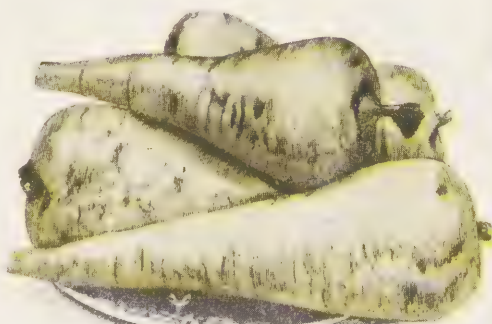

PARSNIPS

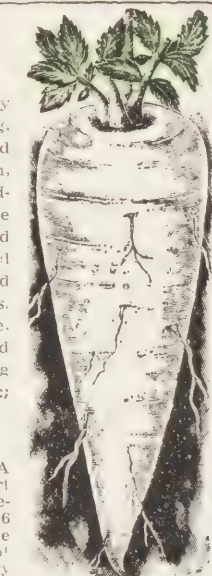

IMP. STUMP ROOTED

IMPROVED HALF LONG—This variety is an improvement on the old Hollow Crown forming roots thicker and shorter than that variety and is also more easily gathered. The flesh is white, of fine texture, free from core and stringiness and of the finest flavor when cooked. This parsnip is one of the heaviest croppers and we recommend it both for garden and field culture. Pkt. 7c; oz. 12c; ¼ lb. 30c; lb. \$1.10.

Edgar Hart, No. Car. — Always have satisfaction with Jung's seeds and plants.

IMPROVED HALF LONG

PRIVATE STOCK

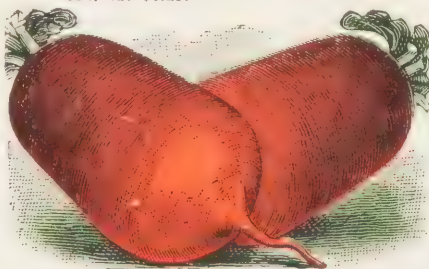

PRIVATE STOCK—This is a highly improved type of the Half Long, producing uniformly large and handsome roots of stocky form, heavy at the shoulders, well rounded, gradually tapering to the base so that they can be easily dug and if grown in properly pulverized soil the roots will be smooth and free from sideroots and wrinkles. The flesh is white, of fine texture, free from core and stringiness and especially fine flavored, cooking tender, sweet and rich. Pkt. 8c; oz. 15c; ½ lb. 25c; lb. \$1.25.

IMPROVED STUMP ROOTED—A very fine new Parsnip that is short and thick being easy to dig especially in heavy soils. Roots grow 6 to 8 in. long, and 3 in. thick at the shoulder. They are smooth and of attractive appearance. Flesh is very fine grained, sweet and tender. The earliest of all Parsnips. Very short crop, in pkts. only. Pkt. 10c.

EARLY HAILSTONE

EARLY HAILSTONE—The Earliest and Quickest Growing WHITE RADISH in Cultivation. It is ready for use from 15 to 18 days after sowing. The radishes are regular shaped, measuring 1 in. in diameter and about ½ in. in depth. Flesh is solid, crisp and of mild flavor. The foliage is unusually small. Pkt. 7c; oz. 15c; ¼ lb. 35c; lb. \$1.25.

CHINA ROSE WINTER

Crisp Tender Radishes

PERFECTION EXTRA EARLY—The most attractive white-tipped Radish. This variety is bound to become the most popular of the white-tipped varieties as it combines handsome appearance, quality and extreme earliness. The white tips extend nearly half way up the roots and the brilliant color of the tops shows up in strong contrast. For quality it is unexcelled as it is very crisp, tender and sweet. One of the best varieties to grow for market as well as for the home garden. Pkt. 6c; oz. 12c; ¼ lb. 30c; lb. \$1.00.

SELECT EARLY WHITE ICICLE—Long, slender, crisp, tender, mild and of purest white. Unexcelled as a money maker. It produces slender, pure white Radishes very early in the season, much earlier and finer in quality than any other long white variety. The shape is well shown in the illustration. The leaves are short and few, making it an excellent variety for forcing. It is of the best flavor and very brittle and crisp. The roots grow about 4 in. long and are ready for use in about 25 days after sowing. Pkt. 7c; oz. 15c; ¼ lb. 35c; lb. \$1.10.

SELECT EARLY WHITE ICICLE

SALSIFY

MAMMOTH SANDWICH ISLAND SALSIFY

One of the most delicious vegetables and also one of the most nutritious. The flavor is very sweet and highly esteemed whether boiled with butter or other suitable sauces, or sliced and fried, or used in soup. The new variety is superseding the old type, as it produces roots nearly double the size and weight and of equally good quality. Seed sown in the spring produces large, fine roots that may remain in the ground or may be dug and stored in sand or earth in November thus keeping plump and sweet to be used as desired during the winter. Mild and delicious in flavor. Pkt. 8c; oz. 25c; ¼ lb. 95c; lb. \$3.25.

MUSTARD

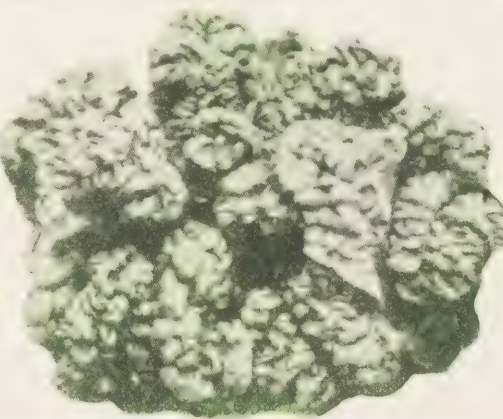

MUSTARD

GIANT CURLED—The leaves are large, light green with a tint of yellow, much crimped and frilled at edges. The plant is upright, or slightly spreading in growth. This variety is highly esteemed in the South for the market as well as the home garden on account of its vigorous growth, hardiness and good quality. Pkt. 7c; oz. 15c.

TURNIP CELERY

This is an excellent vegetable. It produces large, turnip-shaped roots which keep well for winter use. Highly esteemed either cooked in the same manner as other vegetables, for flavoring soups, or sliced and used as a salad. Pkt. 8c; ½ oz. 15c; oz. 25c.

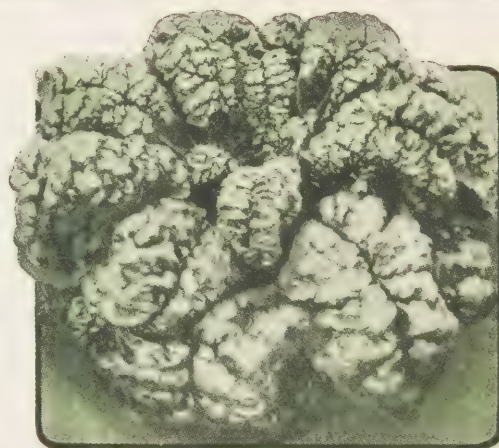

KING OF DENMARK

OKRA

WHITE VELVET—The long slender pods of Okra are very delicious when sliced and cooked in soups. While this is its chief use it can be boiled and served like other vegetables. The pods should be gathered while young as they are then very tender. Pkt. 5c; oz. 15c;

OKRA

LONG STANDING BLOOMSDALE

SPINACH

LONG STANDING BLOOMSDALE—Remarkable new Spinach that is far superior to all of the other kinds. Its great advantage is that it will stand 2 weeks longer before running to seed than any other kind. For productiveness and quality it is unexcelled. Pkt. 7c; oz. 12c; ¼ lb. 25c; lb. 90c.

KING OF DENMARK—This is a handsome variety, the leaves being of an exceedingly dark green color and has very long standing qualities. The foliage is heavy, the wide dark green leaves are wrinkled like a Savoy cabbage and are of the finest quality. It produces nearly twice the bulk of crop as the ordinary sort and will remain in prime condition for a very long time. Pkt. 8c; oz. 12c; ¼ lb. 30c; lb. 95c.

GIANT STRAIGHTNECK

MAMMOTH WHITE BUSH

Summer Squash

MAMMOTH WHITE BUSH—An early maturing bush summer squash which will bear throughout the season if kept picked. Squashes are pure white and of large size. Flesh is thick and of very fine quality. Pkt. 5c; oz. 15c; ¼ lb. 35c.

GIANT STRAIGHTNECK — A new highly desirable summer squash that is replacing the older crookneck type. It is easier to pick, will yield just as heavily and is of the same appearance as Giant Crookneck, the neck is heavier and gives more edible squash and is easier to prepare for the table. Pkt. 7c; oz. 15c; ¼ lb. 35c.

GOLDEN HUBBARD

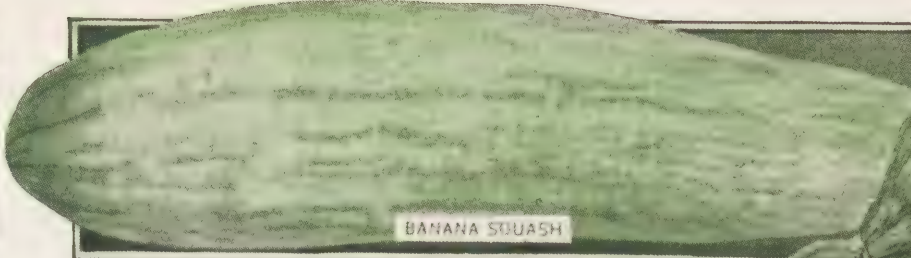

COCOZELLE

Cocozelle

The Most Delicious and Finest Flavored Summer Squash.

Of compact bush growth, the vines yield heavily of fruit averaging 14 in. long and 5 in. in diameter, dark green in color with the yellow and green stripings. Used when 10 in. long and perfectly green. Pkt. 7c; oz. 15c; ¼ lb. 40c; lb. \$1.50.

FIGHT SQUASH BUGS WITH OPTOX -- See Page 1

BANANA SQUASH

SUPERB WINTER SQUASH

The Great Banana Squash

Resistant to Bugs. Good Keeper. Superb Quality.

This squash is better shown in the illustration than we can describe it. It keeps equal to Hubbard, is fully as good in quality, more prolific and ripens earlier. The color is grayish green, shell soft so that it can be cut with a knife. It grows 18 to 30 in. long and 6 to 8 in. in diameter, many weighing 25 to 30 lbs.; flesh is very thick, deep orange in color, entirely free from fibre and stringiness. Cooks up perfectly smooth and of the most delicious flavor. Vines are very vigorous growers and more resistant to squash bugs than any other variety. Pkt. 8c; oz. 18c; ¼ lb. 50c; lb. \$1.95.

TABLE QUEEN—A squash that will suit the most exacting taste. Unexcelled for either baking or pies. If you want something in extra fine "eats" cut one of the squash in half, put in a lump of butter and bake; this serves one amply. It ripens early, will keep all winter and is so productive that a few hills produce enough for an average family. Pkt. 7c; oz. 15c; ¼ lb. 45c; lb. \$1.60.

IMPROVED HUBBARD—This is a superior selection of this famous variety and one of the best winter Squashes; flesh bright orange yellow; fine grained, very dry, sweet and rich flavored; keeps perfectly throughout the winter; boils or bakes exceedingly dry and is esteemed by many to be as good baked as a sweet potato. Our stock is most carefully selected with regard to quality of the flesh and color and wartiness of the shell but the latter peculiarities are largely determined by the soils in which the Squashes are raised. Our customers can plant this variety in perfect confidence that every fruit will be pure Hubbard. Pkt. 8c; oz. 18c; ¼ lb. 50c; lb. \$1.90; 5 lbs. \$9.25.

GOLDEN HUBBARD—An elegant Winter Squash. Flesh a deep golden yellow, much richer in color than Hubbard; fine grained, cooks very dry and is of excellent flavor. In keeping quality it has no superior. Its productiveness, combined with its sweet rich flavor, attractive color and shape are bound to make it a popular fall and winter variety. Golden Hubbard is a sport from the well known Hubbard which it closely resembles in every respect except in color, which is a bright, golden yellow. Pkt. 7c; oz. 18c; ¼ lb. 45c; lb. \$1.85; 5 lbs. \$9.00.

NEW DELICIOUS—For table quality there is no other Squash that can be compared with Delicious in sweetness and richness of flavor. Excellent for fall as well as for winter use, keeping until late in the spring. Fruits are of medium size, weighing from 5 to 10 pounds. The rind is dark green, mottled in lighter shades. The flesh is dark orange, very fine grained and thick. Pkt. 8c; oz. 20c; ¼ lb. 50c; lb. \$1.90.

TABLE QUEEN

IMPROVED HUBBARD

DELICIOUS

PERFECT MODEL

RUTA BAGAS

IMPROVED PURPLE TOP YELLOW—A hardy and productive variety, widely grown for market and stock feeding. It is of fine quality and keeps perfectly all winter and even into the following summer. Bulbs are large, smooth, round, and solid with a small tap root. Flesh richly colored, fine grained and very sweet. Pkt. 7c; oz. 12c; ¼ lb. 30c; lb. \$1.10; 5 lbs. \$5.25.

PERFECT MODEL—A highly improved Ruta Baga that is giving satisfaction wherever grown. A heavy yielder, flesh deep orange colored, sweet and fine grained, excellent for table use. It is globe-shaped, yellow skin with purple top and very short neck. An excellent variety to grow for market as they present such a handsome appearance that they sell readily. Pkt. 8c; oz. 15c; ¼ lb. 35c; lb. \$1.20; 5 lbs. \$5.50.

Earliest Garden Collection

14 Big Pkts. of the Earliest Vegetables for \$1.00

If you wish to have things in your garden very early, far ahead of your neighbors, plant this special collection. It is made up of our very earliest varieties of Northern Grown Seeds which are unexcelled for earliness, hardiness and productiveness. This collection contains 14 full sized packets as follows:

| | |
|----------------------------|------------------------------|
| BEANS—Top Notch Golden Wax | ONION—Giant Sweet Spanish |
| BEET—Early Wonder | PEAS—Extra Early Marvel |
| CABBAGE—Golden Acre | RADISH—Jung's Rapid Red |
| CARROT—First of All | PARSNIP—Jung's Private Stock |
| CUCUMBER—Earliest of All | SPINACH—King of Denmark |
| SWEET CORN—Ex. Ea. Fortune | SQUASH—Table Queen |
| LETTUCE—Earliest Wayahead | TOMATO—Jung's Wayahead |

If bought at regular catalog price the above would cost \$1.40 but as a special offer we will send the above 14 full sized packets of Earliest Seeds for \$1.00. Booklet of Culture Instructions free with each collection.

TURNIPS

PURPLE TOP WHITE GLOBE—This grows very quickly to large size; roots even and regular in form and of most handsome appearance. The bulbs will measure 6 inches and more in diameter, being of perfect globe form. The plants being of such large, strong growth should be thinned more severely than with small early sorts. This variety is very extensively used for market growing. Pkt. 7c; oz. 10c; ¼ lb. 25c; lb. 95c; 5 lbs. \$4.50.

GOLDEN BALL—Of the yellow or golden fleshed turnips this is the best variety. Roots grow quickly to good size, are smooth and very fine in appearance. Flesh is a rich yellow color, tender and mild in flavor; in fact we consider it the best turnip for table use. Pkt. 7c; oz. 12c; ¼ lb. 30c; lb. \$1.10; 5 lbs. \$5.25.

EXTRA EARLY WHITE MILAN—A very valuable sort largely used by market gardeners for first or extra early use. The quickest growing variety and under favorable conditions is fit for use in a few weeks after sowing. The roots are of medium size, of pure white color and very handsome appearance. Flesh is fine grained, sweet and of mild flavor. A splendid variety for both the home and market garden. Pkt. 7c; oz. 15c; ¼ lb. 30c; lb. \$1.10; 5 lbs. \$5.25.

GOLDEN BALL

PURPLE TOP WHITE GLOBE

CLIMBING TOMATO

Mammoth Russian Sunflower.

GIANT OXHEART

Jung's Northern Grown Tomato Seeds

We take pride in our tomato seed and are sure that it is unexcelled for quality. It is northern grown and will produce a crop that will ripen earlier, produce solid fruit and healthier plants than seed grown further south. It is folly to use cheap tomato seed for its takes only a few ounces to plant an acre.

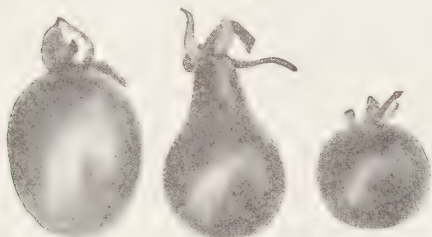

GIANT EVERBEARING—A wonderful tomato that commences to ripen early and continues to bear throughout the season, the later fruit is just as perfect as the first. It has been tried out in all parts of the U. S. and on different soils and always proved successful. The plants make strong vines that produce large numbers of fine tomatoes from each plant. The fruits are large, solid and smooth, free from cracks and ripen up evenly to the stem. Fruits are

a bright glossy red, flesh is solid, contains few seeds and is of exceptionally fine flavor. Choice seed of our own growing. Pkt. 8c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.50.

MARGLOBE or CORELESS—We consider this the most ideal main-crop tomato as it is wilt-resistant and produces a larger crop of large smooth fruits than any other variety. Marglobe is a beautiful scarlet globe-shaped tomato, fruits are very smooth, free from core and often weigh 1 pound each. We offer select seed of our own growing. Pkt. 8c; 1/2 oz. 30c; oz. 50c; 1/4 lb. \$1.50.

SUPER SELECT MARGLOBE or CORELESS—This seed has been saved from only the first or crown-set fruits. The plants were especially selected for producing large, early-ripening tomatoes. Pkt. 15c; 1/2 oz. 65c; oz. \$1.00; 1/4 lb. \$3.00.

JUNG'S GIANT CLIMBING—Enough tomatoes for an average family can be grown from a small space by planting this vigorous tomato and supporting the plants on a trellis or stakes. Vines will grow 6 to 8 ft. tall and bear tremendously. Fruits are very large in size, smooth, solid, deep red in color and ripen up evenly to the stem. May also be grown like ordinary varieties but be sure to give the plants plenty of room. Select seed of our own growing. Pkt. 10c; 1/2 oz. 25c; oz. 45c.

FANCY PRESERVING TOMATOES

FANCY MIXED PRESERVING—In a packet of this seed you will receive a fine assortment of the different small fruited varieties such as Red and Yellow Pear, Plum, Cherry and Peach. These tomatoes are all of unusually sweet, rich flavor and excellent for making preserves. As they are such prolific yielders a few plants will supply an average family. Pkt. 8c; 2 pkts. 15c.

Julia Hart, Wash.—I tried some of your potato eyes a few years ago and they produced some very fine potatoes.

SUNFLOWER

MAMMOTH RUSSIAN—Single heads measure 12 to 22 in. in diameter and contain an immense quantity of seed which is highly valued by all farmers and poultry breeders who have tried it as an excellent and cheap food for fowl. They eat it greedily, fatten well on it and attain a bright, lustrous plumage and strong healthy condition better than on almost any other food. It is the best egg producing food known. Every farmer should plant some of the seed in any waste piece of ground any time from early spring to the middle of July. Oz. 8c; 1/2 lb. 30c; lb. 45c; 5 lbs. \$2.00, postpaid.

TRUCKER'S FAVORITE

Mrs. G. C. Robertson, Wis.—I am perfectly satisfied with all your seeds, the packages have so much more seed than any other company I ever dealt with.

New Giant Oxheart

THE LARGEST OF ALL TOMATOES—Superb in Quality, Firm, Solid Flesh—If you wish to surprise your friends with truly large tomatoes plant Oxheart. Single fruits have been grown weighing 2 lbs. each. The fruits are oxheart shaped, deep pink in color and are almost all solid meat as they contain but few seeds. The size and quality of this new tomato will delight and please you. Pkt. 12c; 1/2 oz. 60c; oz. \$1.00.

TRUCKER'S FAVORITE—Very uniform in shape and size; thick, heavy and solid; one of the largest tomatoes grown. The fruits are of a purplish red or pink color, always smooth and fleshy. They hold their size to the very last picking and ripen well to the stem. The vines are not subject to blight or rust and produce enormous crops until killed by frost. Delightful in quality and flavor and unexcelled for slicing or cooking. As a dependable main crop Tomato, Trucker's Favorite cannot be beaten. Pkt. 8c; 1/2 oz. 25c; oz. 45c; 1/4 lb. \$1.40.

WHITE WONDER—A wonderful tomato which has creamy-white skin and flesh. The fruit is free of the usual acids and can therefore be enjoyed by persons who cannot eat red tomatoes on account of the acids they contain. The fruits are very firm and when cut open show a firm flesh. As a tomato for slicing or salads, it is unsurpassed. Be the first one to grow this new tomato and surprise your neighbors. We offer you choice seeds of our own growing. Pkt. 8c; 3 pkts. 20.

GOLDEN DWARF CHAMPION—The famous Golden Dwarf Champion owes its wide popularity to its stiff, vigorous growth, smooth fruit and fine color. Plants are bushy and compact with heavy dark green foliage. The tomatoes are always smooth, round and solid and of a beautiful lemon color. Nothing makes a more tempting dish than red and yellow tomatoes sliced together. This variety has an unusual flavor, especially fine for preserves as it does not require as much sugar as other varieties. Pkt. 8c; 1/2 oz. 25c; oz. 45c.

WHITE WONDER

GOLDEN DWARF CHAMPION

Albert Kosior, Whiting, Indiana—I had a beautiful garden from your seeds last year.

Northern Grown POTATO EYES

Northern Grown Potato Eyes

Many of our customers who wish to get some of our pure bred seed potatoes but do not feel like paying the express or freight charges on a small quantity can now try them out at small expense by planting our select Potato eyes. These eyes are cut from selected potatoes, and we guarantee them to reach you in good condition. In this way you can try our potatoes at very small expense as we pay all postage charges. We can supply our select hand cut eyes of the varieties listed below. No less than 100 eyes of any one variety. State when you wish same shipped.

EXTRA EARLY TRIUMPH—The most popular and widely grown extra early potato. Skin light pink in color, flesh is pure white and of the best cooking quality. 100 for \$1.25; 200 for \$2.25; 500 for \$4.25, postpaid.

SEBAGO POTATOES

"Sebago"

Blight Resistant Potato

This fine main-crop Potato is rapidly replacing such varieties as Chippewa, Katahdin and Rural as it is highly resistant to late blight and leaf hoppers and will produce a fine crop when others are near failures.

Size and shape of the tubers is very much like Chippewa being white, thin skinned and having few and shallow eyes. It is a very vigorous grower and as the plants set many tubers should be planted on good rich soil and should also be planted quite early. 100 for \$1.35; 200 for \$2.50; 500 for \$5.25, postpaid.

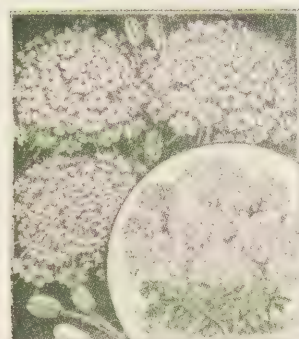

JUNG'S SCARLET GEM

Mrs. Carl Snuder, Wash.—Always planted your seeds while living in Wisconsin; flowers are my hobby and my garden is the talk of the town.

YELLOW CHRYSANTHEMUM

BLUE LACE FLOWER

FANCY MIXED CANDYTUFT

COCKSCOMB

JUNG'S SELECT FLOWER SEEDS

The same care and time used in growing our garden seeds also enters into the production of our flower seeds. They are grown from the most select stocks, carefully tested for germination, in fact you will find Jung's Flower Seeds to be equal to the best offered anywhere. With every order of 25c or more we send a booklet on growing flowers free.

ASTERS

JUNG'S SCARLET GEM — The most attractive of all Asters being a brilliant red. The flowers are large and full and are borne on a tall robust plant. Most effective for either beds or bouquets as their bright color makes them showy no matter where they may be placed. We know all of our customers will be delighted with it. Pkt. 10c; 1/4 oz. 50c.

JUNG'S RUFFLED GIANTS — Everyone is sure to admire these beautiful giant flowered Asters. The immense flowers are 5 to 6 in. across and rival Chrysanthemums for bouquets as they are borne on long stems and will last 10 days to 2 weeks if given fresh water. White, Rosy Red, Shell Pink, Violet, and Mixed. Pkt. 10c; 1 Pkt. of each color for 35c.

YELLOW CHRYSANTHEMUM — The rarest and newest Aster, being a delicate canary yellow, a new color that will be welcomed by every Aster lover. The flowers are of good size, remarkably full and double with centers well covered. Flowers are produced so numerous that a plant looks like a golden dome. Pkt. 10c; 3 pkts. 25c.

RUFFLED GIANTS

BABY GOLDEN GLOW

"GROWING FLOWERS"

You can have an abundance of flowers from early summer until frost by sowing Jung's select Flower Seeds and following the simple instructions in our booklet "How to Grow the Most Beautiful Flowers." Sent free, when requested, with all orders.

Blue Lace Flower

A beautiful and interesting annual which seems to have been lost sight of in the last few years. It blooms most profusely from July 'til November, plants grow about 18 in. high and have as many as 50 flowers open at one time, color an exquisite pale lavender. Pkt. 8c; 2 pkts. 15c.

Scarlet Runner Bean

SCARLET RUNNER BEAN — One of our fastest growing annual vines. Bears large clusters of showy bright scarlet flowers. Pods are tender when young and may be used like any pole bean. Both useful and ornamental. Large Pkt. 7c; 1/2 oz. 15c.

Candytuft

LITTLE PRINCE — This is a dainty and distinct Candytuft, the plant growing only about six inches high and bears immense spikes of snow-white flowers in great abundance. Pkt. 7c; 1/2 oz. 20c.

Candytuft

FANCY MIXED — These Candytufts are very profuse bloomers and come into bloom soon after sowing and remain in flower for a long time. May be sown in solid beds or used for edging or borders. Pkt. 7c; 1/2 oz. 15c.

Cockscomb

GIANT PRIZED MIXED — Wonderfully showy annuals producing crimson and yellow flowers or combs of immense size. Very easy to grow. Cut when partially open and dry in shady place and they make excellent winter bouquets. Pkt. 8c; 1/2 oz. 25c.

Clarkia

GIANT FANCY MIXED — For rare gracefulness and beauty few annuals will surpass Clarkias suitable for either the border or bouquets. They grow erect to a height of 2 ft. and the branches for their entire length are covered with double flowers resembling carnations or rosettes. Pkt. 7c; 1/2 oz. 20c.

SCARLET RUNNER BEAN

LITTLE PRINCE

CLARKIA

Butterfly Plant

GIANT FLOWERED MIXED — Wonderful showy plants having leaves like fern and blossoms like an orchid. The plants grow 1 1/2 to 2 ft. tall and are literally covered with the exquisite butterfly-like blossoms of almost every known shade and color. These flowers are of lasting substance and a plant in bloom makes a truly beautiful sight. They are easy to grow in the garden and will also make beautiful pot plants for winter flowering. Pkt. 12c; 2 pkts. 20c.

Ageratum

DWARF BLUE PERFECTION — One of our best summer blooming plants. They are rapid growers and bloom from early summer until hard frosts. Even in hot dry summer the beautiful, bright blue flowers are produced in abundance. Especially valuable for beds, borders and window boxes, the plants being of dwarf compact growth, 9 to 12 in. tall. Pkt. 10c; 1/2 oz. 25c.

Baby Golden Glow

A most charming annual growing about 15 to 18 in. high bearing scores of bright yellow flowers. Seeds should be started indoors; the plants will begin to bloom almost as soon as set in the open ground affording an unlimited supply of cut flowers. One of the best bedders. Likened to Golden Glow on account of color, shape and profusion. Pkt. 8c.

Balsam

DEFIANCE MIXED — A favorite quick growing annual. The plants form symmetrical well branched erect bushes about 2 feet high. The branches are well covered with beautiful double flowers. The colors include white, rose scarlet, crimson, purple, lilac and violet. Our strain of these is unsurpassed for size of blooms, doubleness and beauty of flowers. Pkt. 8c; 1/2 oz. 20c.

Baby's Breath or Gypsophila

GIANT PARIS MARKET — These hardy annuals produce feathery sprays of tiny, pure white star-like flowers that are highly esteemed for cut flowers as they lend a most graceful effect when combined in bouquets. Successive plantings should be made if you wish a supply throughout the season. Pkt. 5c; 1/2 oz. 15c.

Double Bush Balsam

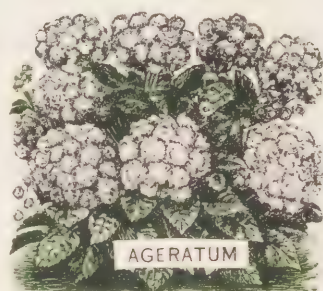

GARDENIA FLOWERED — A very beautiful new strain of Balsam. The flowers, very much like double roses, are produced in clusters on the tips of the stems and a bush in full bloom is a solid mass of color. You will be highly pleased with these grand Balsams. Our seed is a grand mixture of white, rose and red shades. Pkt. 20c; 3 pkts. 35c.

Fragrant Double Nasturtium

GOLDEN GLEAM — The most popular flower ever introduced, a double flowering, sweet scented Nasturtium of rare beauty. Plants make a strong growth; they commence to bloom early and remain in flower until hard frosts. The large, double golden flowers, 2 1/2 to 3 in. across, are borne on long stems and have a delightful odor. Pkt. 7c; 1/2 oz. 15c; oz. 25c.

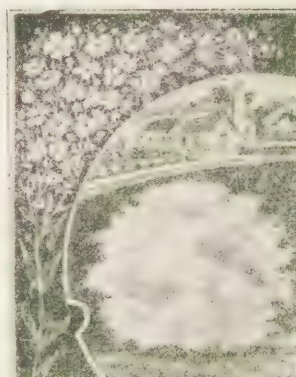

BUTTERFLY PLANT

AGERATUM

BALSAM

BABY'S BREATH

DOUBLE BALSAM

GOLDEN GLEAM

CASTOR OIL BEANS

Castor Oil Bean

Our fastest growing ornamental plant, very useful for backgrounds or the center of a large flower bed. They are very ornamental as the large broad leaves are glossy green or bronze in color, palm shaped and give a tropical appearance. Large Pkt. 7c; oz. 20c.

GARDEN PINKS

Garden Pinks

FAIRFIELD FINEST MIXED—These hardy annuals may be ranked among the fairest gems of our flowers as few can equal them in beauty or profusion of blooms. They are of the richest and most varied colors. They may be sown in the open ground when danger from frost is over and in a few weeks they are masses of bloom continuing so until frost. Our mixture includes the best single and double sorts. Pkt. 7c; 1/8 oz. 20c.

Dahlias

JUNG'S FANCY MIXED—The Dahlia still holds its place as "king of all outdoor autumn flowers" and they may be grown to the greatest perfection from seed blooming the first summer. As easy to grow from seed as the most common plant. Anyone can have a magnificent display of these regal beauties at very small cost. Continue to bloom profusely until severe frosts when the bulbs can be taken up and stored until spring. A superb mixture of the finest varieties. Pkt. 10c; 3 pkts. 20c.

Climbing Nasturtiums

JUNG'S GIANT CLIMBING—This mixture is absolutely unsurpassed. Nothing can excel the wealth, richness and variety of these Nasturtiums for trellis, window boxes or bush planting, nor surpass them in freedom and profusion of bloom. On good soil they grow 8 feet tall. Our mixture includes a wonderful diversity of colors, some are solid while others are beautifully mottled and striped. Pkt. 7c; 1/2 oz. 15c; oz. 25c.

Tulip Poppy

A very desirable hardy annual. Seed sown in May will produce plants that commence to flower in July and from then until hard frosts are in continual bloom. Flowers are tulip-shaped, of deep golden color and are the only poppy suitable for cutting, lasting fully a week. Pkt. 8c; 2 pkts. 15c.

Nicotiana

CRIMSON BEDDER—A splendid bedding plant being bright in color and remaining in bloom for a long time. Flowers are a deep rich red and very fragrant. Free flowering bushes grow to a height of 12 to 15 in. Pkt. 10c; 3 pkts. 25c.

Mignonette

BISMARCK—One of the grandest mignonettes ever introduced. It is remarkable for size, color, fragrance and profusion of blooms. Flower spikes are of giant size, measuring 6 to 8 in. long and fiery red in color. Very showy as the bright flowers contrast effectively against the deep green foliage. Pkt. 8c; 2 pkts. 15c.

FINEST MIXED—A fine mixture, grows rapidly and produces fine spikes of blossoms during the cool weather of spring and fall. Make a second sowing in August to furnish fall flowers. Pkt. 7c; 1/8 oz. 15c.

Hardy Sweet Pea

JUNG'S FANCY MIXED—The plants are hardy and increase in size and beauty from year to year. Vines may be trained on a trellis or allowed to cover rocks or other objects. Produces a mass of sweetpea-like flowers in clusters of 8 to 10 and come in shades of white, pink and deep rose. Pkt. 12c; 2 pkts. 20c.

CHINESE WOOLFLOWER

Chinese Woolflower

The plants average 2 feet in height branching freely, each shoot bearing a beautiful ball of wool in pink, yellow and scarlet. It flowers early and profusely and the heads of bloom mixed with fresh green foliage makes the plant look like an immense bouquet set in the ground. They continue to grow with a richness of color all summer and fall. Very much used for winter decorations. Pkt. 8c; 3 pkts. 20c.

HOLLYHOCKS

Annual Hollyhocks

INDIAN SPRINGS—Semi-double fringed flowers from delicate pink to rosy carmine, are freely produced on 4 to 5 ft. stalks the first season. Seed sown in March will bloom in August. Plants will live over winter and flower again the following year. Pkt. 10c; 2 pkts. 15c.

Everblooming Wonder Lily

A wonderful new hardy Lily that will bloom from seed the first year if started early. Flowers very much resemble Easter Lilies, being pure white inside, slightly tinged deep rose on the outside. They grow 3 to 4 ft. tall and often produce 10 to 15 flowers on a stem. Will increase in size and beauty from year to year. Pkt. 10c; 3 pkts. 25c; 2-Yr. Blooming Size Bulbs: Each 35c; 3 for \$1.00; doz. \$3.50.

Annual Poppies

JUNG'S SUPERB MIXED—A grand mixture of the best single and double Poppies in a wide variety of type and colors. Their brilliant colors will make a bright spot in your garden, they are easy to grow and will succeed under the most trying conditions. Pkt. 7c; 1/8 oz. 20c.

Dwarf Phlox

NANA COMPACTA MIXED—This splendid race of dwarf annual Phloxes cannot be over-praised for brightness and beauty. The plants are always lavishly covered with large flowers of the most brilliant hues. Nothing better for bedding purposes is listed in this catalog. Bushes are dwarf and compact, 6 to 8 inches high, forming dense masses of bloom all summer. The colors include pure white, deep and showy red with white eye and many other shades. Pkt. 10c; 1/8 oz. 40c.

Phlox Drummondii

GRANDIFLORA MIXED—This superb strain is notable not only for variety and brilliancy of colors but also for the perfection and size of the flowers. Many of the single flowers are so large that they will nearly cover a 50-cent piece. The colors range from pure white to deepest red or crimson while the clear eye of some of the flowers is peculiarly marked. Pkt. 8c; 1/8 oz. 35c.

Love-in-a-Mist

NIGELLA—A lovely free flowering annual suitable for either beds, borders or bouquets. The dainty blue flowers are borne on long stems, splendid for either beds or cutting. An unusually fine bed of flowers may be had by sowing these and California Poppies in the same bed. Pkt. 7c; 1/8 oz. 15c.

Pyrethrum

AUREUM—One of our most attractive and useful plants for borders and edgings. Grows 8 to 10 in. tall, foliage is an attractive golden color contrasting well with other green foliage plants. Pkt. 8c; 1/8 oz. 25c.

Satin Flower

An easy growing annual that rivals the Azalea for beauty of its fine rose-like blossoms. Seed may be sown in the garden and by July they are a complete mass of blossoms completely hiding the foliage. Blossoms shiny like satin, deep rose colored and remains in blossom a long time. Pkt. 8c; 2 pkts. 15c.

LAVATERA

EVERBLOOMING LILY

PHLOX DRUMMONDI

Nigella—Love-in-a-Mist

SATIN FLOWER

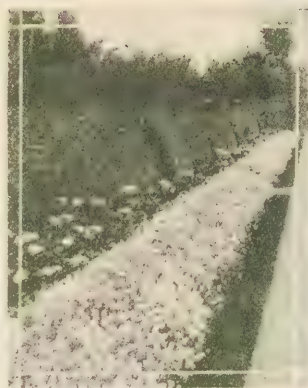

SALVIA BONFIRE

BRILLIANT SALVIA

BONFIRE—One of the finest Salvias and the grandest bedding plant known; single plants often carry 100 spikes measuring 10 to 12 inches in length. The flowers are of a brilliant, dazzling scarlet and from the time they begin to flower the plants are a continuous blaze of color until killed by frost. We know of no other flower that will equal the gorgeous effect of a row or bed of these Salvias when in full bloom. Why pay from 50 to 70 cents per dozen for these plants when you can raise at least 50 plants from a package of our seed. Pkt. 12c; 1/4 oz. 60c.

Snowdrift Stocks

An extra early strain of these popular annuals coming into flower 3 to 4 weeks before the other strains. Plants are covered with flowers from summer until hard frosts and as the flowers are produced on long spikes they are splendid for cutting or bouquets; very fragrant. Pkt. 10c; 3 pkts. 25c.

SWEET ALYSSUM

Sweet Alyssum

LITTLE GEM—Free flowering, handsome annuals for beds, edgings, etc. This variety is very dwarf and blooms profusely forming a mass of solid pure whiteness throughout the summer. Excellent for either beds, borders or edgings; try it once and you will always want it. Pkt. 7c; 1/4 oz. 20c.

STOCKS

VERBENA

Verbena

FAIRFIELD FAMOUS MIXED—We offer you a giant flowered mixture of these beautiful annuals. The trusses measure 9 to 12 inches in circumference and the individual florets on well grown plants measure 1 inch across. They bloom freely, are vigorous in growth and contain beautiful new colors and shades. A mass of bloom from July until heavy frosts. Pkt. 8c; 1/4 oz. 35c.

J. Wm. Brown, Pa.—Your flower seeds are wonderful, our folks were proud of our garden.

Sunflower

SUN GOLD—Grows 4 to 5 feet tall. Perfectly double. Color is the brightest golden yellow. The plants branch and afford fine stout stems for cutting. This gigantic Sunflower will be of great value for the hardy garden and herbaceous border. The flowers are so perfect in form that they resemble Chrysanthemums. Pkt. 10c; 3 pkts. 20c.

Sweet William

HARCP ANNUAL MIXED—The old favorite Sweet William as all know does not flower until the second year but this new strain will begin to bloom in 50 to 60 days from seed sown in the spring and will continue to blossom all summer. The flowers or heads are of large size, very fragrant and of various colors, white, crimson, rose-pink, etc., many of which are edged with white. Splendid for beds or borders. Pkt. 10c; 1/4 oz. 25c.

ANNUAL SWEET WILLIAM

SUNFLOWER

"Quality"

A great many items which you purchase today are either much higher in price or inferior in quality. This is not the case with Jung's Seeds, Plants and Shrubs.

We have spared no effort or expense to maintain "quality" and you will find that our prices are very reasonable. Our steadily increasing number of customers is the best evidence of the superior quality of the goods we send out.

Rev. H. E. Baalson, Minn.—We had fine results from all your seeds.

HARDY BIENNIALS and PERENNIALS

We offer a list of the most popular biennials and perennials, varieties that are easy to grow and sure to please.

HARDY CLOVE PINKS—Fancy Double Mixed—A grand new strain that rival carnations for beauty, free flowering and very fragrant. Flowers 1 1/2 to 2 in., and in a wide range of colors.

AQUILEGIA or HONEYSUCKLE—Giant Fancy Hybrids—By all means plant a few of these wonderful perennials, they are perfectly hardy and easy to grow. They grow strong, thrifty bushes and produce flowers of the largest size. We offer a select strain containing beautiful tints and color combinations, hardly two plants producing flowers that are exactly alike.

COREOPSIS—Grandiflora Mixed—These fine hardy perennials are sometimes called yellow daisies. The beautiful rich golden flowers are borne on long graceful stems. They flower for a long period of time and will blossom the first year if started early.

DELPHINIUMS—Fancy Blue Hybrids—These graceful flowers rank among the fairest gems of our perennial flower gardens. In color they may be compared to a clear blue sky, in fact they are the finest shade of blue to be had in flowers. Well established plant that should have a place in every border or garden. They are grand for cutting and very graceful for bouquets.

SHASTA DAISY—Giant White—You will be delighted with the size and beauty of these Giant Daisies. A great improvement over the common Shasta Daisy as many of the flowers are 4 to 5 in. across and produced on long stiff stems. Flowers are pure white and continue in flower throughout the season.

CHINESE LANTERN—This is a highly ornamental and interesting plant grown for its bright colored balloon-like fruits or husks that cover the bush in late summer or autumn. The fruits are about 1 1/2 in. in diameter, bright orange red when ripe and on account of their shape and texture are called "Chinese Lanterns." Branches with the fruits may be dried and make splendid material for winter bouquets.

HOLLYHOCKS—Double Rose Flowered Mixed—These are old time garden favorites but of late years are becoming very popular and well they may as they are the most majestic of the hardy flowers. They grow 6 to 8 ft. tall, for planting among shrubbery or backgrounds they are unequalled. We offer superb mixture of the best double flowering varieties.

GAILLARDIA

STOKESIA

LUPINES

CANTERBURY BELLS

FOX GLOVE

PLATYCODON GRANDIFLORA

CANTERBURY BELLS—Giant Flowered Mixed—These hardy biennials are old time favorites but are becoming more popular every year. They grow stately bushes 2 to 3 ft. tall and produce a profusion of the handsome bell-shaped flowers. They make a brilliant show and are well suited for either gardens, borders or mixed among shrubs. We offer a superb mixture.

FOX GLOVE—Mammoth Flowered Mixed—For stately beauty in the garden, tall border or among shrubs the Fox Glove stands supreme. Produces enormous spikes 4 to 6 ft. in height and flower heads are often 3 ft. long. Colors range from pure white and shell-pink to deep rose and many are beautifully spotted.

GAILLARDIAS—Giant Fancy Hardy—A very desirable and showy hardy perennial that should have a place in every border or garden. They thrive in almost any place and are a plant of beauty from spring until. Our strain will produce giant crimson and gold flowers that make unusual striking bouquets.

FANCY HARDY LUPINE—These beautiful hardy plants produce handsome bushes of green foliage from which arise in continuous succession the long stately spikes of sweet-pea shaped flowers. Spikes of bloom a foot long are produced on long stiff stems. Colors are both rich and delicate in white, blue and pink but offered only in mixture.

HARDY BLUE STOKESIA—A beautiful hardy plant that will do well in any sunny position. Bushes grow 2 to 3 ft. tall and blossom freely from June until September. Flowers measure 4 to 5 in. across, bright lavender-blue in color and being borne on long stems are invaluable for cutting.

PLATYCODON—Grandiflora Mixed—An extra good, very hardy and free flowering perennial. They form branching plants 1 1/2 to 2 ft. tall and produce large blue and white bell-shaped flowers. They remain in flower from June to October and will thrive in sunny or shady places. One of the best hardy perennials.

POPPIES—Iceland Mixed—Hardy perennials that bloom the first season. The fragrant elegant satin-like flowers are produced from June until October on cut flowers as they last fully a week. Our seed includes the most beautiful colors.

ICELAND POPPIES

HARDY CLOVE PINKS

CHINESE LANTERN

AQUILEGIA

COREOPSIS

SWEET WILLIAM

HOLLYHOCKS

SWEET WILLIAM—Giant Perfection Mixed—Popular hardy perennials that are splendid for beds or borders. They produce large heads of clusters of flowers in great profusion and having long stems they make fine bouquets. They produce masses of brilliant color and remain in flower a long time. We offer an extra select strain.

SPECIAL OFFER!

Any Perennials on this page: Pkt. 10c; 3 pkts. 25c; 6 pkts. 45c. One pkt. of each, 15 in all, for \$1.00.

JUNG'S WISCONSIN HYBRID CORN

Hybrid Seed Corn is one of our specialties and we spare no pains or effort to produce seed of the very highest quality.

Our parent or crossing stocks are obtained from the University of Wisconsin at which institution the hybrid corn breeding is under the personal supervision of Dr. Neal and Prof. Wright, two of America's outstanding hybrid corn specialists.

These men have spent many years in developing hybrid corn especially suited for the northern half of the corn belt.

Jung's Hybrid Corn enjoys an enviable reputation for high germination and ability to produce a large crop of sound corn which is high in feeding value and which will not spoil in the crib.

Our seed has the vigor to withstand cold soil when planted, stalks are strong and vigorous so they stand up and a strong root system enabling it to produce a crop even in dry weather.

Our Hybrid Corn is grown on our own farms under the supervision of trained men and receives expert attention from the time the seed is planted until it is graded and shipped to you in state sealed bags.

We use the most modern equipment in grading our seed corn so that it is uniform in size and you will have no trouble in planting, to further insure your crop, our corn is "Arasan-Slurry" treated which safeguards your crop against disease and adverse soil conditions.

We do not have an expensive advertising campaign or sales force to maintain, therefore, we can sell you Hybrid Seed Corn of top quality at a very reasonable price.

The fact that thousands of farmers are planting Jung's Hybrid Corn year after year is the best evidence that it is giving satisfaction, if you have not planted our seed corn before try a bushel or two this year and we are sure the results will be such that you will want more another year.

EARS OF HYBRID ENSILAGE BLEND

Jung's Wisconsin Hybrid Ensilage Blend

Will Fill Your Silo with Less Acres.
Giant Sized Ears. Tall Leafy Stalks.
Stands Up.

This is a special blend of several Hybrids that mature over a period of 10 days so that even if weather during pollination is very hot you will have well filled ears and tall leafy stalks. Stalks will be 9 to 10 ft. high and each stalk will produce a large, well developed ear. The stalks and leaves remain green for a long time, thus making a fine quality of ensilage. Those who had lodged corn the past season will appreciate a corn that stands up under adverse conditions like this corn did. Ears are 8 to 10 in. long and a rich golden yellow color. Yields of 60 to 75 bu. per acre have been frequent. Large Flat Kernels: Bu. \$9.50; Medium Flat Kernels: Bu. \$9.00; 5 bu. \$44.50. Select Graded Medium Rounds: Bu. \$6.75; 5 bu. \$32.50; Select Graded Large Rounds: Bu. \$5.75; 5 bu. \$28.00. Small Flats: Bu. (enough for 9 to 10 acres) \$7.75.

W-525 ONE OF OUR BEST HYBRIDS

W-464—THE GOLDEN GLOW HYBRID

We Offer These Excellent Wisconsin Hybrids

W-355—90 Day—This is probably one of the best and most widely grown Hybrids in the 90 day maturities. It is adapted to a wide range of soils and has shown up exceptionally well in test yields. Its medium tall stalks stand up unusually well, produce fine ears of medium length well filled with deep yellow kernels.

W-416—95 Day—Here is another unusually fine Wis. Hybrid suited for sections that must have an early maturing corn, or in many cases there are fields where for some reason planting is delayed until late in the season an early variety must be used. It is one of the best early maturing hybrids, ears are deep yellow, fine in appearance and remarkably large for so early a corn. Stalks grow 7 to 8 ft. tall, are very leafy and like all good hybrids stand up straight.

W-464—100 Day—This Hybrid is about the same maturity as early strains of Golden Glow and is especially suited for central Wis., Minn., and similar latitudes. If you wish to shred your corn you will find this variety will mature early and the stalks will cure out properly. Even though it ripens early it is a remarkably heavy yielder. Ears are 7½ to 8½ in. long, deep golden color and have 14 to 16 rows of deep kernels. It grows a strong vigorous stalk, 8 to 9 ft. tall, well supplied with foliage and has a strong root system; it will stand up and produce a fine crop even in hot dry seasons.

W-525—105 Day—This is one of the most widely grown Hybrids in the medium maturities, famous for its high yields year after year. We sell more of this than any other variety. Stalks grow 8 to 9

feet tall, stand up straight and practically every stalk bears a large ear. Ears are large and showy. It has proved to be a dependable heavy yielder of high quality corn.

W-606—110 Day—A very good Hybrid suitable for Southern Wisconsin, Minnesota, Michigan, Northern Illinois, Iowa and similar latitudes. Vigorous tall stalks produce long ears well filled with deep yellow grains. The heavy yield of large handsome ears which this variety produces will delight every farmer who plants this corn.

W-641-A—115 Day—This is our largest and heaviest yielding Hybrid. It grows a strong tall stalk 8 to 10 feet tall, well supplied with heavy leaves. Each stalk will produce a very large handsome ear and it does not take many to fill a bushel basket. Shells out unusually heavy as it has such a small cob. Especially suited for Southern Wisconsin, Michigan, Minnesota and also for Illinois, Iowa, Indiana, Ohio and similar latitudes.

JUNG HYBRID CORN PLANT

Roots like these go down into the soil, it enables the crop to withstand drought and also is insurance against lodging.

W-HYBRID 641-A

W-HYB RID 606

Jung's 1949 Hybrid Corn Prices

Our Hybrid Seed Corn is of exceptionally fine quality this year and of very high germination. However, we advise ordering early and also to give second choice so that your orders will not be delayed.

| | Pk. | Bu. | 5 Bu. |
|---------------|--------|--------|---------|
| Large Flats | \$2.75 | \$9.50 | \$46.50 |
| Medium Flats | | 9.60 | 47.00 |
| Small Flats | | 8.50 | 41.00 |
| Medium Rounds | | 6.75 | 37.75 |
| Large Rounds | | 5.75 | 32.75 |

BY PARCEL POST PREPAID: Lb. 45c; 3 lbs. \$1.00; 7 lbs. (enough for 1 acre) \$1.85. All prices subject to change.

Do not make the mistake of planting Hybrid Corn too thick. You will get larger ears and more bushels per acre if planted 3 kernels in a hill.

W-HYBRID 355

W-HYBRID 416

W-HYBRID 335

Extra Early Hybrid Corn - Wis. No. 335

Earlier Than Flint Corn. Heavier Yields.

We no longer offer Flint Corn as this Hybrid is even earlier, a far better yielder and is much easier to husk. Under normal conditions it will mature in 90 days and as it grows a tall stalk makes an excellent variety for areas where seasons are short. It is a reddish colored corn similar to the old "Smoky Dent" or Northwestern Dent. An excellent variety to plant for "hogging" down or for late planting, we are highly pleased with the yield of this corn as it is so much better than Flint. Lb. 45c; 3 lbs. \$1.10, postpaid. Not prepaid: Large Flats, pk. \$2.95; bu. \$10.25; Med. Flats, bu. \$10.35; Med. Rounds, bu. \$7.50; Large Rounds, bu. \$6.50.

Mrs. H. P. McCarty, Wis.—We are highly pleased with your Hybrid Corn.

F. Kadesch, Ohio—I have used your seeds for some twenty years and find them very satisfactory.

W. Luczka, N. Y.—Am very much pleased with your Hybrid Corn, can truthfully say that good seed from a reliable company is the best guarantee for good crops.

WIS. NO. 38 BARLEY

Northern Grown Farm Seeds

No other article will bring a farmer greater returns on his investment than planting the best seeds it is possible to purchase. It costs just as much to raise a poor crop as a good one and without good seeds the best land and cultivation cannot produce a good crop. The farm seeds we offer are uniformly of the VERY BEST GRADE, free from foul weeds and of high germination. The Earliness and Tremendous Productiveness of Northern Grown Seeds need no comment, they stand at the head of the list. No charge for bags, remember this when comparing prices. All prices subject to change.

It Pays to Treat All Seed Grain with Ceresan. See Page 36

Frank Chizek, Wis.—Was so well satisfied with the Oats I grew from your seed that now I will try the Barley also.

L. H. Oestreich, Wis.—I cannot resist telling you about the seeds I bought from you. The Oats yielded 120 bu. per acre and the Wheat 40 bu.

Edw. McCormick, Pa.—I have always had very good results from all seeds purchased from you; recommend them to all my friends and neighbors.

VICLAND OATS

WIS. No. 38 SMOOTH BEARDED BARLEY

The Coming Barley. Smooth Beards. Easy to Handle as Oats. Large Plump Kernels. Heavy Yielder. Why Grow the Old Bearded Variety Any Longer? This New Barley is Pleasant to Handle and Yields More. The beards are smooth and will not cling like the ordinary barley and for this reason will soon displace the rough bearded varieties. However, the smooth beards are not its only good characteristic; in a test conducted at the Wisconsin Experiment Station over a period of 4 years the Wis. 38 average yield was 54.6 bushels per acre. We have seed to offer this year that was grown on our own farms, is high in germination and free from foul weeds. Blue Tag Certified Seed: Lb. 35c; 3 lbs. 90c, postpaid. Bu. \$3.25; 2½ bu. \$7.50. State Tested Seed: Bu. \$2.75; 10 bu. \$26.50. Bags free.

HENRY WHEAT

New Wisconsin Wheat—"HENRY"

Resistant to Rust and Smut. Heavy Yielder. Large Plump Kernels.

This remarkably fine new wheat developed at the Wis. Experiment Station will probably become as famous in wheat as "Vicland" is with oats. Its principal advantages are its resistance to smut and rust and its high yields, in tests covering several years it has greatly outyielded the older varieties and it will probably be one of the most widely sown spring wheats here in the north central states.

It grows a strong stiff straw, stands up well and matures about 5 to 7 days after Vicland Oats. The kernels are much larger than most spring wheats and have good milling and baking qualities.

The certified seed we offer made the remarkable yield of 56 bu. per acre this past year, we have but a limited quantity of this wheat to offer. Certified Seed: Bu. \$4.50; bag (2½ bu.) \$9.75.

David DeLorm, Wis.—I always have good luck with your seeds and am passing my catalog to others.

BONDA OATS

WISCONSIN CERTIFIED SEEDS

When you purchase Wisconsin certified seeds you are getting first generation seed which was grown from foundation stocks supplied by the University of Wisconsin. These seeds must also pass rigid field inspections and must be free from foul weeds and mixtures of any kind. All of certified Barley, Oats, Soy Beans, Wheat and Hybrid Corn are Blue Tag Quality. This is your guarantee that you are getting seeds of the very highest quality, high in germination and purity, and free from all foul weeds.

SOY BEANS

Inoculate Soy Beans — See Page 36

Soy Beans are rapidly becoming one of our major crops as they can be used in so many ways. They are grown for hay, silage, and the cured beans. They are the only legume that can be grown on acid soil and build up the fertility. Prices subject to market changes.

WIS. MANCHU No. 606—An extra early variety developed at the Wisconsin Exp. Station at Spooner, Wis. Especially suited for Wisconsin and Minnesota where other varieties are too late. Grows a sturdy bush and is a remarkable good yielder. Blue Tag State Certified Seed: Lb. 35c; 3 lbs. \$1.00, postpaid. Not prepaid: Bu. \$4.35; 10 bu. \$42.00. Bags free.

WIS. ROX ORANGE SORGHUM OR SUGAR CANE

Probably the best sorghum or sugar cane of them all. Developed at the Wisconsin Experiment Station and bred for high sugar content. It grows a thick sturdy cane, produces a high quality syrup and more of it than any other variety. Owing to its unusual sweetness it is unexcelled for silage as it grows 8 to 10 feet tall. Select seed of our own growing: Lb. 40c; 3 lbs. \$1.10, postpaid. Not prepaid: 25 lbs. \$4.00; 100 lbs. \$12.50.

SOY BEANS

FIELD OF MINDO OATS (Note stiff straw and long heads)

The New "MINDO" Oats

This is one of the newer Bond crosses of Oats and the past season it was the heaviest yielder on our farms with a yield of 110 bu. per acre. It is resistant to root rot and also blight, smut and the most of the rusts which are prevalent in the north central states. It matures with Vicland, grows to about the same height and stands up very well. The kernels are white, slightly larger than Vicland and have a thin hull. We regard Mindo very highly and know you will make no mistake in sowing it. Blue Tag Certified Seed: 3 bu. (1 bag) \$7.50; 5 bags or more \$7.25 per bag. No charge for bags.

"VICLAND" The Famous Rust-Proof Oats

America's Most Popular Oats. Resistant to Rust and Smut.

Regardless of all the newer Oats that are being offered Vicland is still the most widely used variety. On our own farms we have now grown it for the past seven years and have had very high yields every year, frequently over 100 bu. per acre. It has a short stiff straw and is well suited for rich soils where other varieties lodge; it is resistant to both rust and smut. The kernels are medium in size, have a thin hull and usually weigh 36 to 39 lbs. per measured bushel. It will stand in damp or wet shocks for a long time without sprouting, a distinct advantage in wet seasons. Do not sow too thick, 2 bu. per acre is sufficient. Certified Ceresan Treated Seed grown on our own farms: 3 bu. (1 bag) \$6.25; 5 bags or more \$6.25 per bag. Fancy State Tested Seed (grown from certified seed): Bag (2½ bu.) \$4.25; 5 bags or more at \$4.00 per bag. No charge for bags.

"BONDA" The Heavy Yielding Oats

Immense Yielder. Heavy Weight per bu. Tall Stiff Straw.

Bonda is another of the newer Bond crosses and in tests made in Wisconsin it has the highest weight per bushels and also proved to be one of the strongest strawed of all varieties. It grows 8 to 10 in. taller than Vicland, has a remarkably strong straw and ripens 3 to 5 days later and outyields Vicland by 8 to 10 bu. per acre. A very good oats for combining as it can be allowed to stand until well ripened. The kernels are white with a very thin hull which accounts for its heavy weight per bu. Blue Tag Certified Seed: 3 bu. (1 bag) \$7.25; 5 bags or more \$7.00 per bag. Fancy State Tested Seed (grown from certified seed on our own farms): Bag (2½ bu.) \$4.40; 5 bags or more at \$4.30 per bag. No charge for bags.

CLINTON OATS

A very widely grown new variety that well deserves its popularity as it has remarkably stiff straw, yields very heavy and has a very high weight test, it is also resistant to rust, smut and root rot. It is medium early in ripening, grows 36 to 42" tall and straw is very vigorous and strong. Kernels are a bright golden yellow, thick and plump, very thin hulled and makes about the nicest appearing sample of oats we have ever grown. Blue Tag Certified Seed: 3 bu. (1 bag) \$6.75; 5 bags or more at \$6.50 per bag. No charge for bags.

Roy Willnow, Mich.—We have been sending to you for our seeds for 14 years and have been well pleased with the seeds; have never had a failure with any of them.

J. M. Foster, Colo.—Have planted your seeds for several years and find them truly wonderful. Our garden receives many flattering comments.

CLINTON OATS

JUNG'S NEW IMPROVED PROSO

The Great Emergency Grain Crop. Matures in 60 to 70 Days. Excellent Poultry and Hog Feed. Taller Straw. Large Heads. Bigger Yields.

This is a great improvement over the common hog millets as it is a special selection made at our seed farms for taller straw and large heads and also heavier yields. It makes an unusually good poultry feed and is equal to grain for live stock. Well suited for dry areas where barley and oats will not succeed; here in the middle west it can be sown as late as July 10th and still make a crop, we have had yields of 42 bu. per acre on our farms. Sow broadcast 30 to 35 lbs. per acre. Lb. 35c; 3 lbs. 95c, postpaid. Not prepaid: 25 lbs. \$1.95; 50 lbs. \$3.50; 100 lbs. \$6.90. Bags free.

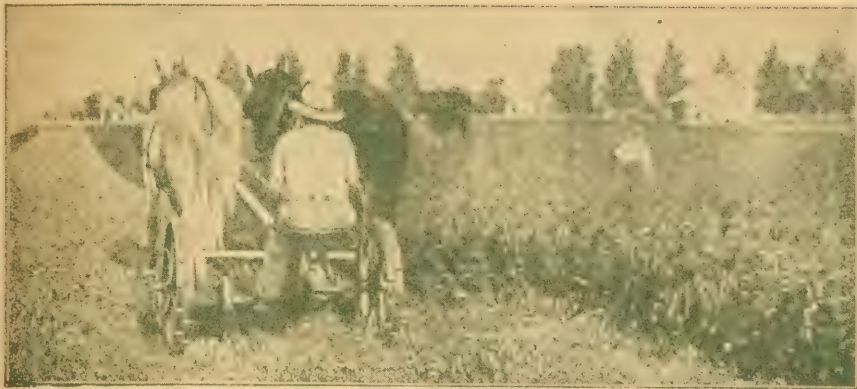

PROSO

Mrs. Clara Barkow, Wis.—Certainly am well pleased with all the shrubs from you, Roses, Lilacs and Spirea, also the very fast service.

ROX ORANGE

A SECOND CUTTING OF ALFALFA

ALFALFA THE GREAT HAY CROP FOR AMERICA

A clover-like leguminous plant of great importance as a hay crop; nutritious and rich in protein elements. It grows from 2 to 5 feet high and roots 8 to 12 ft. deep. It needs one season to become established; after that it yields enormous crops annually for years. Two to six cuttings per season, aggregating three to eight tons of cured hay are harvested, according to conditions and locality. It should be grown by every farmer and dairyman.

NOTE—All of the Alfalfa seed we offer is strictly select quality seed of the highest grade. It is plump, of high germination and free from foul weeds. Do not confuse this seed with second or screening grade often offered at "bargain prices."

HARDY CANADIAN—This is probably one of the most hardy strains of Alfalfa, the seed we offer was grown in Ontario, Canada, and should, therefore, survive any Wisconsin winters. You will find this strain to compare very favorably with the regular Grimm and it does not cost as much. Lb. \$1.00; 3 lbs. \$2.75, postpaid. Not prepaid: Pk. \$10.25; bu. \$39.50.

DRY LAND DAKOTA—This strain is practically as hardy as Grimm and is very popular here in the north where winters are severe. The seed we offer is of very high quality and was grown on dry land in the "Blackhills" region where winters are even more severe than in Wisconsin. Lb. 95c; 3 lbs. \$2.65, postpaid. Not prepaid: Pk. \$10.00; bu. \$38.75.

HARDY WISCONSIN—This seed is no doubt mostly all grown from Grimm seed but as the state of Wis. has no provision for certifying this seed it cannot be sold as such, however, the fact that it has withstood the hard winters long enough to produce a crop of seed is evidence that it is very hardy. The seed we are offering is very bright and plump and free from foul weeds.

Lb. \$1.00; 3 lbs. \$2.75, postpaid. Not prepaid: Pk. \$10.25; bu. \$39.25.

Why You Should Grow Alfalfa

It contains as much protein as wheat bran.

It does not exhaust but enriches the soil.

It produces from three to eight tons of hay to the acre.

One acre will pasture 20 hogs for 6 months.

Thirty-five pounds makes a full feed for fattening steers.

A lamb will winter and thrive on three pounds a day.

There is no state in the Union where Alfalfa cannot be successfully grown.

PLEASE NOTE—Alfalfa seed is a very short crop this year. In ordering please give first and second choice so that your order may be filled without delay.

It is always advisable to inoculate Alfalfa.

Fancy Recleaned Clover and Grass Seed

Clover is without any question the most popular and widely grown crop for hay, pasture and also for building up or enriching the soil. This season the price of the seed is very high but every farmer should sow clover liberally. In sowing clover nothing is more important than that the seed be pure and free from foul weeds.

FANCY WIS. MEDIUM OR RED CLOVER

This is the most popular and widely grown clover as it usually makes two crops a year. The first is usually cut when in bloom for hay; the second crop may be cut for hay, harvested for seed or pastured. This seed is very scarce this year, we have only a very limited stock to offer. Select fancy seed: Lb. 95c; 3 lbs. \$2.75, postpaid. Not prepaid: Pk. \$9.25; bu. \$34.75; 2½ bu. \$84.75.

FANCY ALSIKE CLOVER

The advantage of Alsike over Red Clover is its true perennial character and great hardiness. It will adapt itself to extremes of either wet or drought and will flourish on soils where red clover would not grow. It is also more leafy and does not have heavy stalks and for this reason makes a finer hay especially when sown with Timothy. Also excellent for pasture as it is very hardy and seldom winter-kills. Alsike is the only clover that will thrive and not kill out on low places. Fancy Seed: Lb. 80c; 3 lbs. \$2.10, postpaid. Not prepaid: Pk. \$6.50; bu. \$25.50.

FANCY MAMMOTH CLOVER

This is well known for its enormous yield and is largely used as a fertilizer to plow under green. It is very hardy and hardly ever freezes out. Also excellent for pasture as it produces so much forage. It produces very large crops of hay, 3 to 5 tons per acre. As a fertilizer to plow under green it has no equal; also excellent to sow with small grain for fall pasture, using from 4 to 6 lbs. per acre. Lb. 95c; 3 lbs. \$2.80, postpaid; not prepaid: Pk. \$9.50; bu. \$35.50. Bags free.

FANCY RECLEANED TIMOTHY

As a crop for hay TIMOTHY is probably unsurpassed by any other grass. It is highly relished by all kinds of stock, especially horses. It yields more nutritive matter than any other grass or forage plant. It is not suited for a permanent pasture as it will run out in the course of a few years. The largest crops of hay are raised on rich land. It is not suited for light, sandy soil so well as some other grasses. The most important point in the growing of TIMOTHY is the selection of GOOD SEED, POOR SEED, besides containing weed seed WILL NOT ALL GROW. Extra Fancy Seed: Lb. 45c; 3 lbs. \$1.25, postpaid; not prepaid: Pk. \$2.65; bu. \$9.95; 2½ bu. \$24.50. Bags free.

FANCY BROME GRASS

A vigorous growing grass well suited for dry soils as it roots deeper than most grasses. Well suited for hay or pasture, often used with alfalfa. Sow 18 to 25 lbs. per acre. Lb. 60c; 3 lbs. \$1.65, postpaid. Not prepaid: 25 lbs. \$11.00; 100 lbs. \$39.00.

V. C. Wilkinson, N.Y.—Seeds and plants purchased have grown fine, we are very much pleased with them.

The Wonderful Ladino Clover

Grows on Low Moist Soils. Makes Excellent Pasture. Equal to Alfalfa in Nutrition.

This sensational new clover may be sown on either upland or low moist soils where alfalfa or other clovers will not grow. Similar to White Dutch Clover but spreads by runners and grows much taller, the runners throw up leafy stalks the leaves resemble Red Clover in size and shape. Unexcelled as a green feed for poultry but for livestock pasture it should not be sown alone.

A recommended mixture for high ground would be 2 lbs. Red Clover, 1 lb. Alsike Clover, 1½ lbs. Ladino Clover and 6 to 7 lbs. Brome Grass. For low moist soils 2 lbs. Alsike clover, 2 lbs. Ladino Clover and 7 to 8 lbs. Brome Grass. Certified Seed: Lb. \$2.40; 5 lbs. \$11.00, postpaid. Not prepaid: 10 lbs. or more @ \$2.10 per lb. Select Uncertified Seed: Lb. \$2.00; 5 lbs. \$9.50, postpaid. Not prepaid: 10 lbs. or more @ \$1.85 per lb.

BUCKWHEAT

Giant American Buckwheat

Heavy Yields. Large Kernels.

A new variety of great merit, it grows a stronger plant and yields much larger crops than the older strains. Seed dark brown, also black, extra large in size and will command an extra price on the market. An excellent crop to kill out quack grass. Extra choice seed of our own growing: 3 lbs. 60c; postpaid. Not prepaid: Bu. \$3.00; 5 bu. \$14.50.

THE NEW SWEET SUDAN GRASS

This new variety was developed by the Texas Experiment Station in co-operation with the U.S. Dept. of Agriculture. Compared to the common Sudan Grass it grows a more vigorous plant, stools out heavier and has more and broader leaves. However, its greatest value is in its sweet and palatable leaves and stalks, when planted side by side with the common variety cattle will always eat down this new variety first, a sure indication of its higher feeding qualities. Lb. 45c; 3 lbs. \$1.25, postpaid. Not prepaid: 25 lbs. \$3.95; 100 lbs. \$14.50.

J. H. Walker, Ill.—Had the best luck with your seeds and plants of any I have ever had.

ALSIKE CLOVER

REED CANARY GRASS

REED CANARY GRASS

A very valuable pasture and hay crop suitable for low wet ground. Such land is almost worthless for ordinary farm crops but it can be made into some of your most productive land by sowing it to this crop. After once started it remains for many years; it will produce two cuttings of 3 to 4 tons of excellent hay, or may be pastured. It is very hardy, never freezes out and has successfully come through the recent drought years. It makes a very high quality hay, much better than Timothy, is highly relished by horses and cattle. Requires 5 to 6 lbs. seed per acre. Full planting instructions will be sent with every order. Lb. 70c; 5 lbs. \$3.25, postpaid. Not prepaid: 10 lbs. \$5.00; 25 lbs. \$12.00; 100 lbs. \$46.75.

DWARF ESSEX RAPE

It is ideal for sheep pasture and is now largely sown for cattle and hogs. It furnishes an immense amount of green feed on a small area. Under favorable conditions it is ready for pasturing in 6 weeks from the time of sowing and furnishes excellent feed throughout the summer and fall. Dwarf Essex Rape thrives best on good soil rich in vegetable matter. We handle the VERY BEST SEED which is always sure to give satisfaction. Lb. 45c; 3 lbs. \$1.25, postpaid. Not prepaid: 10 lbs. \$2.35; 25 lbs. \$5.50; 100 lbs. \$20.00.

TIMOTHY

BROME GRASS

TRANSPLANTONE

Increases Root Growth
Makes Strong and Vigorous
Plants
Bigger and Better Crops

This is a preparation of root forming hormones and Vitamin B1 and is especially valuable for treating both plants and shrubs when transplanting as it greatly increases root growth and plants thus treated will suffer very little set-back from transplanting. One ounce dissolved in water will make 10 gallons of solution, simple instructions will be found on every package. 1/2 oz. (enough for small gardens) 25c; 3 oz. \$1.00; lb. \$4.00.

GRAIN-O

This new formula of Graino is not only a seed treatment but is a disinfectant as well being a combination of hormones, vitamins and fungicides. Recommended for garden, farm and flower seeds as it helps germination, makes for more and stronger roots and plants will be more robust and thus produce bigger and better crops. Easy to apply and only requires about 1 1/2 oz. per bu. of seed. Pkt. (enough for the average garden) 25c; lb. \$3.50; 5 lbs. \$13.50.

TAT-ANTU (Formula 83) RAT POISON

So Powerful One Lick Kills Rats

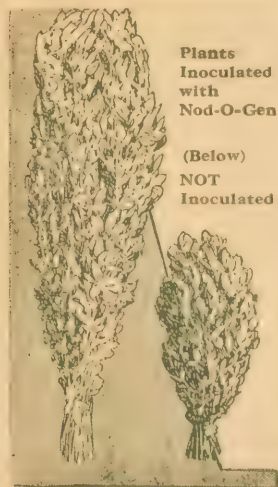

This amazing preparation contains ANTU the sensational new rat killing agent developed during the war. There is no longer any reason why you should have your premises infested with rats when you can rid yourself of these pests with this guaranteed remedy. Easy to use as it is put up in boxes containing bait and also the powder. It may be used with the bait, dusting burrows and runways or even dusted on water where rats come to drink. Full instructions are on each container. Size No. 2. Good farm size — Contains 4 oz. Feeding Bait and a package of the Concentrate Powder \$1.00, Postpaid.

Rid Your Lawn and Fields of Dandelions and Foul Weeds

This remarkable Weed Killer destroys weeds like Dandelions, Plantain, Chick Weed, Thistles, Poison Ivy, Poison Oak, Wild Mustard, Nettles and many others, it not only kills the tops but the roots as well. Will not harm the soil or sprayer, is harmless to animals and is not dangerous to handle. One spraying is usually enough to clean up all the weeds on your lawn as it kills the weeds but not the grass. Simply mix with water and spray on the lawn, full instructions on every package. 5 oz. (makes 30 gal.) enough for an ordinary lawn 90c; 1 lb. (makes 100 gal.) \$1.70, postpaid.

Write For Special Prices on Larger Quantities

DICKINSON'S HUMUS INOCULATION

Now you inoculate your alfalfa, clover, soybean or other legume seed without the use of water and still be sure of a growth of soil-improving root nodules as full and vigorous as was formerly possible to obtain only by the use of bottle or "jelly" type cultures.

Dickinson's New Humus Inoculation has been perfected after careful study and experiment in the country's largest commercial soil bacteriological laboratory. Each culture contains millions of vigorous root nodule bacteria living in a specially blended humus substance which can be mixed with the seed dry, just as it comes from the can. Every can contains plenty of culture material to fully inoculate the quantity of seed for which it is intended.

Full directions are printed on the label. No skill or experience is required to get good results with Dickinson's Humus Inoculation. It is safe and easy to use and produces sure results at a cost of only a few cents per acre. Only a few minutes are required to inoculate the seed which can then be sown immediately. Many growers now prefer Dickinson's Humus Inoculation because of the handy form and the ease with which it is used.

- No. 1—Alfalfa and Sweet Clover. Bu. 50c; 2 1/2 bu. \$1.00.

Jung's Wholesale Prices on Garden Seeds

As is the custom with most seedsmen we make special prices to market gardeners or those planters requiring seeds in large quantities. These seeds are of the highest quality being grown by us or growers who have made a specialty of producing high grade pedigreed seeds. Quality considered we believe you will find our prices very reasonable. Remember it costs more to produce good seeds but they are also worth more when the resulting crop is taken into consideration.

Without good seed the best land and cultivation cannot yield you a profitable crop.

Please Notice At the prices quoted on this page we do not pay shipping charges, please state on your order whether we should ship by freight or express. We cannot fill any orders at these prices unless it amounts to \$5.00 or more. All prices are subject to change.

NOTE — Half bushels may be ordered at bushel rates, half lbs. at lb. rates.

New Improved Semesan Jr. increased the yield on the average 3.55 bushels per acre. Only 4 ears, or 3 1/2 pounds of corn required to pay for this increase in yield.

Treat Your Seed Corn With NEW IMPROVED SEMESAN JR.

Diseases of corn, such as Ear, Root and Stalk Rots, that attack corn cause millions of dollars loss every year to the American farmer. Semesan Jr., not only holds these diseases in control but it also increases the yields from 5 to 10 per cent. We have found it extremely valuable for treating all of the corn we plant, especially when the soil is wet and cold, as it will prevent rotting of the seed. It is easy to apply to the seed by dusting 1 1/2 oz. to a bushel of seed. It only costs 3 to 5 cents per acre to treat your seed corn and we believe is one of the best paying investments any farmer can make. Ask for booklet on Treating Corn with Semesan Jr. 1 1/2 oz. pkt. 15c, 2 for 25c; 12 oz. can 65c; 6 1/4 lb. can \$3.75.

NEW IMPROVED CERESAN Will Increase Your Grain Yields

PREVENTS SMUT. INCREASES YIELD. LOW COST. Why grow smutty grain, which greatly reduces your yield, when for 2 to 3 cents per bu. you can treat your seed and prevent a loss. Very effective in preventing bunt or stinking smut on wheat, covered smut and stripe disease on barley and smut on oats. Also improves the stand and will increase your yield from 3 to 5 bu. per acre. Easily and quickly applied, requires no water, and will not bother in sowing after it is treated. A pound can will treat 30 bu. of seed grain. Full instructions on every can. 1 lb. can 90c; 4 lb. can \$3.25, postpaid.

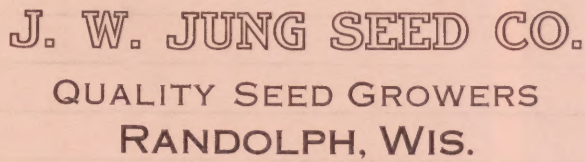

Treat Your Potatoes With New Improved Semesan Bel

Treat your seed potatoes with New Improved Semesan Bel. The quick dip treatment will take care of potato disease, especially rot and scab. One pound will treat from 60 to 80 bushels, which makes the cost of treating from 1 1/2 to 3 cents per bushel. Full instruction on every can. 2 oz. pkg. 30c; 1 lb. can \$1.75; 4 lb. can \$6.25.

JAPANESE BARBERRY

HEDGE PLANTS

Japanese Barberry

Colors Wonderfully in the Fall

One of our most desirable and useful hedge plants. They are easy to grow and are absolutely hardy and can be sheared to suit any taste. They grow very dense, are attractive deep green in summer and in the fall the foliage turns to glorious shades of yellow, crimson and gold; during the winter they are covered with bright red berries. This variety does not spread rust. **Strong bushy 2-year plants.** Each 25c; 12 for \$3.25; 25 for \$5.75.

Hardy Amoor River Privet

This is the well known hardy Privet and is well suited for planting here in the North where the California variety freezes out. They are almost like evergreens as the foliage retains its color and remains on the plant until well into the winter; also succeeds quite well in shady places. Very largely used for hedges or foundation plantings next to buildings; can be pruned or sheared to suit your fancy—the more you cut or prune the bushier and denser it will grow. Foliage is a deep glossy green and not subject to blight. **We offer strong 2-year transplanted plants of our own growing.** 3 for 60c; 12 for \$2.00; 50 for \$7.25; 100 for \$14.00.

AMOUR RIVER PRIVET

REGEL PRIVET

REGEL OR FERN PRIVET

A very hardy type abundantly supplied with dark green shiny foliage. Grows very dense; the branches grow horizontally, giving the shrub a very graceful appearance. One of our best shrubs for planting in front of taller shrubs, foundations, and entrances. **Strong 2-year plants.** Each 45c; 3 for \$1.10; 12 for \$4.00.

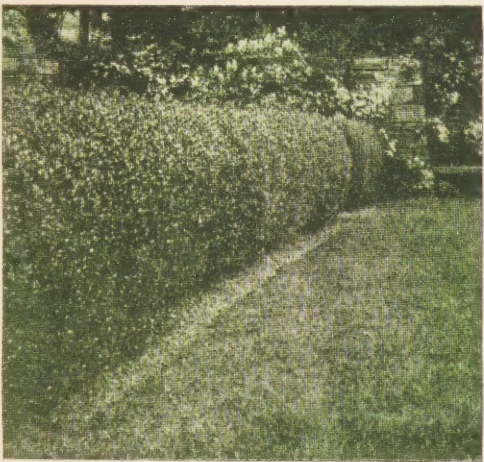

BLEEDING HEART

CHINESE ELM

for

Hedges and Windbreaks

These are the same as regular Chinese Elm except that they are heavily branched from the ground up and grown especially for anyone wishing a thick hedge or an effective windbreak. For a hedge set the plants 3 to 4 ft. apart; for windbreaks 5 to 6 ft. Do not confuse our plants with seedlings that are often offered at low prices as the ones we offer will give you results at once while seedlings require 3 to 4 years. **Strong 2-year 3 to 4 ft. transplanted plants.** 3 for 95c; doz. \$3.25 postpaid.

CHINESE ELM HEDGE

Giant Bleeding Heart

An improved type of the popular old fashioned favorite. The beautiful finely cut foliage and long showy branches of graceful heart-shaped pink flowers are always attractive. The plants are very hardy and may be used as borders or margins of shrubbery; also used quite extensively for cutting or bouquets. Does equally well in sun or shade. **Each 50c; 3 for \$1.25.**

French Pussy Willow

A highly improved variety that has created a sensation wherever shown. Branches of it have been selling during winter months for \$1.50 per doz. You can grow them on your lawn or back yard very easily; excellent for screens or backgrounds. Cut off the ends of the branches in February or March, place them indoors in a vase of water and soon the large silvery pink catkins, 1 to 2 in. long, will unfold. Will grow to a height of 8 to 10 ft. Very hardy and plants well supplied with attractive foliage. **Select 18-24 in. plants.** Each 50c; 3 for \$1.25.

PUSSY WILLOW

Snowberry

A SHRUB FOR SHADY PLACES

A valuable and desirable shrub with pink flowers which are followed by large white wax-like berries which hang on the plant through fall and most of the winter. Grows 2 to 3 feet high, very showy and succeeds almost anywhere. Of special value for planting in shady places where other shrubs will not grow. **Strong, bushy plants:** Each 45c; 3 for \$1.10; 12 for \$4.00.

SNOWBERRY

SPECIAL OFFER

Any three 45c shrubs or plants, Your choice for \$1.25; any three 50c shrubs or plants for \$1.35; any three 60c shrubs or plants for \$1.65, all postpaid. These shrubs or plants may be selected from any part of this catalog.

BUSH CHERRY

J. Donald Schutt N. Y.—The Chinese Elms from you grew fine, one grew 18 in. the first year.

HANSEN BUSH CHERRY

A Beautiful Useful Hardy Ornamental Shrub

A beautifully hardy shrub that is both useful and ornamental. The bushes grow 3 to 4 ft. tall and bear a fine crop of cherries that are especially fine for jellies and jam. Especially resistant to drought and makes a splendid ornamental shrub. Early in the spring they are a mass of white when in bloom, later they leaf out heavily with silvery green foliage which turns to red and gold in the fall. **Strong 2-year field-grown plants.** Each 50c; 3 for \$1.25; doz. \$4.25.

ANTHONY WATERER SPIREA

Anthony Waterer Spirea

The Best Everblooming Red Shrub

A popular and handsome shrub forming round bushes 2½ to 3 ft. in height and width, widely used for borders or planting in front of tall shrubs. Produces wide heads or clusters of rosy-red flowers and if flowers are picked off it will continue in bloom from early summer until late fall. **2-yr. plants.** Each 50c; 3 for \$1.25; 12 for \$4.50.

SPIREA V. H.

Spirea Van Houttei or Bridal Wreath

Hardy as an Oak, Profuse Bloomer, Sure to Blossom, Easy to Grow, Free from Insects and Disease

One of the best known and most useful shrubs as it succeeds everywhere. Fine for setting singly or among other shrubs, very largely used in all landscape work. It forms a round and graceful shrub with drooping or arched branches which in June are completely covered with snow white blossoms. Will fit in wherever graceful effect is desired and always gives satisfaction. **Strong 2-yr. Plants.** Each 45c; 3 for \$1.10; 6 for \$1.85; doz. \$3.25.

Beautiful Red Toned Iris

Not many people are aware of the wonderful progress that has been made with Iris in recent years, especially in red shades. So that you may have a fine assortment of the red-toned varieties we will send you a collection of

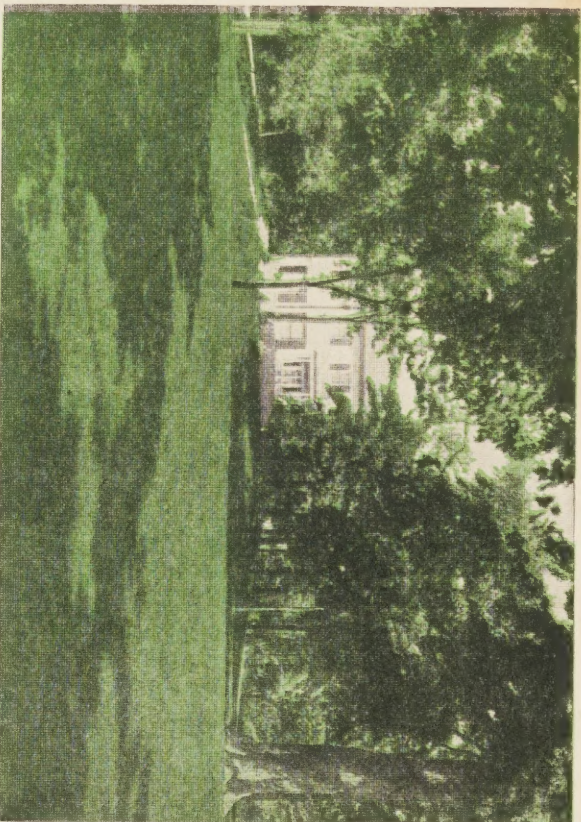

5 RED IRIS for \$1.25

These are large, select plants; many of them sold for \$2.00 each only a few years ago. Each plant labeled.

Iris plants shipped during July and August

RED IRIS

JUNG'S FAIRFIELD SPECIAL LAWN GRASS

JUNG'S FAIRFIELD SPECIAL LAWN GRASS

Always Grows, Always Thrives, Hardy Deep Velvety Green, Sure to Please
Our mixture combines the very best varieties of grasses, suitable for the purpose of making a lawn beautiful in appearance, durable and lasting, deep green at all seasons. The seed used is **PURE AND HEAVY**, and is especially cleaned. This mixture weighs from 25 to 27 pounds per bushel, is of strong vitality and makes a quick healthy growth. One pound of our seed weighs as much as two quarts of other seedmen's brands. It contains the right quantity of White Clover but no Timothy or other cheaper grass seed. Nothing better to be had. **Lb. 75c; 5 lbs. \$3.50, postpaid. Not prepaid: 25 lbs. \$15.50; 50 lbs. \$29.75; 100 lbs. \$59.00.**

SHADY SPOT LAWN GRASS

This is a mixture carefully prepared for sowing under large trees and other heavily shaded places where ordinary grass will not thrive. **Lb. 85c; 5 lbs. \$4.00, postpaid.**

FANCY WISCONSIN WHITE CLOVER

For some lawns, especially in poor clay soil, it is advisable to use White Clover liberally. For renovating old lawns it is especially valuable as it takes hold where other grasses fail. **Fancy Seed. 1/4 lb. 35c; 1/2 lb. 60c; 1 lb. \$1.10; 5 lbs. \$5.25, postpaid.**

PREPAID DELIVERY

Except where noted, we prepay all delivery charges on seeds, plants, shrubs and bulb. Please remember this when comparing prices.

Jung's Giant Red Peony

If you can have but one Peony plant, let it be this grand variety. Flowers are very large, fully double and a bright live red with no trace of purple. Very free flowering and if cut when in bud will last a week or more indoors. A plant of this fine peony when in full bloom will make a grand sight on your lawn or in your garden. **Strong 3 to 5 eye plants. Each 65c; 3 for \$1.75.**

NEW PEONY

"SOLANGE" - The Regal Beauty

Its high rating of 98 should convince every flower lover that Solange is a choice Peony. The flowers are truly giant in size, often 6 to 7 in. across, double rose-type and are borne so profusely that a plant in full bloom is covered with flowers. Flowers are a delicate soft cream. A rare beauty and the nearest "yellow" Peony to be had. **Strong plants: Each 75c; 3 for \$2.10.**

Scarlet Climber Rose

The size of flowers profusion of bloom and dazzling red color makes this one of our most gorgeous climbing roses. The flowers are large in size, very double, and are borne in clusters of 5 to 8 flowers; as they are produced on long stems they are well suited for cutting and bouquets. **Strong 2-year field-grown plants. Each 75c; 3 for \$2.10.**

SOLANGE PEONY

JUNG'S GIANT RED PEONY

MOUNTAIN ASH BERRIES

MOUNTAIN ASH

ORNAMENTAL SHADE TREES

Chinese Elm

A new elm which is becoming very popular as it is one of the rapid growing shade trees. It is a fine shaped tree, extremely hardy, and will thrive in dry sections. Well suited for either shade or street trees. Our trees are transplanted with plenty roots, sturdy trees, no spindly seedlings as are often offered at low prices. **Strong transplanted 4-5 foot trees. Each 45c; 3 for \$1.25; 12 for \$4.50, postpaid.**

Mountain Ash

A hardy, medium-sized tree of unusual beauty with graceful fern-like foliage. The clusters of white flowers in the spring are followed by large clusters of bright showy red berries. Foliage turns to beautiful orange and red in the fall. An unusually fine ornamental and shade tree. **3-4 foot trees. Each 85c; 3 for \$2.25, postpaid.**

Lombardy Poplar

A widely used slender-growing tree suitable for planting along drives and boundary lines; also useful for wind-breaks and tall screen hedges. Well supplied with bright green foliage with silvery appearance on under side. Makes a rapid growth and is very hardy. **Strong transplanted 4-5 ft. trees. Each 50c; 3 for \$1.10; 12 for \$4.00 postpaid.**

Weeping Willow

A graceful tree that grows to large size, is very hardy and will grow in either moist or dry ground; is also a rapid grower. The long, slender drooping branches are well supplied with narrow green leaves. The bright golden yellow bark is very effective in landscape even when not in leaf. **4-5 foot trees. Each 60c; 3 for \$1.50.**

NOTICE

Owing to the extra expense of filling and packing plants and shrubs we cannot accept orders for these items unless they amount to \$1.00 or more. With every order we include free a booklet of instructions on how to plant and care for Bulbs, Plants and Shrubs.
